Schedule of payments of grants, contributions and subsidies, and for supplies or services and fixed assets 185

SCHEDULE OF PAYMENTS

PREAMBLE

This Volume discloses the Combined General Fund and Special Funds (Consolidated Revenue Fund) expenditure by payee or program in the following categories:

- Salaries and Indemnities paid to Members of the Legislature.
- Salaries, Wages and Travelling Expenses by Ministries.
- Supplies or services, and purchases of fixed assets listed by payee where the total payments are $5,000 or more.
- Grants, Contributions and Subsidies made to Municipalities, School Districts, Hospitals, and others where the total payments are $2,000 or more. (It should be noted that this schedule includes payments made to third parties for services rendered under a grant program, such as payments to pharmacies under the Pharmacare Program and payments to suppliers under the GAIN Program.)

AUDITOR'S REPORT

To the Chairman and Members of the Board of Directors of the British Columbia Assessment Authority, and

To the Minister of Finance
Province of British Columbia:

I have examined the balance sheet of the British Columbia Assessment Authority as at 31 December 1983 and the statement of revenue, expenditure and surplus for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Authority as at 31 December 1983 and the results of its operations for the year then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

BRITISH COLUMBIA ASSESSMENT AUTHORITY
NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 1983

1. THE AUTHORITY

Section 8 of the Assessment Authority (R.S.B.C. 1979, chap.22) Act describes the purpose of the Authority very succinctly as follows:

> "The purpose of the authority is to establish and maintain assessments that are uniform in the whole of the Province in accordance with the Assessment Act."

2. SIGNIFICANT ACCOUNTING POLICIES

These financial statements have been prepared in accordance with generally accepted accounting principles.

Fixed assets are stated at cost. Depreciation is provided on a straight line basis using the following annual rates:

Building	5%
Furniture and equipment	20%
Motor vehicles	20%

3. FIXED ASSETS

	1983			1982
	Cost	Accumulated Depreciation	Net	Net
Land	$ 178,000	$ -	$178,000	$178,000
Building	223,249	91,705	131,544	142,707
Furniture & equipment	1,810,808	1,589,730	221,078	321,230
Motor vehicles	817,664	501,876	315,788	249,174
	$3,029,721	$2,183,311	$846,410	$891,111

BRITISH COLUMBIA ASSESSMENT AUTHORITY
NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 1983

4. EMPLOYEES' PAST BENEFITS

Relevant to the formation of the British Columbia Assessment Authority, the Authority has negotiated an agreement with those designated employees whose previous working agreements contained clauses which called for payout of certain benefits upon the death, retirement or termination of the employee. Based on current salary rates, the employees' past benefit entitlements are estimated to be $758,926 at December 31, 1983 (1982: $848,954). Past benefit entitlements are charged as expenditures in the year they are paid.

5. PROVINCE OF BRITISH COLUMBIA GRANT

The Authority, under Section 15 of the Assessment Authority Act, is entitled to receive from the Province of British Columbia an operating grant determined by multiplying the Authority's operating costs for its immediately preceding fiscal year, by a percentage fixed by order of the Lieutenant-Governor in Council.

6. TAX LEVIES

The Authority by by-law, and subject to the prior approval of the Lieutenant-Governor in Council, each year imposes and levies a tax upon all taxable property in the Province. A copy of this by-law is forwarded to the Tax Collector of every municipality in the Province and to the Surveyor of Taxes so that the taxes so levied will be placed on the tax rolls. The proceeds of the taxes so levied and collected by the municipalities or the Minister of Finance constitute the Authority's tax levies revenue.

Under Section 15(4) of the Assessment Authority Act the Authority's annual tax levies are to be "at a rate sufficient to maintain the operating fund." The operating fund is defined under Section 15(3) as "the total amount required to meet the annual operating and capital expenses of the Authority." Section 15(4) further specifies that in determining the rate of taxation to be levied "the Authority shall take into account the amount of the annual operating grant."

Based on the above formula, the mill rate levied on taxable properties in the Province of British Columbia was 1.399 for 1983 (1982: 1.199).

BRITISH COLUMBIA ASSESSMENT AUTHORITY
NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 1983

7. FINANCING

Under Section 16(4) of the Assessment Authority Act, the Authority may "pending receipt of the proceeds of the taxes, borrow an amount not exceeding the proceeds of the taxes...and the loan shall be repaid from the proceeds of the taxes."

The total borrowings by the British Columbia Assessment Authority were $18,778,000 in 1983 (1982: $18,874,000).

8. COMMITMENTS

The Authority is committed to make the following payments on buildings, equipment and motor vehicles leased for periods of more than one year:

1984 -	$1,376,601
1985 -	832,835
1986 -	421,657
1987 -	274,038
1988 -	164,894
1989 - 1990	131,230
	$3,201,255

Auditors' Report

To the Lieutenant-Governor-in-Council
Province of British Columbia

We have examined the balance sheet of British Columbia Buildings Corporation as at March 31, 1984 and the statements of income, retained earnings and changes in financial position for the year then ended. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as we considered necessary in the circumstances.

In our opinion, these financial statements present fairly the financial position of British Columbia Buildings Corporation as at March 31, 1984 and the results of its operations and the changes in its financial position for the year then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Notes to the Financial Statements

March 31, 1984

1. Accounting Policies

(a) Capitalization of Costs
Real estate investments and corporate properties and equipment are recorded at cost less accumulated depreciation or amortization. In addition to land and direct development and construction costs, amounts capitalized as real estate investments include interest, property taxes, carrying and other related costs and the applicable portion of general and administrative expenses.

(b) Recognition of Revenue
The Corporation recognizes property income on a project basis at the earlier of 70% of occupancy or substantial completion. Prior to this date, any revenue earned on a property is deducted from the cost of construction.

(c) General Borrowings and Related Interest Charges
The interest on general borrowings attributable to income producing properties under construction and land held for and under development is added to the cost of these assets, and the interest on general borrowings attributable to all other assets is expensed in the period to which it relates.

(d) Depreciation and Amortization
Real estate investments and corporate properties and equipment are depreciated or amortized on an individual basis by the straight-line method over their estimated useful lives or lease terms. The Corporation does not anticipate any salvage or residual values in setting its depreciation rates. Depreciation is prorated by month in the year of acquisition or disposal.

The estimated useful lives or lease terms of income-producing and corporate properties are between five and forty years. The estimated useful lives of all other assets are between three and ten years.

(e) Income Taxes
The Corporation is exempt from Federal and Provincial income taxes.

(f) Sinking Funds
Payments made to sinking funds with respect to retirement provisions of sinking fund bonds and debentures are netted against long-term debt until such time as the bonds or debentures are redeemed and cancelled. Interest earned on the sinking funds is treated as interest income with a corresponding increase in the sinking funds.

(g) Amortization of Debt Discount and Issue Expenses
Debt discount is amortized by the effective rate of interest method and issue expenses are amortized on a straight-line basis, both over the terms of the applicable notes.

(h) Foreign Exchange
During the year, the Corporation adopted the recommendations of the Canadian Institute of Chartered Accountants for foreign currency translation. Pursuant to these recommendations, monetary liabilities are translated at the rate in effect at the balance sheet date unless covered by forward exchange contracts, in which case they are translated at contract rates. The related interest expense is translated at average rates for the year. Unrealized foreign currency gains or losses on long term monetary liabilities are reported as a deferred charge or credit and amortized over the remaining terms of the related liabilities on a straight-line basis. This change is not being applied retroactively because the effect of restatement is not significant.

2. Income-Producing Properties

British Columbia Buildings Corporation

Notes to the Financial Statements

March 31, 1984

---

5. Investment in British Columbia Place Ltd.

The Corporation owns the only outstanding share of British Columbia Place Ltd (B.C. Place) and has an equity investment of $205 million in that company. B.C. Place is a British Columbia Crown corporation which is developing a major site at False Creek in Vancouver, including B.C. Place Stadium which became fully operational in June 1983. Its summary financial statements are as follows

British Columbia Place Ltd.
Balance Sheet

	March 31 1984	1983
	$000's	
Assets		
Land and development costs	**144,974**	109.635
Stadium	**124,244**	110.574
Other assets	**17,633**	7.714
	286,851	227.923
Liabilities and Equity		
Accounts payable and accrued liabilities	**16,462**	22.923
Notes and debentures payable to the Province of British Columbia	**65,551**	–
Equity investment by shareholder, British Columbia Buildings Corporation	**205,000**	205.000
Deficit	**(162)**	–
	286,851	227.923

Statement of Stadium Operations

	Year ended March 31, 1984
	$000's
Revenues	**7,192**
Expenses	**4,968**
	2,224
Depreciation and amortization	**2,386**
Loss	**162**

The accounting policies of B.C. Place are consistent with those of the Corporation except for depreciation of the Stadium structure costing $101 million which is on the sinking fund method.

Under the British Columbia Place Act, the rights of the shareholder of B.C. Place are exercisable by the Minister of Finance for British Columbia and, accordingly, the investment is accounted for in the Corporation's accounts at cost. Any future dividends declared by B.C. Place will accrue to the Corporation and will be included in income.

Sinking funds on deposit with the Minister of Finance, Province of British Columbia relating to long-term debt of $243,041,000 (1983 - $224,957,000)			**(21,857)**			(15,415)
			489,719			476,794

Coupon rates on the long-term debt range from 3.25% to 15.69%

The United States currency debt was translated to Canadian currency at the exchange rate prevailing at March 31, 1984, increasing the liability by $1,283,000

At the option of the Minister of Finance for Canada, Sinking Fund Debentures with an aggregate principal of $165,041,000 maturing between 1997 and 2003 may be called prior to maturity under certain conditions on six months written notice

The Province of British Columbia has unconditionally guaranteed the principal and interest on all long-term debt issued by the Corporation

Issue during the year ended March 31, 1984

Series	Coupon Rate	Maturity Date	Principal

Properties returned to the Province, net	**(673)**	(12,367)
Balance, end of year	**62,427**	63,100

13. Commitments

The Corporation estimates that the cost to complete projects under construction will be $24,000,000 of which $8,000,000 has been committed

The Corporation has entered into leases with third parties to provide space for its client ministries and its head office for varying periods up to the year 2003, at a total aggregate net rental of approximately $152,000,000. Most leases are for between five and ten years and include renewal options

Minimum annual lease payments which will be charged to operations in subsequent years, for leases in effect at March 31, 1984

Interest earned	**2,708**	4,309
	17,298	18,710
	56,584	37,657

The Province of British Columbia has agreed to provide assistance of up to $10 million per annum towards the interest expense incurred by the Corporation in connection with its investment in B.C. Place, until the earlier of 1992 or such time as the cash flow to the Corporation from its investment exceeds the related interest expense

15. Related Party Transactions

The Corporation is incorporated under the British Columbia Buildings Corporation Act as a Crown corporation of the Province of British Columbia, and is an agent of the Crown.

The Corporation received 96% of its total revenues from Provincial Government ministries. These revenues consist primarily of rents that are determined with reference to market, however, in such cases where comparable market rates do not exist, rents are based on the amortization of the capital costs

During the year ended March 31, 1984, the Corporation acquired additional properties from the Province and its agents. These properties had an aggregate value of $1,323,000 which was determined by reference to market values

AUDITORS' REPORT

The Lieutenant-Governor in Council
Province of British Columbia

We have examined the balance sheet of British Columbia Cellulose Company as at December 31, 1983 and the statements of earnings and retained earnings and changes in financial position for the year then ended. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as we considered necessary in the circumstances.

In our opinion, these financial statements present fairly the financial position of the company as at December 31, 1983 and the results of its operations and the changes in its financial position for the year then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Coopers & Lybrand

BRITISH COLUMBIA CELLULOSE COMPANY

NOTES TO FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 1983

1. OPERATIONS

The company is investigating the feasibility of an experimental wood operation, using poorer quality timber and residual waste from cedar manufacturing. During the year the company continued to work on this project and some initial wood processing is now taking place. Professional fees for cruising and engineering on the company's experimental timber sale, together with development work on the experimental wood product, amounted to $368,596.

It is the company's intention to establish the feasibility of this new wood product so as to encourage private enterprise to develop a pilot plant and, ultimately, a market for poorer quality timber on the B.C. Coast.

2. LOANS TO OCEAN FALLS CORPORATION

	1983 $	1982 $
Amounts loaned	3,750,000	3,150,000
Less: Provision for doubtful collection	(3,750,000)	(3,150,000)
	Nil	Nil

The loans to Ocean Falls Corporation are with interest at prime bank lending rate plus 1/2%. Interest has been paid to December 31, 1979. Security is by way of fixed and floating charges on specified properties subject only to a prior debenture to the Province of British Columbia. Of the total loans outstanding, $1,750,000 is on a demand basis and $2,000,000 is repayable June 30, 1985. In view of the closure of its newsprint operation, the ability of Ocean Falls Corporation to repay this loan is considered doubtful. Accordingly, full provision has been made for the potential loss and no interest has been accrued since January 1, 1980.

3. EQUIPMENT

The company purchased certain manufacturing equipment in anticipation of establishing an experimental logging operation at Ocean Falls, B.C. This project was halted for an indefinite period, and the equipment is currently being stored and held for sale or use in the redevelopment of Ocean Falls. In addition, during 1983 the company acquired certain experimental equipment necessary to carry out the research for its experimental wood product. No depreciation is being charged during this experimental processing stage.

BRITISH COLUMBIA CELLULOSE COMPANY

NOTES TO FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 1983

4. CAPITAL STOCK

	1983 $	1982 $
Authorized - 1,000,000 common shares of no par value		
Issued and fully paid - 2 shares	2	2

These shares are wholly-owned by the Province of British Columbia.

5. INCOME TAXES

As a Provincial Crown Corporation, the company is exempt from federal and provincial income taxes.

6. RELATED PARTY TRANSACTIONS

Reference should be made to notes 2 and 4 for related party transactions. Management of the company's short-term deposits is handled by the Ministry of Finance.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS March 31, 1984

1. Land and development projects

	1984				1983
	Held for future development	Under development	Held for sale	Total	Total
Balance, beginning of year	$ 22,167,616	$ 37,579,807	$ 48,549,549	$ 108,296,972	$ 94,063,338
Add:					
Acquisitions and direct development costs	94,572	3,768,594	4,543,757	8,406,923	18,926,283
Interest and property taxes capitalized	1,005,199	985,129	1,260,967	3,251,295	8,381,369
Indirect overhead capitalized	61,864	247,508	463,364	772,736	2,109,619
Deduct:					
Cost of sales	(147,663)	(2,643,765)	(3,281,311)	(6,072,739)	(2,316,726)
Other cost recoveries	(159,686)	(2,596,959)	(101,563)	(2,858,208)	(7,048,906)
Transfers between accounts	(589,384)	1,492,508	(903,124)	-	-
Provision for losses	(4,500,000)	(4,023,491)	(11,290)	(8,534,781)	(5,818,005)
Balance, end of year	$ 17,932,518	$ 34,809,331	$ 50,520,349	$ 103,262,198	$ 108,296,972

A total of $12,746,342 (1983 - $4,615,936) of interest and property taxes related to certain land and development projects was expensed during the year rather than capitalized because the carrying value of those projects otherwise would have exceeded their estimated net realizable value. This amount is in addition to the provision for losses of $8,534,781 (1983 - $5,818,005) from the diminution in land values.

2. Rental properties

Rental properties are carried at cost less accumulated depreciation of $958,010 (1983 - $597,742).

	1984	1983
Land and buildings	$ 18,195,844	$ 6,429,097
Other property	703,125	740,625
	$ 18,898,969	$ 7,169,722

Land and buildings include $12,087,952 of property acquired from the British Columbia Harbours Board during the year.

3. Other assets

	1984	1983
Premises and equipment, at cost	$ 1,273,935	$ 1,254,280
less: accumulated depreciation and amortization	694,728	498,611
	579,207	755,669
Deferred charges	1,334,157	962,612
	$ 1,913,364	$ 1,718,281

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS March 31, 1984, continued

4. Small business development fund

Under an agreement with the Province of British Columbia, the Corporation operates the Small Business Development Fund which provides term loans to industrial enterprises. The fund consists of:

	1984	1983
Assets		
Cash and short term investments	$136,294,335	$ 409,456
Accrued investment interest	10,749,473	-
Loans receivable, less allowance for loan losses	34,961,998	7,791,643

7. Share capital	1984	1983
Authorized		
$200,000,000 divided into 2,000,000 shares with a par value of $100 each		
Issued		
546,183 shares (1983 - 425,000 shares)	$ 54,618,300	$ 42,500,000

During the year 121,183 shares were issued to the Province of British Columbia as consideration for certain assets acquired from the British Columbia Harbours Board.

8. Contingent liabilities

As part of its industrial development program, the Corporation has guaranteed indebtedness and performance of certain industrial enterprises amounting to $8,270,000 (1983 - $6,830,000).

9. Related party transactions

In the ordinary course of business, the Corporation enters into transactions with related parties including the Province of British Columbia, its agencies and other Crown corporations.

10. Comparative figures

Certain of the 1983 comparative figures have been reclassified to conform with the current year's presentation.

Auditors' Report

To the Honourable Donald M. Phillips,
Minister of Industry and Small Business Development,
Province of British Columbia.

We have examined the consolidated balance sheet of British Columbia Development Corporation as at March 31, 1984 and the consolidated statements of earnings and retained earnings and changes in financial position for the year then ended. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as we considered necessary in the circumstances.

In our opinion, these consolidated financial statements present fairly the financial position of the Corporation as at March 31, 1984 and the results of its operations and the changes in its financial position for the year then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

AUDITOR'S REPORT

To the Chairman and Members of the
British Columbia Educational Institutions Capital Financing
Authority, and

To the Minister of Finance
Province of British Columbia:

I have examined the statement of assets and liabilities of the British Columbia Educational Institutions Capital Financing Authority as at 31 March 1984 and the statement of sources and uses of funds for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Authority as at 31 March 1984 and the results of its operations for the year then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Erma Morrison, F.C.A.
Auditor General

	$ 139,321,417	$ 127,917,658

BRITISH COLUMBIA EDUCATIONAL INSTITUTIONS CAPITAL FINANCING AUTHORITY

NOTES TO FINANCIAL STATEMENTS

AS AT 31 MARCH 1984

1. The Authority

The Authority was established by the Educational Institution Capital Finance Act, R.S. 1979, Chapter 102. Section 3 of the Act states "The purpose of the authority is to assist designated educational institutions to finance their capital expenditures by purchasing debentures issued by them with money raised by the issue and sale of debentures of the authority".

Loans are made by the Authority to the educational institutions under terms and conditions identical to those governing the borrowing of the Authority itself.

2. Significant accounting policies

a) Sinking fund instalments received from educational institutions in respect of their debt to the Authority together with the investment income earned thereon are set aside in sinking funds maintained by the Trustee, the Minister of Finance, to provide for retirement of the debt of the Authority at maturity. Sinking fund instalments, income earned on sinking fund investments, and the corresponding investment of the instalments and income by the sinking fund trustee have been reflected in the statement of sources and uses of funds.

b) Loans receivable, debt payable, and related accrued interest receivable and payable denominated in United States dollars have been converted to Canadian dollars at the rate prevailing at 31 March 1984.

It is not considered necessary to defer and amortize the gains and losses arising on U.S. exchange, as they are fully offsetting and have no effect on the net financial position of the Authority. Gains and losses on U.S. exchange are therefore reflected in the statement of sources and uses of funds in the year in which they occur.

3. Transfer of excess assets to the Province of British Columbia

During the previous year, some funds borrowed by the Authority were temporarily invested prior to re-lending them to educational institutions. These investments generated earnings which were considered to be in excess of the Authority's requirements. The Minister of Finance, pursuant to Section 5(2) of the Educational Institution Capital Finance Act, authorized the payment of the excess into the Consolidated Revenue Fund of the Province of British Columbia.

BRITISH COLUMBIA EDUCATIONAL INSTITUTIONS CAPITAL FINANCING AUTHORITY

NOTES TO FINANCIAL STATEMENTS

AS AT 31 MARCH 1984

4. Long-term debt

	1984	1983
Canada Pension Plan Investment Fund 9.41% to 17.51% debentures, due 1998 through 2004.	$ 380,666,000	$ 303,953,000
Province of British Columbia Pension Funds 10.875% to 11.75% debentures due 1989 and 1993	4,772,000	1,025,000
General public 16.875%, due 1986	6,382,500	6,169,500
	391,820,500	311,147,500
Less instalments to sinking funds payable within one year	9,345,722	7,397,371
Exhibit A	$ 382,474,778	$ 303,750,129

Long-term debt includes a provision for loss on U.S. Exchange of $1,382,500 (1983: $1,169,500).

Debentures issued to the Canada Pension Plan Investment Fund are redeemable on six months' notice, in whole or in part before maturity, at the option of the Minister of Finance of Canada.

The Province of British Columbia has unconditionally guaranteed the payment of principal and interest on the long-term debt of the Authority.

Sinking fund instalments of $9,345,722 are due in each of the next five years.

5. Sinking fund assets at 31 March:

	1984	1983
Cash	$ 425,468	$ 116,168
Investments at cost (Market value $21,260,395 1983: $12,776,963)	21,484,395	12,917,463
Accrued interest	632,548	301,824
	22,542,411	13,335,455
Less Funds management fees payable	6,498	21,474
Exhibit A	$ 22,535,913	$ 13,313,981

BRITISH COLUMBIA EDUCATIONAL INSTITUTIONS CAPITAL FINANCING AUTHORITY

NOTES TO FINANCIAL STATEMENTS

AS AT 31 MARCH 1984

5. Sinking fund assets at 31 March (continued):

Funds management fees have been charged to the sinking funds of the Authority by the Ministry of Finance for the year ended 31 March 1984, in accordance with Section 39(4) of the Financial Administration Act. These fees are based on the market value of sinking fund assets and are charged on a quarterly basis during the year.

AUDITORS' REPORT

To the Lieutenant-Governor in Council
Province of British Columbia

We have examined the balance sheet of British Columbia Ferry Corporation as at March 31, 1984 and the statements of income, accumulated income reinvested in corporation assets (deficit) and changes in financial position for the year then ended. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as we considered necessary in the circumstances.

In our opinion, these financial statements present fairly the financial position of the Corporation as at March 31, 1984 and the results of its operations and the changes in its financial position for the year then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

BRITISH COLUMBIA FERRY CORPORATION

STATEMENT OF ACCOUNTING POLICIES

YEAR ENDED MARCH 31, 1984

In accordance with Section 8(7) of the Ferry Corporation Act the financial statements of the Corporation are prepared in accordance with generally accepted accounting principles. Significant accounting policies followed in the preparation of these financial statements are:

Inventories -

Inventories are valued at the lower of cost and current replacement cost.

Long-Term Disability -

Amounts paid to the Superannuation Branch of the Public Service Commission under the Long-Term Disability Plan are accounted for by the Corporation on the basis of accruing in the financial statements that portion estimated to be payable to employees until retirement for individual disability with the balance of the amounts paid being included in prepaid expenses.

Fixed assets -

Acquired from the Province of British Columbia effective January 1, 1977:

(a) Ships

Ships, which comprise part of the total assets acquired from the Province effective January 1, 1977 by Order-In-Council dated December 16, 1976 and transferred at an assigned value of $1, have been revalued by the Corporation and are reflected in the accompanying financial statements at their estimated depreciated replacement value as at January 1, 1977 on the basis of construction records for labour and materials valued at 1977 cost exclusive of any federal ship building subsidies which may have been available during the extended period of years during which the individual ships were built and during which such subsidies fluctuated substantially. The estimated depreciated replacement value of the ships at January 1, 1977 is not intended to reflect fair market value of the fleet nor can it be considered to approximate fair market value because of the specialized nature and limited saleability of the ships themselves.

Fixed Assets - (continued)

In addition, three ships presently under charter by the Province until 1994 are subchartered to the Corporation for the same period at an annual cost of $1 each, with the Corporation being responsible for all operating, repair, and maintenance costs. Under the terms of the subcharter agreement with the Province, the Corporation may in 1994 request that the Province exercise its option to purchase these ships at its own expense in accordance with the terms of its charter agreement. In the event that such option is exercised, clear title to the ships will be transferred to the Corporation. As a result of these transactions and agreements, these ships are reflected as capital assets of the Corporation in the accompanying financial statements and are similarly stated at their estimated depreciated replacement value as at January 1, 1977.

(b) Berths, buildings and equipment

Berths, buildings and equipment also comprise part of the total assets acquired from the Province effective January 1, 1977 by Order-In-Council dated December 16, 1976 and transferred at an assigned value of $1.

These assets are reflected in the accompanying financial statements at their estimated depreciated replacement value as at January 1, 1977 based upon an appraisal made by Universal Appraisal Company Limited as at that date.

Additions and disposals subsequent to January 1, 1977:

The costs of major replacements, additions, extensions and improvements are capitalized in the fixed asset accounts. The costs of maintenance, repairs, minor renewals or replacements are charged against income. On retirement or disposal of fixed assets, the costs thereof and the related accumulated depreciation are eliminated from the accounts and any gains or losses are reflected in the statement of operations.

On October 1, 1983 the remaining buildings and equipment at Deas Dock facility, not acquired from the Province on January 1, 1977 were transferred at an assigned value of $1. These assets are reflected in the accompanying financial statements at their estimated depreciated replacement value as at October 1, 1983 based upon an appraisal made by Universal Appraisal Company Limited as at that date.

Depreciation -

Fixed assets are depreciated on the straight line method based upon the following useful lives:

Ships	25 years
Berths	5 - 10 years
Buildings and equipment	4 - 25 years

Effective April 1, 1983 the estimated useful lives of ships that have been modified or re-engined is 25 years from date of modification.

Amortization of promissory note discount and issue costs -

Promissory note discount is amortized on a compound interest method over the term of the debt. Issue costs are amortized on a straight-line basis over the term of the debt.

Provision for annual refit costs -

The Corporation provides for ship refit expense by charging against income the anticipated costs over the period between refits.

BRITISH COLUMBIA FERRY CORPORATION

NOTES TO FINANCIAL STATEMENTS

MARCH 31, 1984

1. CASH AND SHORT-TERM INVESTMENTS

Funds, other than those required for immediate settlement of liabilities, are invested in short-term commercial securities authorized pursuant to the terms and provisions of the Financial Administration Act of British Columbia. The investments are arranged through the Ministry of Finance of the Province.

2. ACCOUNTS RECEIVABLE

Provision has been made for the uncollectibility of a 1980 accounts receivable of $1,950,619 due from the British Columbia Steamship Company (1975) Ltd. for the lease and modifications to the Lessee's specifications of the M.V. "Queen of Prince Rupert".

3. INVENTORIES

	1984	1983
	(expressed in thousands)	
Spare components, parts and supplies	$ 6,832	$ 6,026
Fuel and lubricants	1,980	2,031

6. LONG-TERM DEBT

	1984	1983
	(expressed in thousands)	
Long-term debt issued by the Corporation		
8.95% Promissory notes (effective rate of 15.75%), are repayable in five equal annual instalments of $5.7 million commencing March 5, 1988	$ 28,500	$ 28,500
Less unamortized discount and issue costs	7,332	8,072
	21,168	20,428
12.08% Promissory note (effective rate of 12.44%) due September 9, 2003 is repayable by annual sinking fund payments of $322,492 commencing September 9, 1984	14,758	-
Less unamortized issue costs	18	-
	14,740	-
	$ 35,908	$ 20,428

Principal and sinking fund payments due in each of the next five years:

1985	1986	1987	1988	1989
$ 322,492	$ 322,492	$ 322,492	$ 6,022,492	$ 6,022,492

The Province of British Columbia unconditionally guarantees the payment of principal and interest on the promissory notes.

7. ACCRUED SICK LEAVE LIABILITY

On September 1, 1978 tne Corporation introduced short-term illness and injury and long-term disability plans and as of that date all employees ceased accruing sick leave credits. Under the collective agreement with the employees, in the event of illness, the accumulated sick time may be withdrawn prior to retirement and on retirement any balance remaining is payable in cash at 50% of accredited time. The liability as at March 31, 1982 based upon a recent actuarial evaluation by William M. Mercer Limited established the present lump sum value of cash payouts on retirement to all employees at $5,144,000 which, with interest will accumulate an amount required to meet those obligations.

8. SHARE CAPITAL

On October 1, 1983 the Corporation acquired certain materials and supplies valued at $1,001,485 from the Ministry of Transportation and Highways and is obligated to issue 10,015 shares.

9. CONTRIBUTED SURPLUS

	1984	1983
	(expressed in thousands)	
Excess of estimated depreciated replacement value over assigned value of $1 of assets acquired from the Province of British Columbia		
- Ships, berths, buildings and equipment effective January 1, 1977	$ 249,674	$ 249,674
- Buildings and equipment effective October 1, 1983	727	-
	$ 250,401	$ 249,674

10. OTHER INCOME

	1984	1983
	(expressed in thousands)	
Parking and ancilliary traffic revenue	$ 837	$ 734
Interest earned on funds in bank and short-term investments	1,112	288
Grant of right-of-way to B.C. Hydro	-	300
	$ 1,949	$ 1,322

11. PROVINCIAL SUBSIDY AND BENEFITS

The Corporation receives a subsidy from the Province of British Columbia which is determined annually.

Included in fixed assets as "ships under capital lease" are three ships leased from the Province at an annual cost of $1 each. The annual cost of these charters to the Province is $4,819,800. In addition the Corporation utilizes Crown land for terminals and highway access without rental or property taxes. The value of these benefits is indeterminable. The Corporation, as an agent of the Crown, is not liable to taxation, including taxation on improvements, except insofar as the Crown is liable.

The Corporation utilizes Ministries and Agencies of the Provincial Government for negotiation and purchase of fuel, materials, communications and until October 1, 1983 terminal maintenance and construction services. The aggregate of these transactions is $45.3 million (1983 - $54.3 million).

12. INTEREST EXPENSE

	1984	1983
	(expressed in thousands)	
Interest expense, amortization of promissory note discount and amortization of debt issue cost on:		
- long term debt	$ 4,292	$ 3,209
- short term borrowings	1,906	1,864
	$ 6,198	$ 5,073

13. COMMITMENTS

The Corporation is contractually committed to complete the double-decking of the M.V. "Queen of Alberni" and to the double-decking of and improvements to Langdale terminal. The total estimated cost of these capital projects is $10.8 million and as at March 31, 1984 the estimated remaining cost to complete these commitments is $8.1 million.

Not included in the accounts is a lease commitment of $5.4 million for the M.V. "Quinsam" which is fully recoverable through a non-cancellable sub-lease with the Ministry of Transportation and Highways for British Columbia.

AUDITOR'S REPORT

To the Chairman and Members of the
British Columbia Harbours Board:

I have examined the statement of financial position of the British Columbia Harbours Board as at 31 October 1983 and the statements of income and retained earnings and changes in financial position for the seven months then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Board as at 31 October 1983 and the results of its operations and the changes in its financial position for the seven months then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the year ended 31 March 1983.

Erma Morrison, F.C.A.

BRITISH COLUMBIA HARBOURS BOARD

NOTES TO THE FINANCIAL STATEMENTS

for the seven months ended 31 October 1983

1. The Board

The British Columbia Harbours Board, established in 1968, is a Crown Corporation of the Province of British Columbia operating under the Harbour Board Act, R.S.B.C. 1979, and is an agent of the Crown.

In September 1983, the Harbour Board Repeal Act was passed.

Section 3 of the Act, which provides for the dissolution of the Board, will come into force by regulation of the Lieutenant Governor in Council.

Sections 4 and 5 of the Act, which provide for the transfer of assets and liabilities of the Board to the British Columbia Development Corporation and the British Columbia Railway Company, came into force by Order-in-Council 1703. The Order fixed the date of the transfer as 31 October 1983, and established the value of the assets and liabilities to be transferred as that determined by applying the accounting principles used to produce the audited financial statements of the Board for the year ended 31 March 1983.

These financial statements have been prepared for the seven months ended 31 October 1983. They present the financial position of the Board immediately prior to the transfer of its assets and liabilities on 31 October 1983 and include provision for costs associated with the cessation of the operations of the Board on that date.

2. Significant accounting policies

a) Capitalization of costs

Railway is recorded at cost, except for part of the land used for railway right-of-way which is recorded at appraised value (Note 7). Cost includes the applicable portion of wage costs of the Board's employees.

Land is recorded at cost less proceeds from granting easements. It excludes land used for railway right-of-way.

Buildings and equipment are recorded at cost.

b) Depreciation

No provision for depreciation is made in respect of the railway because under agreements between the Board and the users of its railway, the users are responsible for costs of maintaining, renewing and replacing trackage as required. In case of retirement, the users are to compensate the Board in full for sections of railway retired.

Depreciation on buildings and equipment is provided at 10% per year of the diminishing balance.

BRITISH COLUMBIA HARBOURS BOARD

NOTES TO THE FINANCIAL STATEMENTS

for the seven months ended 31 October 1983

3. Railway

	31 October 1983	31 March 1983
	(in $000's)	
Cost	21,948	18,989
Appraised value of railway right-of-way (Note 7)	1,593	680
	23,541	19,669
Less: Expenditure by others	4,822	4,822
Grants in aid of construction	318	51
	5,140	4,873
	18,401	14,796

The expenditure by others relates to amounts spent by the Ministry of Transportation and Highways on railway overpasses necessary for the operations of the rail line. The Board and railway users have agreed that these costs should be included as part of the railway capital costs on which railway income is based.

4. Land

	31 October 1983	31 March 1983
	(in $000's)	
At cost	12,049	12,047
Less Proceeds from granting of easements	522	522
	11,527	11,525

5. Buildings and equipment

	31 October 1983	31 March 1983
	(in $000's)	
At cost	1,725	1,725
Less accumulated depreciation	1,141	1,105
	584	620

6. Due to the Province of British Columbia

The note payable to the Province of British Columbia is repayable on 2 April 1984 with interest at the rate of 10.1%. It was issued to redeem a similar note payable on 1 April 1983 bearing interest at 11.4%

The Government of the Province of British Columbia has unconditionally guaranteed the principal and interest on the note payable.

BRITISH COLUMBIA HARBOURS BOARD

NOTES TO THE FINANCIAL STATEMENTS

for the seven month ended 31 October 1983

7. Appraised value of railway right-of-way

	31 October 1983	31 March 1983
	(in $000's)	
At 1 April 1983	680	680
Add appraisal during period	913	-
	1,593	680

The appraised value of railway right-of-way at 1 April 1983 relates to the land used in the original right-of-way located on part of the 1,400 hectare parcel granted the Board in 1974 by the Crown in right of the Province of British Columbia.

During the seven months ended 31 October 1983, additional land on the 1,400 hectare parcel was brought into use for the expansion of the railway right-of-way. Based primarily on an appraisal performed in June 1983 by an independent real estate appraiser, Fred Cunningham Land Consultants Limited of North Vancouver, British Columbia, the Board established the excess of market value over cost of the additional land at $913,400. This amount has been included as part of the railway capital costs on which railway income is based.

8. Railway

The Board's railway is managed under contract by British Columbia Railway Company which is responsible for maintaining the right-of-way and for billing user railways for costs on behalf of the Board.

9. Litigation

In 1976 the British Columbia Court of Appeal confirmed the Province's ownership of the bed of the Strait of Georgia and related areas as set out in Order-in-Council 3459 dated 31 October 1974. This decision confirms that the Crown in right of the Province had authority to transfer to the Board about 690 hectares of land below low water, bringing the Board's total land holdings in the Roberts Bank area below high water up to 1,400 hectares at that time. An appeal by the Government of Canada was heard in the Supreme Court of Canada in October 1982 but no decision has been handed down.

In order not to let this ownership question impede the development and expansion of the Roberts Bank Superport, an agreement was signed on 29 August 1980 between the Queen in right of Canada and the National Harbours Board on one hand and the Queen in right of the Province of British Columbia and the British Columbia Harbours Board on the other hand.

Under this agreement, the British Columbia Harbours Board agreed to convey free of cost 195 hectares of this 1,400 hectares to the Queen in right of Canada on the condition the National Harbours Board at its own cost completes development and expansion in accordance with the approved development plan for this land before 2 July 1987. If this condition is not met, title to this land will revert to the British Columbia Harbours Board.

BRITISH COLUMBIA HARBOURS BOARD

NOTES TO THE FINANCIAL STATEMENTS

for the seven month ended 31 October 1983

The agreement also provides that if the decision of the B.C. Court of Appeal is reversed by the Supreme Court of Canada, then Canada and the National Harbours Board will convey to the Province of British Columbia or its agents, free of cost, land sufficient for rail and road purposes to serve the 195 hectare parcel.

10. Contingent liabilities

The expansion of the Roberts Bank Superport area referred to in Note 9 is being performed by the Port of Vancouver on behalf of the National Harbours Board. The Province of British Columbia, through the British Columbia Harbours Board, has agreed to make a contribution to the capital cost of widening and stabilizing the causeway to accomodate additional rail services. The contribution is to be negotiated if and when the land in question is brought into use as railway right-of-way and can be included in the rate base upon which user railways pay privilege charges.

The Board has been notified by the Port of Vancouver that the capital cost of widening and stabilizing the causeway has been calculated as $7,695,399. The Board is disputing the inclusion in this calculation of costs amounting to $2,767,538.

In October 1983, the Board agreed to make a contribution totalling $675,610 for the capital cost attributable to the land brought into use as railway right-of-way during the seven months ended 31 October 1983. This amount is included in accounts payable and accrued liabilities in these financial statements.

Payment of the balance of the capital cost will be negotiated by the British Columbia Railway Company if and when the land in question is used for railway right-of-way purposes.

AUDITOR'S REPORT

To the Chairman and Members of the
British Columbia Health Care Research Foundation, and

To the Minister of Health
Province of British Columbia:

I have examined the balance sheet of the British Columbia Health Care Research Foundation as at 31 March 1984 and the statement of revenue and expenditure and surplus for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Foundation as at 31 March 1984 and the results of its operations for the year then ended in accordance with generally accepted accounting principles applied, after giving retroactive effect to the change in method of recording fringe benefit costs of scholars as explained in Note 4 to the financial statements, on a basis consistent with that of the preceding year.

BRITISH COLUMBIA HEALTH CARE RESEARCH FOUNDATION

NOTES TO FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 MARCH 1984

1. NATURE OF THE FOUNDATION

The Foundation is incorporated under the Society Act of British Columbia. The objects of the Foundation are to assist and collaborate with organizations conducting research in the field of health care in the Province of B.C.; to co-operate with community facilities or organizations concerned with the general health of communites in the Province; and, to accept and receive such grants, donations and other funds as may be deemed appropriate for use in the carrying out of the objects of the Foundation.

2. SIGNIFICANT ACCOUNTING POLICIES

Grants and fellowships are expensed in the year they are awarded.

Scholarhip awards are renewable for three additional years, depending on the submission of annual progress reports and applications for renewal. Only current year awards are expensed during the year.

3. HEALTH CARE RESEARCH GRANTS

The Foundation paid grants to support health care research, equipment, development, and emergency projects to the organizations listed below. The grants are paid on a quarterly basis and are administered and disbursed by these organizations as expenses are incurred. Interest earnings on funds on deposit remain with the organization to offset administrative expenses. Amounts which remain unexpended at project completion or unexpended due to project cancellation or alternate funding are returnable to the Foundation.

BRITISH COLUMBIA HEALTH CARE RESEARCH FOUNDATION

NOTES TO FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 MARCH 1984

3. HEALTH CARE RESEARCH GRANTS - continued

	TOTAL GRANTS	
	1984	1983

Less: Returned Grants	164,429	14,563
	$2,939,687	$2,851,378

4. CHANGE IN ACCOUNTING POLICY

When a scholarship grant is awarded, the Foundation agrees to pay for the scholar's fringe benefit costs. In previous years, fringe benefits were recorded by the Foundation when they were paid. This policy has been retroactively changed to record the costs in the period they are incurred. As a result of this change, excess of expenditure over revenue for 1983 has increased by $39,028. Had the Foundation not changed its policy the excess of expenditure over revenue for 1984 would have been $257,762.

5. COMMITMENT

The estimated cost to complete the funding of all outstanding scholarship grants is $600,000 (1983 - $270,000).

BRITISH COLUMBIA HERITAGE TRUST

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 MARCH 1984

1. SIGNIFICANT ACCOUNTING POLICIES

a) It is the policy of the Trust to capitalize all costs incurred for the acquisition and restoration of property purchased or to be purchased by the Trust whether the property has been or will be registered in the name of the Trust or of the Province. Costs incurred in restoring property sites purchased directly by the Province are charged to expenditure accounts - capital projects.

b) Due to the nature of the properties, no provision is made for depreciation.

c) Donated property is recorded at appraised value at the time of receipt.

2. ADMINISTRATIVE COSTS

The Ministry of Provincial Secretary and Government Services provides staffing, accommodation and administrative services for the Trust. The costs of providing these services are substantially absorbed by the Ministry.

3. COMMITMENTS

Commitments with respect to grants approved for the following years amount to $1,487,336. (1983 - $867,121)

4. COMPARATIVE FIGURES

The figures for 1983 have been reclassified where appropriate to conform with the method of presentation adopted in 1984.

BRITISH COLUMBIA HOUSING AND EMPLOYMENT DEVELOPMENT FINANCING AUTHORITY

AUDITOR'S REPORT

To the Chairman and Members of the
British Columbia Housing and Employment Development
Financing Authority, and

To the Minister of Finance
Province of British Columbia:

I have examined the statement of assets and liabilities of the British Columbia Housing and Employment Development Financing Authority as at 31 March 1984 and the statements of revenue, expenditure and accumulated balance, and changes in financial position for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Authority as at 31 March 1984 and the results of its operations and the changes in its financial position for the year then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding period.

Erma Morrison, F.C.A.

BRITISH COLUMBIA HOUSING AND EMPLOYMENT DEVELOPMENT FINANCING AUTHORITY
NOTES TO FINANCIAL STATEMENTS
31 MARCH 1984

1. The Authority

The Authority was established on 14 October 1982 by the Housing and Employment Development Financing Act, S.B.C. 1982 C 34. Section 3 of the Act states "The purposes of the authority are to create employment by financing housing and other capital projects in British Columbia, and any other programs the committee considers advisable, and to raise money for those purposes by the issue of housing and development bonds."

2. Significant accounting policy

Debt issue expenses

Expenses related to bond issues of the Authority are deferred and amortized over the life of the bonds.

3. Long-term notes receivable

British Columbia Development Corporation:

Maturity	Rate	1984	1983
15 December 1986	12.25%	$ 5,000,000	$ 5,000,000
22 February 1987	11.75%	1,000,000	1,000,000
31 December 1987 Interest at an annual rate determined from time to time by the Minister of Finance		176,264,165	-
	EXHIBIT A	$182,264,165	$ 6,000,000

The above notes are redeemable prior to maturity in whole or part at the option of the British Columbia Development Corporation subject to an interest penalty of the lesser of the term remaining or six months.

The Province of British Columbia has unconditionally guaranteed the payment of principal and interest of the long-term notes receivable.

BRITISH COLUMBIA HOUSING AND EMPLOYMENT DEVELOPMENT FINANCING AUTHORITY
NOTES TO FINANCIAL STATEMENTS
31 MARCH 1984

4. Unamortized debt issue expenses

Expenses related to the April 1983 bond issues of the Authority have been deferred, and will be amortized in equal instalments over the three years ending 31 March 1986.

	1984	1983
Total debt issue expenses	$ 2,658,892	$ 514,835
Accumulated amortization	886,297	-
Unamortized debt issue expenses	$ 1,772,595	$ 514,835

5. Long-term debt

Series	Rate	Maturity	1984	1983
1-R	10.25%	31 March 1986	$119,687,300	$ -
1-T	9.25%	31 March 1986	18,354,000	-
1-C	10.25%	31 March 1986	33,995,500	-
1-E	10.25%	31 March 1986	3,449,100	-
1-F	10.25%	31 March 1986	3,510,500	-
HED-A1	12.25%	15 December 1986	5,000,000	5,000,000
HED-A2	11.75%	22 February 1987	1,000,000	1,000,000
		EXHIBIT A	$184,996,400	$ 6,000,000

The above bonds are redeemable prior to maturity in whole or in part at the option of the bond holders subject to an interest penalty of three months (lesser of term remaining or six months for Series HED-A1 and HED-A2).

The Province of British Columbia has unconditionally guaranteed the payment of principal and interest of the long-term debt.

BRITISH COLUMBIA HOUSING AND EMPLOYMENT DEVELOPMENT FINANCING AUTHORITY
NOTES TO FINANCIAL STATEMENTS
31 MARCH 1984

6. Excess of revenue over expenditure

As stated in note 3, the interest rate on the long-term note receivable due in December 1987 will be set by the Minister of Finance from time to time. It is anticipated that the interest rate will be sufficient to recover all related issue and administrative costs of the Authority. It is also anticipated that the current excess of revenue over expenditure of the Authority will be fully absorbed by future costs.

7. Comparative figures

Comparative figures for 1983 are for the period 14 October 1982 to 31 March 1983. They have been reclassified to conform with the financial statement presentation adopted for 1984.

AUDITORS' REPORT

To the Chairman
British Columbia Housing Management Commission
Vancouver, B.C.

We have examined the combined balance sheet of the Province of British Columbia, projects and programs managed by British Columbia Housing Management Commission as at December 31, 1983 and the combined statements of revenue and expenditure, and changes in financial position for the year then ended. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as we considered necessary in the circumstances.

In our opinion, these financial statements present fairly the combined financial position of the projects and programs as at December 31, 1983 and the combined results of their operations and changes in their financial position for the year then ended in accordance with the accounting policies described in Note 1 to the financial statements applied on a basis consistent with that of the preceding year.

PROJECTS AND PROGRAMS
MANAGED BY BRITISH COLUMBIA HOUSING MANAGEMENT COMMISSION

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 1983

1. SIGNIFICANT ACCOUNTING POLICIES

a) Basis of financial statement presentation -

These statements combine five separate financial statements of projects and programs operated by the Province of British Columbia (Ministry of Lands, Parks and Housing) and managed by British Columbia Housing Management Commission, each of which has its own subsidy sharing agreement.

b) Amortization -

These statements do not include the capital cost of the projects, however, amortization in lieu of depreciation and interest on capital costs is payable in part to the Provincial Rental Housing Corporation and in part credited to Canada Mortgage and Housing Corporation based on schedules provided by the participants.

c) Rental Revenue -

Tenant rent revenue represents rent charged to residents, and is determined as the lessor of market rent, or a percentage of the resident's income. Up to September 30, 1983, the percentage was 25%. From that date, the percentage for new tenants is 30%; for existing tenants, the percentage increases in steps over a three year period, starting with 26.5%.

d) Fixed assets -

All purchases are recorded as expenditures, except for computer hardware and software which are recorded at cost as fixed assets and depreciated on the straight line basis over 5 and 3 years respectively. As at December 31, 1983, the Commission was in the process of installing a new computer system. The contract requires successful delivery before full payment is made and title is passed. The total contract amounts to $263,182.

2. WORKING CAPITAL INTEREST

The Province of British Columbia, through the Wholly Provincial Projects and Programs account, provides working capital to the projects and programs managed by the Commission, at interest rates agreed to by the participants.

3. DISASTER LOSS FUND

This fund, financed by the Province of British Columbia and Canada Mortgage and Housing Corporation, provides for claims below the deductible amounts of insured properties and for damages to uninsured items.

4. PRIOR PERIOD ADJUSTMENTS

a) Wholly Provincial Projects and Programs:

The prior period adjustment of $288,682 represents the write-up of the Provincial mortgage receivables balance under the Rural & Remote Mortgage Program, in order to achieve consistency with the revised accounting system implemented by Canada Mortgage & Housing Corporation during 1983.

b) Rent Supplement Programs under Section 44(1)(b):

Under agreement between the Province of British Columbia and Canada Mortgage & Housing Corporation, the cost sharing of subsidies between the participants has been revised for prior years by a net adjustment of $510.

5. GRANTS IN LIEU OF TAXES

The Commission, on behalf of the Province of British Columbia and Canada Mortgage and Housing Corporation, pays each municipality a grant equivalent to property taxes due for all residential properties and developments managed.

6. LEASE COMMITMENTS

The Commission has obligations under operating leases for office space for the next 5 years: $339,000 in 1984, $314,000 in 1985, $302,000 in 1986, $189,000 in 1987, and $49,000 in 1988.

REPORT OF THE AUDITORS

The Lieutenant Governor in Council,
Province of British Columbia:

We have examined the balance sheets of British Columbia Hydro and Power Authority as at March 31, 1984 and 1983 and the statements of income and earnings employed in the business and changes in financial position for each of the three years in the period ended March 31, 1984. Our examinations were made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as we considered necessary in the circumstances.

In our opinion, these financial statements present fairly the financial position of British Columbia Hydro and Power Authority as at March 31, 1984 and 1983 and the results of its operations and the changes in its financial position for each of the three years in the period ended March 31, 1984 in accordance with generally accepted accounting principles consistently applied.

Notes to Financial Statements

Note 1 Significant Accounting Policies:

B.C. Hydro is a Crown corporation of the Province of British Columbia. B.C. Hydro's electric and gas services, including rates, are subject to regulation by the British Columbia Utilities Commission (the "Commission"). The accounting policies of the corporation conform to accounting principles generally accepted in Canada. A description of significant accounting policies follows. See also Note 2 for an explanation of the rate stabilization account.

FIXED ASSETS

Fixed assets in service consist principally of land, water rights, storage dams, plants for the generation, transmission and distribution of electricity and the distribution of gas, freight railway and rolling stock, and include the cost of plant financed by contributions in aid of construction and contributions arising from the Columbia River Treaty.

DEPRECIATION

The depreciation policy of B.C. Hydro is to charge the original cost of fixed assets to income over the estimated service lives of the assets. Depreciation is provided on all depreciable assets in service as at the beginning of each year and is computed on the straight-line method.

FINANCE CHARGES CAPITALIZED

B.C. Hydro capitalizes finance charges at rates equivalent to the cost of borrowing those funds expended on construction projects during the year.

CONTRIBUTIONS

Contributions in aid of construction are amortized over the estimated service lives of the related assets, and the credit resulting therefrom is offset against the corresponding provision for depreciation.

Contributions arising from the Columbia River Treaty are amortized over the period ending in fiscal year 2025, the minimum term of the Treaty, and the credit resulting therefrom is offset against and is equal to the annual provision for depreciation of the related assets.

Contributions received in respect of unfinished construction are included with deferred liabilities until the assets are placed in service.

FOREIGN CURRENCY TRANSLATION

The liability for long-term debt payable in United States currency is translated into Canadian currency at the rates of exchange prevailing at the date the debt was incurred. Current assets and current liabilities denominated in United States currency, including long-term debt payable within one year, are translated at the rate of exchange prevailing at the date of the balance sheet. Foreign exchange adjustments are included in income.

In June 1983, the Canadian Institute of Chartered Accountants issued an accounting recommendation relating to foreign currency translation which will require B.C. Hydro to change its present accounting policy. The new recommendation requires that all long-term debt be translated at the rate of exchange prevailing at the date of the balance sheet, with the resulting gain or loss deferred and systematically amortized over the remaining life of the debt. B.C. Hydro intends to adopt the new policy, and has elected to do so on a retroactive basis, as of April 1, 1984. As a result of the change, earnings employed in the business will be reduced by approximately $90 million as of April 1, 1984.

DISCOUNT AND ISSUE EXPENSE ON LONG-TERM DEBT

These costs are amortized by charges to income on a straight-line basis over the lives of the respective issues.

British Columbia Hydro
and Power Authority

Notes to Financial Statements *(continued)*

Note 2 Rate Stabilization Account:

The Commission directed B.C. Hydro to create as of March 31, 1982, an account to be known as the rate stabilization account in the amount of $90 million, derived from export sales of surplus electric energy.

For fiscal years subsequent to March 31, 1982, B.C. Hydro has been directed to credit to the rate stabilization account annually, an amount based upon revenues derived from export sales of surplus electric energy (exclusive of sales of firm energy under approved export contracts) less direct expenses associated with such sales, including water rentals calculated by reference to the electricity generated to make such export sales, provided the account does not at any time exceed $200 million.

For each of the fiscal years subsequent to March 31, 1982, the Commission has ordered B.C. Hydro to transfer from the rate stabilization account an amount of $60 million, or such lesser amount as will reduce the account balance to nil, to be credited to income in the year, unless otherwise directed.

An analysis of the rate stabilization account is as follows:

	1984	1983
	(in millions)	
Balance at beginning of year	**$109**	$ 90
Transfer from income (Note 9)	**46**	79
Transfer to income	**(60)**	(60)
Adjustment for rate stabilization	**(14)**	19
Balance at end of year	**$ 95**	$109

Note 3 Fixed Assets:

	1984					1983
	Fixed Assets in Service			**Unfinished Construction**	**Total**	Total
	Original Cost	**Accumulated Depreciation**	**Net Book Value**			
	(in millions)					
Electric service						
Generation and storage	**$3,077**	**$ 567**	**$2,510**	**$1,852**	**$4,362**	$4,019
Transmission	**1,736**	**283**	**1,453**	**319**	**1,772**	1,577
Transformation	**1,049**	**216**	**833**	**153**	**986**	950
Distribution	**1,151**	**321**	**830**	**—**	**830**	814
Buildings and other	**334**	**113**	**221**	**16**	**237**	276
Total electric service	**7,347**	**1,500**	**5,847**	**2,340**	**8,187**	7,636
Gas service	**448**	**86**	**362**	**35**	**397**	373
Rail service	**54**	**22**	**32**	**—**	**32**	29
Common properties	**186**	**52**	**134**	**—**	**134**	147
Sundry	**11**	**—**	**11**	**—**	**11**	10
Total	**$8,046**	**$1,660**	**$6,386**	**$2,375**	**$8,761**	$8,195

The composite depreciation rates for each year in the three-year period ended March 31, 1984 were as follows:

	1984	1983	1982
	%	%	%
Electric	**2.88**	2.72	2.57
Gas	**2.94**	2.81	2.88
Rail	**3.76**	3.56	3.61

Due to a reduction in the projected growth rate in electrical demand, certain development studies, including those relating to the Liard River and the geothermal site at Meager Creek, have been deferred indefinitely. As a consequence, approximately $42 million has been charged to operations and included with depreciation expense for the year ended March 31, 1984.

In November 1983 the Lieutenant Governor in Council ordered that the Peace Site C energy project certificate, which B.C. Hydro had applied for, be refused. This followed the hearing at which the Commission concluded that the certificate should not be issued until an acceptable load forecast demonstrates that the Peace Site C project is required and that it is the best project to meet such requirements. As a result, a provision of approximately $5 million for the costs relating to the hearing period has been charged to operations and included with depreciation expense for the year ended March 31, 1984.

Note 4 Other Assets:

Included in other assets is an amount of $34 million (1983-$15 million) representing payments for gas not taken under a gas supply contract. B.C. Hydro expects to take this amount of gas, without further payment, within the period allowed in the contract.

B.C. Hydro has leased underground gas storage facilities in the State of Washington to provide the gas system with the ability to meet peak demands more economically. This will enable B.C. Hydro to nominate a lower annual minimum obligation and recover the amount of gas not taken, during those years when the gas purchased exceeds the minimum obligation.

Note 5 Long-Term Debt:

	1984	1983
	(in millions)	
Total long-term debt outstanding —		
Payable in Canadian currency	$4,184	$4,318
Payable in United States currency (U.S. $3,583; 1983 — U.S. $2,961)	4,113	3,331
	8,297	7,649
Less: Sinking funds on deposit with Trustee, Minister of Finance for the Province of British Columbia	721	585
	7,576	7,064
Less: Long-term debt payments due within one year —		
Sinking fund instalments	97	87
Maturities, less sinking fund	276	144
	373	231
	$7,203	$6,833

Had the long-term debt payable in United States currency all been translated to Canadian currency at the foreign exchange rate prevailing at March 31, 1984, the liability would have been increased by approximately $460 million (1983 — $332 million). (Note 1 — Foreign Currency Translation).

B.C. Hydro had 145 series of long-term debt outstanding at March 31, 1984 (1983 — 146). Coupon rates on this long-term debt range from 3¾ % to 16¼ %. The effective interest cost on long-term debt denominated in Canadian dollars outstanding at March 31, 1984 is 9.21% (1983 — 9.17%). For long-term debt denominated in United States dollars at March 31, 1984, the effective interest cost is 12.26% (1983 — 12.09%).

The following long-term debt was issued by B.C. Hydro during the year ended March 31, 1984:

Coupon Rate	Series	Date of Maturity	Principal
12½%	FN	September 1, 2013	U.S. $250 million
11¾%	FO	October 13, 1993	U.S. $200 million
12½%	FP	January 15, 2014	U.S. $200 million

(continued on next page)

British Columbia Hydro
and Power Authority

Notes to Financial Statements *(continued)*

Many of the series have annual sinking fund requirements. Total long-term debt maturity payments and sinking fund instalments of the long-term debt outstanding as at March 31, 1984 are as follows:

Year Ending March 31	Principal Amount of Maturities	Estimated Funds Accumulated to Maturity Date in Sinking Funds	Cash Requirements		
			Net Debt Maturities	Sinking Funds	Total
		(in millions)			
1985	$ 299	$ 23	$ 276	$ 97	$ 373
1986	114	39	75	91	166
1987	240	86	154	100	254
1988	420	66	354	97	451
1989	228	56	172	98	270
	1,301	270	1,031	483	1.514
1990 - 1994	1,960	921	1,039	402	1.441
1995 - 1999	818	561	257	317	574
2000 - 2004	1,451	1,451	—	199	199
2005 - 2009	1,102	1,102	—	38	38
2010 -	1,665	1,665	—	2	2
	$8,297	$5,970	$2,327	$1.441	$3.768

Net debt maturities represent the principal amount of maturities less estimated sinking funds at maturity, based on assumed average annual earnings of approximately 11% on existing sinking fund investments and future sinking fund instalments, and estimated discounts on anticipated purchases of bonds subject to annual mandatory redemption.

Certain B.C. Hydro debt held by the Canada Pension Plan Investment Fund contains a provision allowing the Minister of Finance of Canada to redeem the debt in whole or in part, subject to certain restrictions. As at March 31, 1984 the amount of this debt held by the Canada Pension Plan Investment Fund totalled $829 million (1983 — $885 million) net of sinking funds.

Note 6 Guarantee by Province of British Columbia:

The Province of British Columbia has unconditionally guaranteed B.C. Hydro's long-term debt as to principal, premium, if any, and interest.

Note 7 Pension Plans:

Employees of B.C. Hydro are covered under contributory pension plans. It is B.C. Hydro's practice to obtain periodic actuarial valuations of the plans for purposes of determining annual pension costs and funding requirements. Current service costs are provided for and funded when incurred. Past service pension costs and accrued deficits arising from plan amendments, changes in actuarial assumptions and indexing supplements to existing pensioners are provided for and funded over periods and in amounts recommended by the actuary.

A summary actuarial report, dated June 22, 1984, indicated an accrued actuarial deficit in the principal plan as at December 31, 1983 of approximately $44 million, as compared to $75 million as at December 31, 1982. B.C. Hydro is funding this deficit by annual payments of approximately $4 million per annum to March 31, 1997 and $3 million per annum thereafter to March 31, 2000.

The total cost to B.C. Hydro in respect of pension plans, including its share of Canada Pension Plan costs, for the year ended March 31, 1984 was $25 million (1983 — $29 million; 1982 — $35 million), of which $16 million (1983 — $17 million; 1982 — $19 million) was charged to income and the balance capitalized and included in fixed assets.

Note 8 Commitments and Contingencies:

Purchase commitments and contracts of B.C. Hydro for capital projects aggregated approximately $185 million as at March 31, 1984.

The powerplant and concrete dam contractor on the Revelstoke project delivered in March 1984 a new submission of claims for substantial unanticipated costs. The contractor has submitted claims with respect to the work performed to date and estimated to completion to a maximum amount of $128 million. It is expected that B.C. Hydro will deny liability for the substantial part of all the claims made. Should any amount be paid by B.C. Hydro as a result of the claims, it will be capitalized as part of construction expenditures and included in fixed assets.

Note 9 Export Surplus:

Income from export surplus sales for each year in the three-year period ended March 31, 1984 was determined as follows:

	1984			1983	1982
	Interruptible	**Los Angeles Contract**	**Total**		
		(in millions)			
Export surplus revenues	**$57**	**$18**	**$75**	$97	$233
Less: Direct expenses:					
Wheeling charges	**2**	**1**	**3**	4	7
Water rentals	**9**	**—**	**9**	14	30
	11	**1**	**12**	18	37
Income before rate stabilization	**46**	**17**	**63**	79	196
Amount transferred to Rate Stabilization Account (Note 2)	**(46)**	**—**	**(46)**	(79)	(90)
Income from export surplus sales	**$ —**	**$17**	**$17**	$ —	$106

Export surplus sales to the Department of Water and Power of the City of Los Angeles and three other municipalities in California were made under a three-year contract (November 1, 1983 to October 31, 1986) signed in January 1984. Provincial approval of the contract has been received and National Energy Board approval is pending. The energy delivered prior to March 31, 1984 in respect of the contract has been exported as interruptible energy under a National Energy Board interruptible export licence.

Note 10 Finance Charges:

Finance charges for each year in the three-year period ended March 31, 1984 comprise the following:

	1984	1983	1982
		(in millions)	
Interest on long-term debt	**$872**	$800	$685
Amortization of discount and issue expense	**7**	5	4
Exchange adjustments on long-term debt	**12**	11	10
Other finance charges	**2**	2	2
	893	818	701
Less:			
Income from sinking fund investments held by Trustee	**70**	56	54
Income from temporary investments	**19**	66	97
	89	122	151
	804	696	550
Less:			
Finance charges capitalized	**284**	217	142
	$520	$479	$408

The effective rate for finance charges capitalized to unfinished construction during the year ended March 31, 1984 was 12.2% (1983 — 15.8%; 1982 — 15.1%).

Note 11 Extraordinary Item:

In July 1982, the Hat Creek project was deferred indefinitely as a result of rising project costs and reduced rates of growth in projected electrical demand. Project costs, including the costs of demobilization, in the amount of $77 million, have been written off and shown as an extraordinary item in the statement of income and earnings employed in the business for the year ended March 31, 1983.

Note 12 Segment Information:

B.C. Hydro is engaged in the operation of three principal services: generation, transmission and distribution of electricity; distribution of gas; and provision of a rail freight service.

Most expenses are directly attributable to specific services. Common expenses are allocated among the services using appropriate bases established by regular review and analysis. Export surplus expenses include only direct costs, namely wheeling charges and water rentals.

Domestic and other electric service revenues include sales of firm energy under approved export contracts in the amount of $5 million (1983 — $11 million; 1982 — $11 million).

Identifiable assets are those assets that are used in each service's operations. Corporate assets are principally temporary investments and unamortized discount and issue expense on long-term debt.

AUDITOR'S REPORT

To the Chairman and Members of the Board of Governors of the British Columbia Institute of Technology, and

To the Minister of Education
Province of British Columbia:

I have examined the balance sheet of the British Columbia Institute of Technology as at 31 March 1984, the statement of revenue and expenditure and changes in fund balances, and the statements of revenue and expenditure for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Institute as at 31 March 1984 and the results of its operations and the changes in its fund balances for the year then ended in accordance wih generally accepted accounting principles, as modified by note 1(a) to the financial statements, applied on a basis consistent with that of the preceding year.

Erma Morrison

BRITISH COLUMBIA INSTITUTE OF TECHNOLOGY

NOTES TO FINANCIAL STATEMENTS

for the year ended March 31, 1984

Note 1. Significant Accounting Policies

a) General

These financial statements have been prepared in accordance with generally accepted accounting principles except for the following:

i) Improvement, building and equipment expenditures are expensed in the year acquired and are also recorded, at cost, on the balance sheet.
ii) No provision is made for amortization and depreciation on improvements, buildings and equipment.
iii) No provision is made for the current portion of accrued vacation pay (Note 10).
iv) No provision is made for accrued interest on long term debt.
v) Books and periodicals of the Library are charged as an expense in the year acquired.
vi) Fund accounting procedures are followed.

b) Fund Accounting

Available resources and their related expenditures are accounted for in separate funds in accordance with objectives specified by donors, limitations and restrictions imposed by sources outside the Institute, and determinations made by the Board of Governors. In the financial statements, funds with similar characteristics have been combined into major fund divisions which are described below:

i) General Purpose Operating - amounts received and used in the general operation of the Institute.
ii) Temporary Courses Operating - amounts received and used in presenting courses which were specifically approved and specially funded by the Province of British Columbia.
iii) Special Purpose - amounts received and used in the provision of financial aid and in completing specific projects which were undertaken by the Institute and specially funded by donors, governments or appropriations from the General Purpose Operating Funds.
iv) Ancillary Services - amounts received and used in the Bookstore, Campus Food and Residence operations.
v) Capital - amounts received and used in the acquisition of capital assets and in the servicing of authorized capital borrowings.
vi) Trust - amounts received and used as authorized and directed under trust arrangements.
vii) Donated - amounts received and used in the provision of financial awards.

c) Specific Items

i) Inventories consist of general supplies, books and food, recorded at the lower of cost and net realizable value.
ii) Equipment with a unit value of less than $250 is charged as an expense of the Capital Fund in the year acquired.
iii) The portion of tuition fees relating to the period after March 31, 1984 is recorded as deferred income.
iv) Ancillary Services do not include certain administrative overhead costs.
v) Termination salary grants are charged against operations on an accrual basis (Note 10).

BRITISH COLUMBIA INSTITUTE OF TECHNOLOGY

NOTES TO FINANCIAL STATEMENTS

for the year ended March 31, 1984

Note 2. Bonds

Interest is earned at 11 3/4% per annum on the face amount paid semi-annually on February 1 and August 1 each year. These bonds mature February 1, 2003.

	March 31 1984	1983
Face Amount	$310,000	$310,000
Cost	$291,338	$291,338
Market Value	$276,675	$303,800

Note 3. Land, Buildings and Improvements

All Willingdon campus land and certain buildings occupied by the Institute are the property of the Province of British Columbia and are provided free of charge except that a portion of the land for the residences is leased from the Province of British Columbia at $25 per annum terminating October, 2037.

Note 4. Equipment

All equipment acquired prior to April 1, 1975 for use by the Institute was previously owned by the Province of British Columbia. During the year ended March 31, 1978, title was transferred at no cost to the Institute. This equipment is recorded at the nominal value of $1.

Note 5. Debentures Payable

Debentures payable at March 31, 1984 are payable to the British Columbia Educational Institutions Capital Financing Authority.

Terms are as follows:

	Maturity Date	Rate	Principal	Accumulated Sinking Fund Payments	Balance March 31, 1984	Annual Payments
#1	May 02, 2003	11.53%	$2,496,000	$ 0	$2,496,000	$342,331
#2	June 20, 1993	11.75%	602,500	0	602,500	112,384
			$3,098,500	$ 0	$3,098,500	$454,715

Interest and sinking fund instalments are paid to the British Columbia Educational Institutions Capital Financing Authority from grants received from the Province of British Columbia. These debentures can be recalled by the Chairman of the British Columbia Educational Institutions Capital Financing Authority by giving not less than five (5) months' notice in writing.

BRITISH COLUMBIA INSTITUTE OF TECHNOLOGY

NOTES TO FINANCIAL STATEMENTS

for the year ended March 31, 1984

Note 6. Mortgage Payable

The student on campus residence is financed by a 9¼% fixed rate mortgage, repayable at $19,721 (principal and interest) per month for the remaining term of the mortgage maturing August, 2027. The current portion of the long term debt is $3,703 as at March 31, 1984 (1983 - $3,620).

Note 7. Bank Loans

	March 31	
	1984	1983
Bank loans payable on demand at the prime bank lending rate under the provisions of the Educational Institution Capital Finance Act are as follows:		
Broadcast Laboratory	$ 16,708	$1,825,000
Construction of Biological and Mechanical Laboratories	820,700	720,000
Major Renovations and Public Works 1979/80	626,823	601,000
Combined Shortfall and Major Campus Renovations	274,177	240,000
Paramedical Educational Facility - St. Paul's Hospital	1,010,000	980,000
Purchase of Computer Equipment	-	250,000
New Bulk Storage Building	-	596,000
Pollution Laboratory	186,000	160,000
Paramedical Educational Facility - St. Paul's Hospital - Phase II	115,000	-
	3,049,408	5,372,000
Bank loans payable on demand at the prime bank lending rate. These loans are to be repaid by grants from the Province of British Columbia:		
Perimeter Road Lighting	-	75,000
Emergent Need and Roof Repairs	-	42,500
1982/83 Public Works and Renovations Projects	259,833	60,417
	259,833	177,917
Bank loan payable on demand at the prime bank lending rate. This loan is to be repaid out of future rental income from residences:	1,800,000	1,680,000
TOTALS:	$5,109,241	$7,229,917

BRITISH COLUMBIA INSTITUTE OF TECHNOLOGY

NOTES TO FINANCIAL STATEMENTS

for the year ended March 31, 1984

Note 8. Interfund Transfers

The following interfund transfers were made during the fiscal year:

	Operating Fund	Special Purpose Fund	Ancillary Services Fund	Capital Fund	Trust Funds	
					Trust	Donated
(a) To transfer the net loss from the Residence Operations to the Residence Maintenance and Replacement Fund in the Special Purpose Fund		$(67,543)	$67,543			
(b) To transfer the Student Loan Fund from the Donated - Trust Fund to the Special Purpose Fund		120,030				$(120,030)
(c) To transfer certain fund balances from the Special Purpose Fund to the Trust - Trust Fund		(2,055)			$2,055	
(d) To transfer funds from the Operating Fund to the Capital Fund to finance the acquisition of specific equipment	$(7,000)			$7,000		
(e) To transfer funds from the Donated - Trust Fund to the Special Purpose Fund as set out by donor instructions		2,550				(2,550)
	$(7,000)	$ 52,982	$67,543	$7,000	$2,055	$(122,580)

Note 9. Appropriation of Funds - Residence Construction

During the current year, the Institute:

(i) charged residence, phase 2 construction costs as an expenditure of the special purpose fund;

(ii) recorded proceeds from the residence construction loan as a revenue in the special purpose fund;

(iii) repaid amounts to the special purpose funds appropriated in 1983 for the acquisition of residences;

(iv) recorded the construction in progress as an asset and the loan as a liability in the capital fund;

	March 31 1984	1983
Residence construction costs	$ 46,515	$1,871,485
Proceeds from loan	$ 238,000	$1,680,000
Appropriation of funds	$(191,485)	$ 191,485

BRITISH COLUMBIA INSTITUTE OF TECHNOLOGY

NOTES TO FINANCIAL STATEMENTS

for the year ended March 31, 1984

Note 10. Accrued Vacation Pay and Accrued Termination Salary Grant

The vacation pay liability is accrued for approved vacation days carried forward from the previous academic year. The liability does not include vacation earned in the period July 1 to the end of the fiscal year.

The termination salary grant liability is accrued for employees who are members of the British Columbia Government Employees Union. In accordance with the provision in their collective agreement, each employee is entitled to receive a salary grant on termination of employment for an amount equivalent to 50% of sick leave credits earned from the date of employment with the Board of Governors of the British Columbia Institute of Technology (July 4, 1974) at the rate of pay on the date of termination.

This accounting treatment is not in compliance with the Policy on accrual accounting issued by the Ministry of Education for the Province of British Columbia. However, the Institute has adopted accounting treatments which provide for recognition of charges against operations in the year in which they occurred. Charges have been funded by Investment income. The liabilities are fully funded.

The amounts of liability included in Accounts Payable and Accrued Liabilities are as follows:

	March 31, 1984	March 31, 1983
Vacation Pay Liability	$ 935,772	$ 957,031
Termination Salary Grant Liability	522,408	578,001
	$1,458,180	$1,535,032

The net effects on operations are as follows:

	For the year ending	
	March 31, 1984	March 31, 1983
Vacation Pay Expenditure	$ (21,259)	$ 79,977
Termination Salary Grant Expenditure	(55,593)	125,535
	$ (76,852)	$ 205,512

Note 11. Commitments

Commitments under Capital construction contracts amount to $526,629 at March 31, 1984 (1983 - $116,752).

Commitments for lease and rental agreements amount to $248,652 per annum until August 31, 1985.

Note 12. Comparative Figures

Certain other 1983 comparative figures have been restated to conform with the presentation adopted for the current year. These restatements have no effect on the Excess of Revenue over Expenditure or Fund Balances.

BRITISH COLUMBIA LIQUOR DISTRIBUTION BRANCH

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 1984

1. SIGNIFICANT ACCOUNTING POLICIES:

Revenues and expenses are reflected on an accrual basis.

Merchandise inventory is valued at its latest landed cost. Customs and excise taxes are not included in the value of inventory where payment is due upon shipment from the bonded warehouse.

Expenditures for buildings, leasehold improvements, furniture, fixtures and equipment are capitalized and are subject to depreciation on a straight line basis as follows:

Buildings	- 7 1/2% per annum
Leashold Improvements	- a minimum of 10% per annum or a rate sufficient to write off the cost over the remaining life of the respective lease.
Furniture, Fixtures and Equipment	- 25% per annum

2. CASH:

	1984	1983
Cash on hand and in banks (overdraft)	$ (808,190)	$(2,209,943)
Cash in transit	9,772,378	8,613,890
	$ 8,964,188	$ 6,403,947

BRITISH COLUMBIA LIQUOR DISTRIBUTION BRANCH

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 1984

3. FIXED ASSETS:

	1984		1983	
	Cost	Accumulated Depreciation	Cost	Accumulated Depreciation
Land	$ 1,124,183	$ -	$ 1,135,423	$ -
Buildings	11,382,755	5,652,725	10,998,648	5,153,224
Leasehold Improvements	4,584,261	1,478,465	3,518,584	927,091
Furniture, Fixtures and Equipment	15,623,988	11,402,971	14,377,439	9,067,536
	32,715,187	18,534,161	30,030,094	15,147,851
NET BOOK VALUE	$14,181,026		$14,882,243	

4. SALES:

Included in sales are non-alcoholic items amounting to $810,932 (1983 - $910,111).

Sales made directly to Licensed Establishments by authorized Brewers' agents on behalf of the Liquor Distribution Branch totaling $152,979,465 (1983 - $148,765,746) are not included in the sales reported by the Branch. The Provincial Malt Levy reported on the Income Statement represents the margin on these sales.

Sales made directly to the Public by authorized Commercial Winery Agency Stores of $2,139,666 (1983 - $1,113,727) are not included in the sales reported by the Branch.

BRITISH COLUMBIA LIQUOR DISTRIBUTION BRANCH

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 1984

5. COMMITMENTS AND CONTINGENCIES:

Employees of the Branch contribute to the Public Service Superannuation Fund up to 7% of their salaries for basic pension purposes, which includes a portion for cost-of-living indexed increases in pension benefits. The contributions shown in the Schedule include in addition to matching employee contributions, an additional 2.5% of gross payroll for 1984 whereas in 1983 the Branch paid supplementary assessments ($2,293,987) to fund any deficiency in pensions for employees who retired during the year.

An actuarial evaluation of the Public Service Superannuation Fund was made at March 31, 1980. Details of the unfunded liability are described in the Public Accounts of British Columbia. The portion of the unfunded liability attributable to the Liquor Distribution Branch was not determined by the actuary.

The Branch maintains inventory in its bonded warehouse for which Federal Taxes have neither been paid nor recorded. As at March 31, 1984, the future liability for these taxes approximates $6,000,000.

In 1979, a procedure to warehouse imported stocks by Suppliers' Agents was implemented. Under this concept, the Branch has a contractual obligation to purchase all inventories held by the agent should he opt out of the program. The obligation of the Branch should all agents choose to terminate their contracts, totals approximately $19,200,000 for agents and $10,600,000 for federal taxes as at March 31, 1984.

Total commitments to March 31, 1984 for lease of premises amount to $36,050,000. Of this $5,955,000 becomes payable during the year ending March 31, 1985.

6. Certain comparative figures for the previous year have been reclassified to conform with the March 31, 1984 financial statement presentation.

AUDITORS' REPORT

To the Lieutenant-Governor in Council
Province of British Columbia:

We have examined the consolidated balance sheet of British Columbia Petroleum Corporation as at March 31, 1984 and the consolidated statements of income and retained earnings and changes in financial position for the year then ended. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as we considered necessary in the circumstances.

In our opinion, these consolidated financial statements present fairly the financial position of British Columbia Petroleum Corporation as at March 31, 1984 and the results of its operations and the changes in its financial position for the year then ended, in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

BRITISH COLUMBIA PETROLEUM CORPORATION

Notes to Consolidated Financial Statements

March 31, 1984

Note 1 Summary of Significant Accounting Policies

Consolidation

The consolidated financial statements include the accounts of the Corporation and its subsidiary, British Columbia Gas Corporation.

Gas Sales

Under the terms of an agreement between Westcoast Transmission Company Limited and British Columbia Petroleum Corporation effective November 1, 1973, the Corporation sells natural gas to Westcoast Transmission Company Limited at a price equal to the gross revenue received by that Company on the resale thereof less the total cost of service of that Company's utility system operation.

Depreciation

Furniture, equipment, automobiles and leasehold improvements are recorded at cost and depreciation is provided at rates considered adequate to amortize the cost over the service lives of the assets. Depreciation is computed on a straight-line basis.

Note 2 Prepaid Gas

Under its gas purchase contracts with producers, the Corporation is obligated to purchase and take delivery of, or pay for, a specified minimum annual volume of gas. In the 1983 contract year the Corporation was unable to take delivery of the minimum volume of gas and, therefore, is liable to pay for the resulting shortfall (deficiency gas). The Corporation is entitled to take delivery of deficiency gas within a period of ten years from the date incurred, with an adjustment for the prices prevailing when such gas is delivered. The Corporation's deficiency gas for 1983 amounted to $33,701,100 which increased the Corporation's accumulated deficiency gas to $105,818,083 at March 31, 1984.

Note 3 Property Account

	Cost	Accumulated Depreciation & Amortization	1984 Net Book Value	1983 Net Book Value
Furniture	$ 234,106	$ 134,292	$ 99,814	$ 135,636
Automobiles	39,261	13,345	25,916	12,300
Leasehold improvements	211,309	123,884	87,425	108,545
	$ 484,676	$ 271,521	$ 213,155	$ 256,481

Note 4 Deferred Receivable

The deferred receivable of $32,454,594 represents the amount of credit extended to Ocelot Investments Ltd. as at March 31, 1984 under an agreement whereby the Corporation and its subsidiary, British Columbia Gas Corporation, have agreed to extend Ocelot Investments Ltd. credit up to a maximum of $45,000,000. Repayment of this receivable, which is secured by a first fixed and floating charge on the assets of that company, will commence on May 1, 1986 and is repayable over eighteen years with interest at three quarters of one percent over prime.

WOLRIGE, MAHON & COMPANY
Chartered Accountants

Note 5 Liability for Future Gas Supply

Liability for future gas supply represents a payment for deficiency gas incurred by a distributor in 1981, 1982 and 1983. Such deficiency gas volumes may be recovered from the Corporation within five years from the date incurred without further payment.

Note 6 Long Term Debt

Long-term debt comprises $30,000,000 11 3/8 Notes, due in 1988, which are unconditionally guaranteed as to principal and interest by the Province of British Columbia.

Note 7 Interest

	1984	1983
Interest income		
Province of British Columbia	$ 4,147,445	$ 2,291,148
Other	1,369,343	141,955
	5,516,788	2,433,103
Less: Interest expense	3,412,500	-
Amortization of debt issue expenses	42,455	-
	3,454,955	-
	$ 2,061,833	$ 2,433,103

Note 8 Prior Period Adjustment

On December 1, 1982, Westcoast Transmission Company Limited applied to the National Energy Board for certain orders respecting its tolls pursuant to the National Energy Board Act. On December 20, 1982, the Board ordered that Westcoast's tariff and method of regulation would become, effective January 1, 1983, an interim tariff and an interim method of regulation until such time as the Board issued its final order. On August 4, 1983, the Board issued its order which reduced Westcoast's cost of service. As a result of this order, the balance of retained earnings at March 31, 1983, previously reported as $60,360,915 has been restated to show a retroactive increase in income of $3,174,137, representing the reduction in the cost of service in the period January 1, to March 31, 1983. The comparative figures for the year ended March 31, 1983 have been restated where applicable.

Note 9 Commitments

(1) Under agreements with producers which waive the Corporation's liability to pay for deficiency gas incurred in 1980, the Corporation is committed to purchase and take delivery of, or pay for, a specified volume of such gas in each year to 1991. At March 31, 1984, the Corporation's aggregate liability under these agreements was estimated at approximately $26,734,000.

(2) The Corporation has commitments under agreements for the lease of office premises extending to 1989. The aggregate rentals payable under leases amounted to approximately $1,153,000 at March 31, 1984.

AUDITOR'S REPORT

To the Shareholder of British Columbia Place Ltd., and

To the Minister of Energy, Mines and Petroleum Resources
Province of British Columbia

I have examined the balance sheet of British Columbia Place Ltd. as at March 31, 1984 and the statements of income and changes in financial position for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the company as at March 31, 1984 and the results of its operations and the changes in its financial position for the year then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

BRITISH COLUMBIA PLACE LTD.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED MARCH 31, 1984

1. The Company

British Columbia Place Ltd. is incorporated under the Company Act of British Columbia and is also a Crown Corporation having special powers under the British Columbia Place Act.

2. Significant accounting policies

(a) Capitalization of costs

The Company capitalizes all direct acquisition, construction and development costs relating to land and capital projects. Also capitalized are carrying costs which include interest, grants in lieu of property taxes, other related costs and the applicable portion of general and administrative expenses less temporary lease revenue and interest income.

(b) Depreciation and amortization

The cost of the Stadium structure is depreciated by the sinking fund method over 50 years in a series of annual instalments increasing at the rate of 5% compounded annually. The Company anticipates residual value of 10% of cost in calculating the depreciation charge.

All other assets, including the Stadium roof, are depreciated or amortized by the straight line method over their useful lives or lease terms. The estimated lives of these assets are between three and twenty-five years.

(c) Amortization of deferred charges

Stadium operations start-up costs incurred prior to the commencement of operations on June 19, 1983 are amortized on a straight-line basis over three years.

Marketing department expenses incurred prior to land leasing will be amortized against the land lease revenue.

(d) Income taxes

The Company is exempt from Federal and Provincial income taxes.

3. Accounts receivable and prepaid expenses

	1984	1983
	(in thousands of dollars)	
Expo 86 Corporation	$ 11,913	$ 95

5. Stadium (Continued)

Other assets include artificial turf, scoreboard and advertising panels, audio-visual systems, mobile and portable equipment, concessions equipment, private box fixtures, furniture and office equipment.

6. Furniture, equipment and leasehold improvements (excluding Stadium)

	1984	1983
	(in thousands of dollars)	
Cost		
At April 1	$ 471	$ 335
Additions	95	136
At March 31	566	471
Accumulated depreciation and amortization		
At April 1	127	53
Charge for the year	114	74
At March 31	241	127
Net book value	$ 325	$ 344

7. Long term debt

	1984 (in thousands of dollars)
Sinking fund debentures, Series PD-1, maturing on October 26, 1990 and bearing interest at 11.75%	$ 30,000
12.25% Note, Series PJC-1, maturing on January 31, 1996	10,000
Short term notes maturing between April 3, 1984 and May 8, 1984 at an annual weighted average interest rate of 9.85%	23,704
Total principal	63,704
Accrued interest on long term debt	1,847
	$ 65,551

(a) Sinking fund provisions of the Series PD-1 debentures require payments aggregating at least $655,560 on or before October 26th in the years 1984 to 1990, inclusive.

7. Long term debt (Continued)

(b) The Province of British Columbia has unconditionally guaranteed the principal and interest on the sinking fund debentures.

(c) The principal amount of the Series PJC-1 note is repayable in six instalments at 10% of principal amount for each instalment in the years 1991 to 1995, inclusive, with a final instalment of 50% of principal amount on January 31, 1996, or on prior demand.

(d) The Company has a funding agreement with the Province of British Columbia whereby funding required by the Company to carry out its day-to-day operations, over and above revenues received from all sources, is provided by the Province of British Columbia up to a maximum amount of $73,000,000 outstanding at any one time during the period January 16, 1984 to March 31, 1985. Under this agreement, short term notes are renewed upon maturity, as required by the Company.

8. Share capital

Authorized 10,000 common shares without par value.

Issued and fully paid, one share to British Columbia Buildings Corporation - $1. The Minister of Finance for the Province of British Columbia retains voting rights of this share.

9. Contributed surplus

Contributed surplus represents an equity investment by British Columbia Buildings Corporation in the amount of $205 million coincident with the acquisition of the only outstanding share of the Company from the Crown in right of the Province.

10. Contractual commitments

(a) The Company entered into an agreement with Dillingham Corporation Canada Ltd., now known as Dillingham Construction Ltd., to construct the Stadium for a guaranteed maximum price of $111,441,000. On September 9, 1983, the agreement was amended as follows:

i) All outstanding claims for adjustment to the GMP by both parties have been settled.

ii) All remaining direct costs of the project, as processed by Dillingham and approved by B.C. Place, will be paid by B.C. Place.

10. Contractual commitments (Continued)

As at March 31, 1984, costs of $108,397,000 had been incurred relating to this amended agreement, and the outstanding commitments amount to $453,000.

(b) The Company entered into an agreement with Phillips Barratt for the provision of architectural and engineering services for the Stadium construction at a cost of approximately $5,350,000. As at March 31, 1984, costs of $5,257,110 had been incurred relating to this agreement.

(c) The Company has entered into various agreements to provide for site services. As at March 31, 1984, the total value of outstanding commitments was $11,791,000.

11. Related party transactions

Expo 86 Corporation, a British Columbia Crown Corporation created for the purposes of organizing, constructing and operating the 1986 World Exposition to be held in the City of Vancouver, leased a portion of the B.C. Place Lands for its purposes in the amount of $1 and other considerations. The term of the lease covers four years and three months from March 31, 1983 up to and including June 30, 1987. The Indenture of lease, signed June 3, 1983, sets out the commitments from both parties.

12. Contingent liability

A problem developed through the bankruptcy on March 26, 1982 of Bordignon Construction Ltd., a Stadium trade contractor, resulting in a number of liens filed against the property. In the opinion of legal counsel, under the Builder's Lien Act, the Company's liability will be limited to the 15% holdback applicable to the work completed at the time of the bankruptcy and most of the liens ultimately will be found invalid.

The Company has a claim against the Mortgage Insurance Company of Canada for the expenditures in excess of the Bordignon contract price under its performance bond.

In the opinion of B.C. Place management, any additional costs due to this bankruptcy will not be material.

13. Comparative figures

Certain 1983 amounts have been reclassified, where appropriate, to conform with the presentation adopted in 1984.

AUDITORS' REPORT

To the Lieutenant Governor in Council
Province of British Columbia

We have examined the balance sheet of British Columbia Railway Company as at December 30, 1983 and the statements of income and deficit and changes in financial position for the fiscal year then ended. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as we considered necessary in the circumstances.

In our opinion, these financial statements present fairly the financial position of the railway as at December 30, 1983 and the results of its operations and the changes in its financial position for the fiscal year then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding fiscal year.

BRITISH COLUMBIA RAILWAY COMPANY

Notes to Financial Statements

December 30, 1983

1. Significant accounting policies:

The accounting regulations prescribed by the Canadian Transport Commission for Canadian railways have been adopted to the extent that this is possible without submitting specific accounting policies and depreciation rates to the Commission for approval.

Class of business:

The railway provides a fully integrated rail service within the Province of British Columbia. Services other than hauling freight are not of sufficient size to warrant separate reporting.

Road property:

New construction is recorded at cost, net of Government grants received. Abandoned or relocated sections are removed at average unit costs. Elements of track structure installed during planned programs are recorded at cost and the material released is removed at amounts which approximate the average unit cost. Labour costs for programmed replacements are expensed as incurred.

All costs of constructing extension lines are capitalized to the date the line is certified operational by the British Columbia Ministry of Transportation and Highways. Capitalization of interest ceases and provision of depreciation commences on the date of certification.

Depreciation:

Depreciation is provided for major categories of property and equipment on the straight-line basis at composite rates estimated to reduce the original cost to estimated salvage value over the average service lives of the classes. The group method is used for recording depreciation under which the original cost of assets retired less salvage value is charged against accumulated depreciation. No gain or loss on retirements, other than on accidental destruction of rolling stock and on disposal of land, is included in income. The original cost of principal assets less estimated salvage value is depreciated over the following number of years:

	Number of Years
Grades, surfacing and tunnels	100
Rails	50
Ties	20
Ballast	25
Bridges	30 - 80
Locomotives and power units	25
Freight cars	33

BRITISH COLUMBIA RAILWAY COMPANY

Notes to Financial Statements, continued

December 30, 1983

1. Significant accounting policies, continued:

Repairs:

Repairs and non-programmed replacements of track structure are charged against current operations. Betterments and major track relocations are capitalized.

Materials and supplies:

Inventories of materials and supplies are valued at the lower of average cost or net realizable value.

Government assistance:

Government assistance has been recorded in accordance with the accounting recommendations of the Canadian Institute of Chartered Accountants. Grants directly related to the construction or rehabilitation of road property have offset related road property capital expenditures. Operating grants have been deducted from the related expense accounts. Assistance provided by the Provincial Government in its capacity as shareholder has been credited to contributed surplus.

Amortization of bond discount on sinking fund investments:

The discount on bonds issued by a related Provincial Crown corporation which are included as assets in the sinking funds and which the railway intends to hold to maturity is being amortized over the related life of the bonds. All other bond discounts will be recognized at maturity.

Income taxes:

The railway is exempt from Canadian federal and provincial income taxes.

Transactions in foreign currency:

Transactions originating in United States currency are recorded at the approximate exchange rates prevailing at the dates of the transactions. Assets and liabilities have been translated to equivalent Canadian amounts at the rate of exchange in effect on the balance sheet date.

Leases:

Certain long-term lease transactions relating to the financing of equipment are accounted for as purchases of property. The capitalized lease obligations reflect the present value of future rental payments discounted at the interest rate implicit in the leases. The capitalized value of depreciable assets is depreciated over the related lease terms in equal annual amounts. Costs of all other leases are charged against operations as incurred.

BRITISH COLUMBIA RAILWAY COMPANY

Notes to Financial Statements, continued

December 30, 1983

1. Significant accounting policies, continued:

   Fiscal year-end:

   The fiscal year of the railway ends on the Friday closest to December 31. The 1983 fiscal year ended on December 30, 1983 and the 1982 fiscal year ended on December 31, 1982; both comprised 52 weeks.

2. Tumbler Ridge branch line:

   In 1981, the railway began construction of the 130 km Tumbler Ridge branch railway line to the coal fields located in northeastern British Columbia. Since inception of this project, the Government of the Province of British Columbia has purchased $61,000,000 share capital and the railway has arranged interim financing for the balance of the cost in the form of promissory notes due at various dates up to May 1, 1984 in the aggregate of $341,287,000. These notes bear interest at various rates up to 9.83%. It is intended that long-term financing will be obtained to replace these notes.

   The total construction cost of the branch line, excluding capitalized financing charges, is currently projected at $455,000,000. As of December 30, 1983, the railway has incurred construction costs of $436,495,000. The operating certificate for the Tumbler Ridge branch line was received in February, 1984.

3. Dease Lake extension:

   These costs consist of charges relating to the uncompleted Dease Lake extension. Construction was suspended in 1977 and there are no commitments to continue construction. In the event any portion of this extension is abandoned, the cost less any value recovered will be written off at that time.

4. Long-term debt:

   Long-term debt is not secured by assets of the railway. Bonds issued by the railway which are held in the sinking fund are not cancelled prior to maturity but for financial statement presentation have been deducted from the amounts shown as outstanding. As of December 30, 1983 the principal amount of bonds issued by the railway held in the sinking fund aggregated $5,841,000; (1982 - $5,320,000).

   The Government of the Province of British Columbia has unconditionally guaranteed the principal and interest of the serial bonds, notes and sinking fund bonds and debentures.

BRITISH COLUMBIA RAILWAY COMPANY

Notes to Financial Statements, continued

December 30, 1983

4. Long-term debt, continued:

Long-term debt outstanding, less current maturities, consists of the following:

	1983	1982
Sinking fund bonds and debentures:		
1984-1988 - 3.25% to 4.75%	$ 34,204,000	
1989-1993 - 5.75% to 7.66%	67,479,000	
1994-1998 - 4.5% to 9.34%	247,052,000	
1999-2003 - 9.05% to 10.5%	338,218,000	
2004-2005 - 12.75%	45,000,000	
	731,953,000	740,007,000
Less sinking fund assets net of railway's own bonds held	144,823,000	132,249,000
	587,130,000	607,758,000
Notes and bonds: 16.875% - due 1986 and 1996	18,701,000	17,662,000
Serial bonds: 4.875% - due 1988	1,138,000	1,072,000
Long-term lease obligations (Note 7)	37,123,000	19,408,000
	644,092,000	645,900,000
Deduct current portion	9,754,000	9,456,000
	$ 634,338,000	636,444,000

Bonds totalling $185,327,000 which are held by the Minister of Finance for Canada contain a provision whereby under certain circumstances they may be presented for redemption upon six months notice given to the railway. The railway also has the right under certain circumstances to redeem bonds aggregating $476,433,000 at various dates.

Long-term debt retirements and sinking fund provisions excluding obligations under capital leases and early redemption options, for the four fiscal years ending with 1988 are $9,019,000, $18,005,000, $9,040,000 and $9,052,000.

Included in long-term debt outstanding at December 30, 1983 are obligations recorded at $32,306,000 with a par value of $25,913,000 payable in United States currency.

BRITISH COLUMBIA RAILWAY COMPANY

Notes to Financial Statements, continued

December 30, 1983

5. Share capital:

Authorized share capital is 10,000,000 shares of $100 each. During the year, 160,000 shares were issued for $16,000,000 cash and 111,156 shares were issued at a par value of $100 for the acquisition of the British Columbia Harbours Board net railway assets, Note 11, increasing the number of shares outstanding to 2,576,885.

6. Interest expense:

The Government of the Province of British Columbia provided $70,000,000 to assist in paying the 1983 historic debt servicing charges of the railway. Of this amount, $46,367,000 has been applied to offset interest on long-term debt and the balance of $23,633,000 has been added to contributed surplus.

Interest expense is as follows:

	1983	1982
Interest on long-term debt and notes	$ 91,944,000	84,200,000
Less:		
Sinking fund earnings	13,150,000	14,442,000
Interest capitalized	30,232,000	14,071,000
Interest earned on temporary investments	2,195,000	5,702,000
	45,577,000	34,215,000
	46,367,000	49,985,000
Interest on capital leases	2,266,000	2,318,000
	48,633,000	52,303,000
Less:		
Application of debt servicing assistance	46,367,000	49,985,000
Net interest	$ 2,266,000	2,318,000

7. Commitments:

The railway has significant lease commitments for rolling stock and additional minor lease commitments for equipment and real estate which expire at various dates prior to the year 2000. Certain of these leases transfer substantially all of the benefits and risks of ownership to the railway and are accounted for as capital assets.

BRITISH COLUMBIA RAILWAY COMPANY

Notes to Financial Statements, continued

December 30, 1983

7. Commitments, continued:

The following is a schedule of future minimum rental payments at December 30, 1983 required under non-cancellable leases that have terms in excess of one year:

	Capital leases	Operating leases
1984	$ 5,464,000	13,177,000
1985	5,464,000	10,512,000
1986	5,464,000	10,273,000
1987	5,464,000	10,225,000
1988	5,464,000	10,060,000
Later years	61,003,000	38,184,000
Total minimum lease payments	88,323,000	92,431,000
Less:		
Executory costs	(4,147,000)	
Imputed interest	(47,053,000)	
Present value	$ 37,123,000	

Assets under capital leases recorded in the property and equipment accounts as at December 30, 1983 are as follows:

Equipment	$ 38,501,000
Accumulated depreciation	3,802,000
	$ 34,699,000

The railway is commited to purchase $13,000,000 of equipment to be received in 1984.

8. Contingent liabilities:

The railway is contingently liable with respect to pending litigation and claims which arose in connection with construction of the Tumbler Ridge branch line and in the normal course of business. In the opinion of management any liability that may arise will be capitalized or would not have a material adverse effect on future income.

BRITISH COLUMBIA RAILWAY COMPANY

Notes to Financial Statements, continued

December 30, 1983

9. Pension plan:

The majority of the railway's employees participate in a contributory pension plan and are entitled to limited vested rights prior to retirement. Independent actuaries performed an actuarial valuation of the plan as at December 31, 1981. Based on their report, the unfunded actuarial liabilities of the plan at that date approximated $8,600,000. These unfunded liabilities are being amortized over a period of 21 years from that date at a rate of $972,000 per annum.

The total pension expense for the year, including amortization payments was $6,450,000; (1982 - $5,591,000).

10. Government assistance:

Government assistance received was as follows:

	1983	1982
From the Province of British Columbia:		
Debt servicing (Note 6)	$ 70,000,000	70,000,000
Other:		
Fort Nelson extension		
Operating	5,359,000	5,837,000
Rehabilitation	393,000	271,000
Tumbler Ridge branch line electrification	2,500,000	-
Takla extension	375,000	-
Passenger operation	2,038,000	2,888,000
Passenger car modernization	-	700,000
From the Government of Canada:		
Tumbler Ridge branch line electrification	4,906,000	-
	15,571,000	9,696,000
	$ 85,571,000	79,696,000

	1983	1982
Of the above, the following were treated as a reduction in operating expenses:		
Fort Nelson extension	$ 5,359,000	5,837,000
Takla extension	375,000	-
Passenger operation	2,038,000	2,888,000
	$ 7,772,000	8,725,000

BRITISH COLUMBIA RAILWAY COMPANY

Notes to Financial Statements, continued

December 30, 1983

11. Related party transactions:

All of the outstanding shares of the railway are owned by the Government of the Province of British Columbia.

The railway acquired the railway operations of the British Columbia Harbours Board effective October 31, 1983. The assets transferred are recorded in the railway's accounts at their cost of $16,807,000, consideration for which was the issue of 111,156 shares and the assumption of certain liabilities.

Long-term debt is guaranteed by the Province and the Province provided assistance for the related debt servicing charges as described in Note 6. The Ministry of Finance of the Province acts as fiscal agent in the administration of the debt and the Superannuation Commission of the Province administers the railway pension plan. Fees are charged for both of these services. The majority of sinking fund assets comprise securities issued or guaranteed by the Province.

The railway received assistance from the Province during the year and is exempted from all taxes levied by the Province of British Columbia. All other transactions between the railway and the Province are at terms no more or less favourable than those with unrelated parties.

12. Subsequent event:

On February 20, 1984 the Minister of Finance presented the 1984 Budget of the Province of British Columbia. As part of this Budget, it is intended to provide payment of $470,000,000 in respect of all future interest and principal payments on the railway's existing long-term debt, excluding capital leases.

AUDITOR'S REPORT

To the Chairman and Members of the
British Columbia Regional Hospital Districts Financing
Authority, and

To the Minister of Finance
Province of British Columbia:

I have examined the statement of assets and liabilities of the British Columbia Regional Hospital Districts Financing Authority as at 31 March 1984 and the statement of sources and uses of funds for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Authority as at 31 March 1984 and the results of its operations for the year then ended in accordance with generally accepted accounting principles applied, except for the change in the method of accounting for discounts and premiums on sinking fund investments as explained in Note 3 to the financial statements, on a basis consistent with that of the preceding year.

	$ 235,470,943	$ 250,534,587

BRITISH COLUMBIA REGIONAL HOSPITAL DISTRICTS FINANCING AUTHORITY

NOTES TO FINANCIAL STATEMENTS

AS AT 31 MARCH 1984

1. The Authority

The Authority was established by the Hospital District Finance Act, R.S.B.C. 1979, Chapter 179. Section 2 of the Act states that the purpose of the Authority is: "to assist in the financing of hospital projects, medical and health facilities, community human resources and health centres, and any other community, regional or Provincial facilities for the social improvement, welfare and benefit of the community or the general public good, approved by the Minister of Health".

The Authority provides assistance in financing by making loans to the Regional Hospital Districts and the Health Facilities Association under terms and conditions identical to those governing the borrowing of the Authority itself.

2. Significant accounting policies

a) Sinking fund instalments received from the Regional Hospital Districts and the Health Facilities Association in respect of their debt to the Authority together with the investment income earned thereon are set aside in sinking funds maintained by the Trustee, the Minister of Finance, to provide for retirement of the debt of the Authority at maturity. Sinking fund instalments, income earned on sinking fund investments and the corresponding investment of the instalments and income by the sinking fund trustee have been reflected in the statement of sources and uses of funds.

b) Sinking fund investments
   i) Long-term investments are valued at cost of acquisition adjusted by amortization of discounts and premiums on a straight-line basis over the remaining terms of the investments.
   ii) Temporary investments are valued at cost of acquisition.

3. Change in accounting policy

In the year ended 31 March 1983 and prior years, discounts and premiums on sinking fund long-term investments purchased were recognized on disposal. Discounts and premiums are now amortized on the basis described in Note 2(b). This change in accounting policy has not been retroactively applied and comparative figures have not been restated due to the immateriality to the sinking fund balance of the amount involved.

As a result of this change, sinking fund investment income for the year ended 31 March 1984 and book values of sinking fund investments held as at 31 March 1984 have both been increased by $2,104,479.

BRITISH COLUMBIA REGIONAL HOSPITAL DISTRICTS FINANCING AUTHORITY

NOTES TO FINANCIAL STATEMENTS

AS AT 31 MARCH 1984

4. Long-term loans receivable

Long-term loans receivable totalling $856,024,000, including all loans which were financed by borrowing from the Canada Pension Plan (see Note 5) are redeemable on five months notice in whole or in part before maturity at the option of the Chairman of the Authority. Further long-term loans receivable totalling $2,000,000 are redeemable in whole or in part before maturity but after 1994 at the option of the Chairman of the Authority. The remaining long-term loans receivable of $51,531,646 are not redeemable before maturity.

Details of long-term loans receivable are set out in Schedule I.

5. Long-term debt

	1984	1983
Canada Pension Plan Investment Fund 6.62% to 17.51% debentures, due 1988 through 2004	$ 821,524,000	$ 726,127,000
Province of British Columbia Pension Funds 7.00% to 13.60% debentures, due 1987 through 1993	32,310,000	32,310,000
Province of British Columbia Boards, Agencies and Commissions 7.00% to 15.75% debentures, due 1984 through 1998	31,721,646	32,497,186
Province of British Columbia 6.79% to 7.45% due 1991 and 1992	12,000,000	12,000,000
General Public 11.375% debentures due 1988	12,000,000	12,000,000
	909,555,646	814,934,186
Less: Current portion of long-term debt	897,687	775,540
Instalments to sinking funds payable within one year	25,194,506	23,109,890
Exhibit A	$ 883,463,453	$ 791,048,756

BRITISH COLUMBIA REGIONAL HOSPITAL DISTRICTS FINANCING AUTHORITY

NOTES TO FINANCIAL STATEMENTS

AS AT 31 MARCH 1984

5. Long-term debt (continued)

Debentures issued to the Canada Pension Plan Investment Fund are redeemable on six months' notice, in whole or in part before maturity, at the option of the Minister of Finance of Canada.

Debentures totalling $2,000,000 are redeemable in whole or in part prior to maturity but after 1994 at the option of the Authority.

Serial debenture maturities due in each of the next five fiscal years are:

1985	$ 897,687
1986	1,039,073
1987	1,202,728
1988	1,392,157
1989	-

In addition, non-serial debentures of $16.9 million will mature in the year ended 31 March 1989. Repayment of these debentures will be fully funded by sinking fund assets.

Sinking fund instalments of $25,194,506 are due in each of the next five years.

The Province of British Columbia has unconditionally guaranteed the payment of principal and interest on the long-term debt of the Authority.

6. Sinking fund assets at 31 March:

	1984	1983
Cash and temporary investments	$ 109,373,601	$ 75,405,854
Long-term investments (Market value $74,796,571 1983: $73,083,705)	82,840,374	75,754,734
Accrued interest	5,290,996	3,942,733
	197,504,971	155,103,321
Less: Funds management fees payable	34,394	124,479
Exhibit A	$ 197,470,577	$ 154,978,842

BRITISH COLUMBIA REGIONAL HOSPITAL DISTRICTS FINANCING AUTHORITY

NOTES TO FINANCIAL STATEMENTS

AS AT 31 MARCH 1984

6. Sinking fund assets at 31 March (continued):

Sinking fund investments include $10,000,000 (1983: $10,000,000) par value of debentures issued by the Authority.

Funds management fees have been charged to the sinking funds of the Authority by the Ministry of Finance for the year ended 31 March 1984, in accordance with Section 39 (4) of the Financial Administration Act. These fees are based on the market value of sinking fund assets and are charged on a quarterly basis during the year.

7. Comparative figures

Certain 1983 comparative figures on the statement of sources and uses of funds have been reclassified to conform with the financial statement presentation adopted in 1984.

SCHEDULE 1

AUDITOR'S REPORT

To the Chairman and Members of the
British Columbia School Districts Capital Financing Authority, and

To the Minister of Finance
Province of British Columbia:

I have examined the statement of assets and liabilities of the British Columbia School Districts Capital Financing Authority as at 31 March 1984 and the statement of sources and uses of funds for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Authority as at 31 March 1984 and the results of its operations for the year then ended in accordance with generally accepted accounting principles applied, except for the change in the method of accounting for discounts and premiums on sinking fund investments as explained in note 3 to the financial statements, on a basis consistent with that of the preceding year.

	$ 364,851,395	$ 359,742,287

BRITISH COLUMBIA SCHOOL DISTRICTS CAPITAL FINANCING AUTHORITY

NOTES TO FINANCIAL STATEMENTS

AS AT 31 MARCH 1984

1. The Authority

The Authority was established by the School District Capital Finance Act, R.S.B.C. 1979, Chapter 376. Section 2 of the Act states that: "the object of the Authority is to assist the boards of school trustees of the various school districts created under the School Act to finance their capital expenditures by purchasing debentures issued by boards of school trustees with money raised by the issue and sale of debentures of the authority".

The debentures issued by the Authority to the School Districts have terms and conditions identical to those governing the borrowing of the Authority itself, except as described in Note 8.

2. Significant accounting policies

a) Sinking fund instalments received from the School Districts in respect of their debt to the Authority together with the investment income earned thereon are set aside in sinking funds maintained by the Trustee, the Minister of Finance, to provide for retirement of the debt of the Authority at maturity. Sinking fund instalments, income earned on sinking fund investments and the corresponding investment of the instalments and income by the sinking fund trustee have been reflected in the statement of sources and uses of funds.

b) Sinking fund investments

i) Long-term investments are valued at cost of acquisition adjusted by amortization of discounts and premiums on a straight-line basis over the remaining terms of the investments.

ii) Temporary investments are valued at cost of acquisition.

c) U.S. Exchange

Assets and liabilities denominated in United States dollars have been converted to Canadian dollars at the rate prevailing at the balance sheet date.

Unrealized gains and losses arising on U.S. exchange are reflected in the statement of sources and uses of funds in the year in which they arise. The gains and losses are not deferred and amortized as they are fully offsetting and have no effect on the net financial position of the Authority.

BRITISH COLUMBIA SCHOOL DISTRICTS CAPITAL FINANCING AUTHORITY

NOTES TO FINANCIAL STATEMENTS

AS AT 31 MARCH 1984

2. Significant Accounting Policies (continued)

d) Certification of Sinking Funds and Loans Discharged

Investments transferred to the Authority from the certified sinking funds (see Note 7) are recorded at par value. They are shown as a reduction of long-term debt, as the specific purpose of these investments is essentially the same as that of a sinking fund.

3. Change in accounting policy

In the year ended 31 March 1983 and prior years, discounts and premiums on sinking fund long-term investments purchased were recognized on disposal. Discounts and premiums are now amortized on the basis described in Note 2(b). This change in accounting policy has not been retroactively applied and comparative figures have not been restated due to the immateriality to the sinking fund balance of the amount involved.

As a result of this change, sinking fund investment income for the year ended 31 March 1984 and sinking funds on deposit as at 31 March 1984 have both been increased by $6,071,706.

4. Long-term loans receivable

Long-term loans receivable totalling $1,174,674,000 (1983: $1,040,191,290) are redeemable on five months notice in whole or in part before maturity at the option of the Chairman of the Authority. The remaining long-term loans receivable of $241,160,153 (1983: $246,237,731) are not redeemable before maturity.

Details of long-term loans receivable are set out in Schedule I.

BRITISH COLUMBIA SCHOOL DISTRICTS CAPITAL FINANCING AUTHORITY

NOTES TO FINANCIAL STATEMENTS

AS AT 31 MARCH 1984

5. Long-term debt

	1984	1983
Canada Pension Plan Investment Fund 6.40% to 17.51% debentures, due 1988 through 2004	$1,174,674,000	$1,054,572,000

Province of British Columbia Boards, Agencies and Commissions 4.625% to 11.00% debentures, due 1984 through 1996	49,154,212	48,900,268
General Public 4.50% to 16.875% debentures, due 1984 through 1991	114,014,826	113,830,075
	1,492,682,153	1,361,913,821
Less: Current portion of long-term debt	3,053,000	3,834,750
Instalments to sinking funds payable within one year	36,932,643	35,071,681
Exhibit A	$1,452,696,510	$1,323,007,390

Long-term debt includes U.S. exchange of $22,724,153 (1983: $19,807,821).

Debentures issued to the Canada Pension Plan Investment Fund are redeemable on six months notice, in whole or in part before maturity, at the option of the Minister of Finance of Canada.

Serial debenture maturities of $2,500,000 are due in fiscal year 1985, and $1,000,000 in 1986, not including U.S. exchange.

Sinking fund instalments of $36,932,643 are due in fiscal year 1985 and $35,302,346 are due in each of the fiscal years 1986-1989 inclusive.

The Province of British Columbia has unconditionally guaranteed the payment of principal and interest on long-term debt of the Authority.

BRITISH COLUMBIA SCHOOL DISTRICTS CAPITAL FINANCING AUTHORITY

NOTES TO FINANCIAL STATEMENTS

AS AT 31 MARCH 1984

6. Sinking funds on deposit at 31 March

	1984	1983
Cash and temporary investments	$ 215,285,419	$ 121,387,823
Long-term investments (Market value - $215,429,650 1983: $246,333,691)	237,487,148	255,396,302

BRITISH COLUMBIA SCHOOL DISTRICTS CAPITAL FINANCING AUTHORITY

NOTES TO FINANCIAL STATEMENTS

AS AT 31 MARCH 1984

7. Investments (continued)

Investments book value includes U.S. exchange of $7,235,630 (1983: $5,891,940)

Investments par value includes U.S. exchange of $8,848,000 (1983: $7,484,800)

Under Section 8.1 of the School District Capital Finance Act, where a debenture of a School Board is held by the Authority, and the Minister of Finance certifies that the assets of the related sinking fund are sufficient to meet all obligations respecting the payment of principal and interest under the debenture, the Board who issued the debenture shall transfer the assets in the sinking fund to the Authority.

Upon transfer of the assets, the debt of the Board is discharged, subject to conditions contained in the Minister's certificate. Where the Minister certifies that the assets of the sinking fund exceed what is required to meet the obligations of the debenture, the Authority shall pay the excess to the School Board.

During the year ended 31 March 1983, loans receivable totalling $75,484,800 were discharged. Investments with a book value as of 31 March 1983 of $57,635,441 were transferred from the sinking funds to the Authority. These investments have a par value of $76,848,000 (1983: $75,484,800) and have identical interest rates and maturity dates to the loans receivable they are replacing. They will be held until maturity and will be used to finance interest payments and capital repayment of the Authority's corresponding debentures.

The Province of British Columbia has unconditionally guaranteed payment of principal and interest on the notes held by the Authority.

8. Provision for recovery of exchange loss

In previous years the Authority issued $9,500,000 in debentures denominated in United States dollars, and re-lent the proceeds to School Districts in Canadian dollars.

As at 31 March 1984 the debt payable expressed in Canadian dollars exceeds the corresponding loan receivable by $1,023,990 (1983: $619,290). The Authority has made arrangements to ensure that principal and interest repayments by the School Districts will be sufficient to finance its repayments of the debt. Accordingly, provision has been made for the recovery of the exchange loss from the School Districts.

BRITISH COLUMBIA SCHOOL DISTRICTS CAPITAL FINANCING AUTHORITY

NOTES TO FINANCIAL STATEMENTS

AS AT 31 MARCH 1984

9. Subsequent events

On 31 August 1984 long-term loans receivable of $118,161,153 were discharged under the process described in Note 7. Investments with a book value of $111,952,084 and a par value of $118,161,153 have been transferred from the sinking funds to the Authority.

10. Comparative figures

Certain 1983 comparative figures have been reclassified to conform with the financial statement presentation adopted in 1984.

AUDITORS' REPORT

To the Shareholder of
British Columbia Steamship Company (1975) Ltd.

We have examined the consolidated balance sheet of British Columbia Steamship Company (1975) Ltd. as at December 31, 1983 and the consolidated statements of income, deficit and changes in financial position for the year then ended. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as we considered necessary in the circumstances.

In our opinion, these consolidated financial statements present fairly the financial position of the company as at December 31, 1983 and the results of its operations and the changes in its financial position for the year then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 1983

1. ACCOUNTING POLICIES

(a) Principles of consolidation
The consolidated financial statements include the accounts of the company and its wholly-owned subsidiary, British Columbia Steamship Company Inc.

(b) Inventories
Inventories are valued at lower of cost and net realizable value.

(c) Fixed assets
Fixed assets are stated at cost less accumulated depreciation. The cost of 1981 major refurbishing of the vessel, "Princess Marguerite", was capitalized and is being depreciated on the straight-line basis over fifteen years. The original cost of the vessel had previously been depreciated to its 1979 scrap value. The leasehold improvements are depreciated on the straight-line basis over terms which range from four to ten years. Other fixed assets are depreciated on the diminishing balance method at the annual rates indicated in note 2.

(d) Refit
The company carries out an annual refit of the vessel in the off-season. These annual refit costs are an expense in the year incurred.

(e) Translation of foreign currency
- (i) Current assets and current liabilities are translated into Canadian dollars at rates of exchange in effect at the year end.
- (ii) Fixed assets are translated into Canadian dollars at average rates of exchange prevailing in the year in which assets were acquired.
- (iii) Revenues and expenses are translated into Canadian dollars at the average rate of exchange for the year with the exception of depreciation, which reflects historic rates used for the related assets.

BRITISH COLUMBIA STEAMSHIP COMPANY (1975) LTD.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 1983

2. FIXED ASSETS

		1983			1982
	Rate	Cost	Accumulated depreciation	Net	Net
Vessel - T.E.V. "Princess Marguerite"		$6,949,211	$2,128,159	$4,821,052	$5,148,591
Automotive equipment	30%	21,593	16,484	5,109	1,469
Furniture and fixtures on shore	20%	21,028	13,929	7,099	5,391
Radio equipment	25%	49,678	31,228	18,450	4,001
Vessel equipment	20%	491,585	359,235	132,350	157,304
Tools	100%	2,924	2,924		
Cutlery, china and linen	100%	25,340	25,340		
Leasehold improvements - Victoria		104,977	51,530	53,447	70,251
Leasehold improvements - Seattle		561,346	340,763	220,583	252,718
		$8,227,682	$2,969,592	$5,258,090	$5,639,725

The "Princess Marguerite" is shown as an asset of the company even though title rests with Her Majesty the Queen in Right of the Province of British Columbia. Operation of the company is dependent on government policy relating to availability of the vessel and funding of operations. A change in government policy affecting the services provided by the company would have a material impact on these financial statements, the effect of which is not determinable at this time.

3. VESSEL LEASE PAYABLE

$1,987,725 is payable to the British Columbia Ferry Corporation, a Crown Corporation, for the lease and other related costs of the motor vessel, "Victoria Princess", used during the 1980 operating season.

BRITISH COLUMBIA STEAMSHIP COMPANY (1975) LTD.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 1983

4. DEMAND DEBT AND ACCRUED INTEREST PAYABLE

	1983	1982
Demand debt	$4,100,000	$3,200,000
Accrued interest	138,268	134,699
	$4,238,268	$3,334,699

The demand debt is payable to the shareholder, the Province of British Columbia.

5. CAPITAL STOCK

The company is limited by its articles to issuing a maximum of 55,000 common shares.

6. COMMITMENTS

The company rents the terminal facilities in Seattle under a long term lease which expires in 1987, the annual rental for which is $124,700 U. S. funds. The rental expense under this lease in the current period is $147,402 Canadian funds.

The company rents the terminal facilities in Victoria under long term leases which expire in 1991 and 1994, the annual rental for which is $24,560.

AUDITORS' REPORT

The Honourable Hugh A. Curtis,
Minister of Finance,
Province of British Columbia:

We have examined the balance sheet of the British Columbia Systems Corporation as at March 31, 1984 and the statements of income and (deficit) retained earnings, and changes in financial position for the year then ended. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as we considered necessary in the circumstances.

In our opinion, these financial statements present fairly the financial position of the Corporation as at March 31, 1984 and the results of its operations and the changes in its financial position for the year then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Victoria, Canada.

(see accompanying notes)

BRITISH COLUMBIA SYSTEMS CORPORATION

NOTES TO THE FINANCIAL STATEMENTS

MARCH 31, 1984

1. The Corporation

The British Columbia Systems Corporation is incorporated as a Crown Corporation of the Province of British Columbia under the System Act R.S.B.C. 1979.

The purpose of the Corporation is to establish and implement such policies as it considers appropriate for the consolidation and rationalization of data processing services provided for government entities. To achieve this purpose, the Corporation:

a) provides data processing and related services required for governmental purposes;

b) recommends and implements data processing standards, practices, policies and technical guidelines to facilitate a progressive improvement of information systems required by government entities; and,

c) subject to approval of the Lieutenant-Governor in Council, sets rates for the use of data processing products and services provided to its users.

In 1984 the Corporation received 89% of its revenues from Provincial Government Ministries with the balance from other Government entities.

2. Significant accounting policies

As prescribed by Section 9(6) of the System Act, the financial statements of the Corporation are prepared in accordance with generally accepted accounting principles. Significant accounting policies followed in the preparation of these financial statements are:

a) **Fixed assets:**

The Corporation leases most of its computer equipment. Certain of these leases, however, transfer the benefits and risks incident to ownership to the Corporation. In such cases, as more fully described in notes 3 and 5, the leases have been capitalized.

2. Significant accounting policies

a) Fixed assets: (continued)

The costs of fixed assets are depreciated and amortized over their estimated useful lives as follows:

Building	- over forty years, on a straight-line basis
Building plant and equipment	- over twenty years, on a straight-line basis
Computer mainframes	- over the terms of the leases (4 to 5 years) on an annuity basis
Other computer and ancillary equipment	- over periods ranging up to five years, on a straight-line basis
Furniture and fixtures	- over ten years, on a straight-line basis
Leasehold improvements	- over terms of leases, on a straight-line basis

b) Revenue recognition:

Revenue from resource billing is recognized as the services are performed.

Revenue from fixed price contracts is recognized on the basis of percentage complete for systems development projects and machine processing.

c) Expense recognition:

All purchases, including services purchased for and billed to clients, are expensed in the accounts as incurred with the exception of fixed assets and prepaids.

Interest on indebtedness is expensed in the period to which it relates.

d) Development costs:

Development costs (including systems design and programming) are expensed as incurred.

e) Income taxes:

The Corporation is exempt from Federal and Provincial income taxes.

2. Significant accounting policies (continued)

f) Sinking funds:

Payments made to sinking funds with respect to retirement provisions of the sinking fund debentures will be carried until such time as the debentures are redeemed. Interest earned on the sinking funds is recorded as income.

g) Foreign currency translation:

Debt due in foreign currency is translated to Canadian dollars at the exchange rate prevailing at year end. Any gain or loss on translation is deferred and amortized over the remaining term of the debt, including the current year.

3. Capitalization of leases

Included in fixed assets is computer equipment recorded at a cost of $10,056,000 (1983 - $10,056,000) arising from the capitalization of certain leases. The related accumulated amortization amounts to $1,933,000 (1983 - $177,000).

4. Borrowing authority

Pursuant to section 8(6) of the System Act, the Corporation may be advanced or borrow up to $65,000,000. In computing that amount the aggregate net rentals payable by the Corporation under leases of personal property for a term exceeding one year shall be excluded.

5. Long-term debt

a) Lease capitalization:

The minimum annual contractual obligations with respect to capitalized leases are as follows:

1985	$ 2,762,000
1986	2,762,000
1987	2,752,000
1988	1,734,000
	10,010,000
Less imputed annual interest at an average rate of 12% per annum	1,843,000
Capitalized lease obligations	8,167,000
Less current portion	1,926,000
Long-term portion	$ 6,241,000

5. Long-term debt (continued)

b) Other:

	Interest rate	Maturity Date	Amount
Sinking fund debentures: Canada Pension Plan - Series 1	15.69%	2002	$13,309,000
Canada Pension Plan - Series 2	16.10%	2002	11,923,000
Private placement debt for U.S. $11,400,000, repayable in U.S. dollars (see below)	16.88%	1986	14,552,000
			39,784,000
Less current portion			579,000
Long-term portion			$39,205,000

Annual maturities and mandatory sinking fund requirements for each of the next five years and thereafter are as follows:

	Sinking fund payments	U.S. debt	Total
1985	$ 579,000		$ 579,000
1986	579,000	$14,552,000	15,131,000
1987	579,000		579,000
1988	579,000		579,000
1989	579,000		579,000
Thereafter	22,337,000		22,337,000
	$25,232,000	$14,552,000	$39,784,000

The foreign exchange loss on translation of the U.S. dollar debt to Canadian dollars amounted to $555,000 (1983 - $88,000) of which $139,000 (1983 - $18,000) has been amortized in the current year.

c) Note payable:

The Corporation has the following financial arrangements with Victoria and Grey Trust Company:

Note	Interest rate	Maturity date	Amount
BCSC-1	0.75% less than average bank prime; calculated quarterly	1987	$10,000,000

5. **Long-term debt** (continued)

The Province of British Columbia has guaranteed the payment of principal and interest on all long-term debt issued by the Corporation.

6. **Net income**

Pursuant to Section 8(5) of the System Act, the Lieutenant-Governor in Council may, each fiscal year, on the recommendation of the Minister of Finance, direct the transfer to the government of all or part of the net income for the current year or for previous years to the extent not previously so transferred.

7. **Extraordinary items**

	1984	1983
Refund from the Ministry of Provincial Secretary and Government Services for excess contributions in previous years to the Public Service Long Term Disability Plan	$1,070,000	
Provision for estimated costs associated with the proposed reorganization of the Corporation	(835,000)	
	$ 235,000	Nil

8. **Commitments**

The Corporation leases some of its premises and computer equipment for periods of up to five years.

The minimum annual contractual obligations of non-cancellable leases are as follows (excluding amounts relating to capitalized leases):

1985	-	$7,208,000
1986	-	$4,474,000
1987	-	$1,688,000
1988	-	$782,000
1989	-	$350,000

9. **Pension and superannuation plans**

Until the Corporation establishes a pension or superannuation plan, the Public Service Superannuation Act applies to the Corporation and its officers and employees. The Corporation is obliged to pay into the Public Service Superannuation Fund amounts equal to employees' contributions required under the Public Service Superannuation Act.

10. Comparative figures

Certain comparative figures have been reclassified to conform to the method of presentation adopted in 1984.

11. Subsequent event

On August 31, 1983, the Government of British Columbia announced plans to offer all or part of the Corporation for sale to the private sector. Subsequent to the year end, the Government announced its decision to reject all bids received for the Corporation and its plans to streamline the Corporation and to privatize part of the Corporation's services.

AUDITORS' REPORT

To the Members of the Board of
British Columbia Transit

We have examined the balance sheet of British Columbia Transit as at March 31, 1984 and the statements of operating division expenditures and recoveries, asset division revenue and expenditures and deficit, asset division contributed surplus and the statement of changes in financial position for the year then ended. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as we considered necessary in the circumstances.

In our opinion, these financial statements present fairly the financial position of British Columbia Transit as at March 31, 1984 and the results of its operations and the changes in financial position for the year then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

BRITISH COLUMBIA TRANSIT

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED MARCH 31, 1984

1. STATUS OF THE AUTHORITY

The Urban Transit Authority of British Columbia was created by the Province of British Columbia on June 29, 1978 under the Urban Transit Authority Act. The majority of the sections of the Act were brought into force by proclamation on July 20, 1978. During 1982 the title of the Act and the name of the Authority were changed to the British Columbia Transit Act and British Columbia Transit respectively.

2. ACCOUNTING POLICIES

(a) Operating division
The operating division consists of those assets, liabilities, expenditures and recoveries which relate to the provision of transit services and the administrative activities of the Authority, the deficits of which are fully cost-shareable between the participating municipalities and the Province of British Columbia in accordance with the provisions of the British Columbia Transit Act and the related regulations. The vehicle and property lease fees expensed in the operating division are those charged by the asset division for the lease of assets used in transit operations.

(b) Asset division
The asset division consists of those assets, liabilities, revenue and expenditures which relate to the revenue equipment and other physical assets owned by the Authority and leased to its contract operators for use in the provision of transit services.

BRITISH COLUMBIA TRANSIT

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED MARCH 31, 1984

2. ACCOUNTING POLICIES (continued)

(c) Fixed assets

Fixed assets have been recorded as follows:

(i) Fixed assets transferred from the Province of British Columbia in fiscal year 1980, at appraised value. This appraisal for revenue vehicles was carried out by General Appraisal of Canada Limited as at June 30, 1979.

(ii) Revenue vehicles acquired from British Columbia Hydro & Power Authority pursuant to the Metro Transit Operating Company Act, at appraised value. This appraisal was carried out by General Appraisal of Canada Limited as at March 1, 1980.

(iii) Seabuses, the South Shore and North Shore Seabus Terminals, acquired from the Province of British Columbia, at appraised value. The appraisal of the seabuses and the South Shore Seabus Terminal was carried out by General Appraisal of Canada Limited as at July 15, 1980. The appraisal of the North Shore Seabus Terminal land was carried out by General Appraisal of Canada Limited as at April 1, 1981 and of the buildings and improvements as at June 30, 1981.

(iv) The trolley overhead system acquired from British Columbia Hydro & Power Authority for nominal value of $10 on January 1, 1984, at nominal value.

(v) Land, land improvements, buildings and equipment acquired from British Columbia Hydro & Power Authority pursuant to the Metro Transit Operating Company Act, at appraised value. The appraisals were carried out by General Appraisal of Canada Limited as at the following dates:

Transit Administration Centre - SW Marine Drive - June 9, 1980
North Shore Bus Garage - land - April 1, 1981
North Shore Bus Garage - buildings and improvements - June 30, 1981
Gilmore property - land - March 15, 1982
Gilmore property - buildings and improvements - May 15, 1982
Edmonds bus loop - land - April 1, 1982
Other land - April 1, 1980
Other buildings and land improvements - March 1, 1981

All appraisals are fair market value appraisals with the exception of the appraisal of other buildings and land improvements, which are appraised at depreciated replacement cost.

(vi) All costs related to the Advanced Light Rapid Transit (ALRT) and commuter rail projects have been capitalized including interest as indicated in note 2(d). Interest earned on funds received from the Federal and Provincial Governments has been credited to the ALRT project. No depreciation has been provided on these projects.

(vii) All other fixed assets, at cost, including capitalized interest as indicated in note 2(d).

BRITISH COLUMBIA TRANSIT

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED MARCH 31, 1984

2. ACCOUNTING POLICIES (continued)

(c) Fixed assets (continued)
Depreciation is provided on the straight-line basis using the following annual rates:

Furniture and equipment	10%
Leasehold improvements	20%
Revenue vehicles	
Diesel	5%
Appraised revenue vehicles	Remaining useful life
Vehicles under capital leases	Remaining lease term
Buildings	Remaining useful life
Land improvements	Remaining useful life
Equipment	Remaining useful life

(d) Capitalization of interest and amortization of bond discounts
The Authority follows the policy of capitalizing interest and amortization of bond discounts incurred in connection with capital acquisitions from the date of advance of funds until the assets are placed in service for transit purposes. During the year, interest and amortization of bond discounts on long term debt of $14,831,450 were capitalized.

(e) Government assistance
Government assistance received with respect to the Advanced Light Rapid Transit project has been credited to contributed surplus and will be credited to the project upon completion of construction and commencement of revenue service. To March 31, 1984, the amounts of grants received from the Province of British Columbia and the Federal Government total $73,383,000.

(f) Amortization of bond discounts
Bond discounts are amortized on a straight-line basis over the term of the debt.

3. FIXED ASSETS

Pre-build demonstration	3,602	-
	$ 374,434	$ 158,719

6. OBLIGATIONS UNDER CAPITAL LEASES

The total obligation under capital leases is $73,082,903, of which $2,337,536 is the principal due within one year.

The obligations under capital leases, which mature at various dates from 1993 to 2001, represent the total present value of future minimum lease payments discounted at the interest rates implicit in the leases at the commencement of the lease term. These rates range from 7 1/2% to 18%.

Total minimum lease payments for each of the next five years will be approximately $9,700,000 or a total of $48,500,000. Of these payments, approximately $33,900,000 will constitute interest.

Obligations under capital leases totalling approximately $62,000,000 are guaranteed by the Province of British Columbia.

11.51% Debenture, interest payable semi-annually, sinking fund installments of $164,130 payable annually, due August 10, 2003	7,511	-
11.65% Debenture, interest payable semi-annually, sinking fund installments of $218,520 payable annually, due November 10, 2003	10,000	-
11.125% Bond payable, interest payable annually, sinking fund installments of $1,841,450 payable annually, due December 1, 1998	50,000	-
8.75% Bond payable, interest payable annually, sinking fund installments of $341,950 payable annually, due January 15, 2009	25,000	-
	217,046	92,304
Less unamortized discount	12,328	-
	204,718	92,304
12.25% Serial debenture, interest payable annually, due January 31, 1996	14,000	-
	$ 218,718	$ 92,304

Long term debt totalling $77,046,000 is secured by guarantee of the Province of British Columbia.

Sinking fund payments due in each of the next five years will be $3,648,489, or a total of $18,242,446.

BRITISH COLUMBIA TRANSIT

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED MARCH 31, 1984

8. COMMITMENTS

Effective March 31, 1981, the Authority entered into an agreement with Metro Canada Limited for the design and construction of an Advanced Light Rapid Transit system for operation in the Greater Vancouver region. As at March 31, 1984, the total approved price of the project, including design, construction and land acquisition, was approximately $854,400,000, of which $360,100,000 has been incurred to March 31, 1984.

9. CONTINGENT LIABILITY

During 1982 the Authority received $60,000,000 from the Government of Canada to be applied to the Advanced Light Rapid Transit project. The Authority is contingently liable for repayment of some or all of the funds in the event of non-compliance with certain provisions of an agreement dated February 26, 1982.

10. SUBSEQUENT EVENT

On proclamation of the British Columbia Transit Amendment Act on March 22, 1984, the Greater Vancouver and Capital Regional Districts were required to transfer all monies remaining in their Municipal Transit Trust Fund to British Columbia Transit. These amounts, totalling $8,280,357 for the Greater Vancouver Regional District and $1,777,910 for the Capital Regional District, were received in April 1984 by British Columbia Transit. The balances in the trust funds after receipt of the power levy and payment of the municipal share of transit for the quarter ended March 31, 1984 were $5,413,242 for the Greater Vancouver Regional District and $1,717,130 for the Capital Regional District

11. LABOUR RELATIONS

As indicated in the financial statements of Metro Transit Operating Company (M.T.O.C.) for the year ended March 31, 1984, M.T.O.C.'s previous labour contract with the Independent Canadian Transit Union expired on March 31, 1983 and a new agreement is currently being negotiated. While the terms and conditions of this new agreement have not yet been finalized, it is the opinion of M.T.O.C. management that there will be no wage or benefit increases for the year ended March 31, 1984. As M.T.O.C. operates the transit system in the Greater Vancouver and Capital Regional Districts, the settlement will impact on the cost of transit operations for the year ended March 31, 1984.

12. SPECIAL PURPOSE FUND

During the year, the Special Purpose Fund earned interest of $4,200 and the unexpended balance in the fund of $232,763 was returned to the Province of British Columbia in June 1983.

AUDITOR'S REPORT

To the Members of the Creston Valley Wildlife Management Authority, and

To the Minister of Environment
Province of British Columbia

I have examined the balance sheet of the Creston Valley Wildlife Management Authority Trust Fund as at 31 March 1984 and the statement of revenue and expenditure and surplus for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Trust Fund as at 31 March 1984 and the results of its operations for the year then ended in accordance with generally accepted accounting principles, as modified by note 2(c) to the financial statements, applied on a basis consistent with that of the preceding year.

NOTES TO FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 MARCH 1984

1. Trust Fund

These financial statements relate only to the Trust Fund of the Creston Valley Wildlife Management Authority in accordance with section 20 (3) of the Creston Valley Wildlife Act.

2. Significant accounting policies

a) Inventory is valued at lower of cost and net realizable value.

b) Long-term investments are recorded at cost plus amortization of discounted purchase value on a straight line basis to maturity.

c) Fixed assets are recorded as expenditures in the year of acquisition.

DISCOVERY FOUNDATION

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

YEAR ENDED MARCH 31, 1984

1. SIGNIFICANT ACCOUNTING POLICIES

The Foundation was incorporated on September 24, 1979 under the provisions of the Society Act of British Columbia and is a registered charitable organization. These financial statements include the accounts of the Foundation and its wholly-owned subsidiary companies, Discovery Parks Incorporated, which acts as agent for the Foundation, and 272319 B.C. Ltd.

(a) Depreciation and amortization

Furniture, fixtures and leasehold improvements are stated at cost. Furniture and fixtures are depreciated over their estimated useful lives using the declining balance method at a rate of 20% from month of purchase. Leasehold improvements are amortized using the straight-line method over the term of the lease plus one renewal period.

(b) Investment in research parks

Costs related directly to the site development of the research parks are capitalized. Depreciation is provided on site development costs of operational facilities on the straight-line basis over 40 years.

2. RESTATED AMOUNTS

As a result of an overstatement of holdbacks payable at March 31, 1983, the comparative figures for holdbacks payable and the Simon Fraser University Research Park investment have both been reduced by $196,193.

3. RECEIVABLE FROM DISCOVERY ENTERPRISE PROGRAM

The Foundation, under contract dated December 5, 1983 with the Province of British Columbia, acts as agent for and administers the Discovery Enterprise Program. This program is an initiative of the Province of British Columbia to provide venture capital funding to advanced technology enterprises for the development and marketing of products or processes. The Foundation is reimbursed for costs of administering the program to the extent of program investment performance.

4. FURNITURE, FIXTURES AND MULTI-TENANT FACILITY IMPROVEMENTS

Furniture and fixtures consist of the following:

	1984			1983
	Cost	Accumulated depreciation and amortization	Net book value	Net book value
Furniture and fixtures	$ 68,076	$ 21,179	$ 46,897	$ 19,822
Leasehold improvements	229,828	41,773	188,055	1,278
Leasehold improvements in tenant space	178,809	55,756	123,053	143,844
	$476,713	$118,708	$358,005	$164,944

5. DEFERRED CHARGES

Deferred charges consist of prepaid rent which arose on sale and leaseback of the Foundation's multi-tenant facility at Willingdon during the year ended March 31, 1983. The balance of the prepaid rent is being amortized on the sinking fund basis over the remaining term until expiry of the lease in May, 1987, as a component of the net cost of subsidizing rents for high technology companies in the start-up phase.

6. PART VIII TAXES RECOVERABLE

During the year, a subsidiary of the Foundation issued and redeemed a debenture meeting the requirements of the Income Tax Act for Scientific Research Tax Credits. The details of the debenture issue are as follows:

Issue proceeds	$10,000,000
Redemption amount	5,020,000
Deferred research and development credit, being net proceeds of issue and redemption	$ 4,980,000

The issue and redemption gave rise to a liability for refundable Part VIII taxes of $5,000,000 which have been paid. These refundable Part VIII taxes are recoverable at any time in the future at the rate of $1 for every $2 of qualified research and development expenditure incurred and additional financing will be required to incur such expenditures. The refundable tax and related deferred research and development credit are not reflected on the balance sheet and will be recorded in the accounts when expenditures are made and refunds are received in the future.

7. CONTINGENCY AND COMMITMENTS

(a) The Foundation has issued letters of credit totalling $92,330 to the Corporation of the District of Burnaby as bonds for compliance with the municipal regulations pertaining to the construction of research parks in Burnaby, B.C.

(b) The Foundation leases two parcels of land for terms of 75 years each, one which commenced in 1981 and the other in 1982. The leases require minimal rental payments in the first ten years of $2,500 per hectare of land used (estimated 1985 rental is $17,000), and thereafter rental payments are based on the fair market value for rental of such land.

(c) Term deposits appropriated for Research Park Site Servicing
During the year management has committed to leasing a site at the University of British Columbia Research Park to the Pulp and Paper Research Institute of Canada. One of the terms of this lease require Discovery Parks Incorporated to provide all normal servicing to the perimeter of the site. It is estimated that these servicing costs will total $475,000 and this amount has been appropriated out of the current cash and term deposit balance.

8. SUBSEQUENT EVENT

Subsequent to the year end, Discovery Foundation received $2,630,000 as a loan from the Province of British Columbia to be used exclusively for the construction of the Pacific Aquaculture Centre in Nanaimo, British Columbia. The loan will bear interest at one-half of the bank prime rate and is to be repaid over the eight year period starting April, 1987.

9. COMPARATIVE FIGURES

Certain 1983 comparative figures have been reclassified to conform with the financial statement presentation adopted for 1984.

AUDITOR'S REPORT

To the Board of Directors of Expo 86 Corporation, and

To the Minister of Tourism
Province of British Columbia

I have examined the statement of financial position of Expo 86 Corporation as at 31 March 1984 and the statements of source and use of cash, deferred installation costs, deferred overhead costs, and deferred revenues for the year then ended. My examination was made in accordance with generally accepted auditing standards and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the corporation as at 31 March 1984 and the changes in its financial position for the year then ended in accordance with generally accepted accounting principles applied, after giving retroactive effect to the change in the method of accounting for furniture, equipment and leasehold improvements as explained in note 3 to the financial statements, on a basis consistent with that of the preceding year.

EXPO 86 CORPORATION
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED MARCH 31, 1984

1. The Corporation - Statutory Requirements

Expo 86 Corporation is a non-profit agent of the Crown incorporated under Revised Statutes of British Columbia 1980 Chapter 59 as amended, for the sole purpose of organizing and operating the 1986 World Exposition.

2. Significant Accounting Policies

As the Corporation has been incorporated for a single purpose, its financial results can best be evaluated in the context of the period from its inception to the closure of the Exposition. The financial statement presentation is designed to provide such information following generally accepted accounting principles. Significant accounting policies adopted are as follows:

a. Installation costs reflect capital expenditures of the Corporation to construct, develop or acquire permanent and temporary facilities, including furnishings, equipment and exhibitery, required for staging the Exposition. Such expenditures are recorded at cost and are not depreciated on a year by year basis. To the extent that the original cost of installations exceeds the legacy or residual value at the completion of the Exposition, these costs will be charged against operations during the operating period of the Exposition which falls within the fiscal year ended March 31, 1987.

b. Property costs reflect the cost to the Corporation of leasing or otherwise obtaining the rights to the use of property required for staging the Exposition. Such properties are carried at the sum of the net payments made under the leases or other agreements. To the extent that the property costs exceed the legacy value at the completion of the Exposition, these expenditures will be charged against operations during the operating period of the Exposition.

c. Overhead costs, comprising non-capital expenditures incurred in planning and organizing the Exposition, are deferred and will be charged against operations during the operating period of the Exposition.

EXPO 86 CORPORATION
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED MARCH 31, 1984

d. Grants received from governments and revenues received from Exposition sponsors, participants, concessionaires and miscellaneous sources are recorded as deferred revenue. Such deferred revenue will be credited against operations during the operating period of the Exposition.

e. The Corporation enters into contractual agreements to provide sponsorships, official supplier designation and certain other rights to various parties, in exchange for goods or services provided to the Corporation. Where goods or services received by the Corporation are non-monetary in nature, they are recorded at fair market value as deferred revenues and deferred costs.

3. Changes in Accounting Policies and Comparative Figures

Commencing in the year ended March 31, 1984, the cost of acquiring furniture, equipment and leasehold improvements is charged to deferred installation costs or deferred overhead costs, depending on the nature of the expenditure, and is not depreciated on a year by year basis. (See Note 2.)

This change in accounting policy has been applied retroactively, resulting in the reclassification of the March 31, 1983 net book value of furniture, equipment and leasehold improvements in the amount of $358,362, previously recorded separately, and the reversal of 1983 and 1982 depreciation charges of $22,855 and $13,541 respectively.

Certain other 1983 amounts have also been reclassified where appropriate to conform with the presentation adopted in 1984.

EXPO 86 CORPORATION
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED MARCH 31, 1984

4. Notes Payable to Province of British Columbia

The Corporation has a funding agreement with the Province of British Columbia whereby funding required by the Corporation to carry out its day-to-day operations, over and above revenues received from all sources, is provided by the Province of British Columbia up to a maximum of $119,000,000 as approved by Orders-In-Council. Under the funding agreement, short term borrowings are renewed upon maturity, as required by the Corporation.

At March 31, 1984, notes totalling $43,747,698 are outstanding, with maturity dates ranging from April 5, 1984 to May 7, 1984, and with interest rates varying from 9.62% to 10.18%

5. Commitments

At March 31, 1984 the Corporation had outstanding commitments under construction and other contracts, lease agreements for properties, office space and equipment and unfilled purchase orders approximating $34,181,000.

6. Related Party Transactions

a. Under an agreement with B.C. Place Ltd., the Corporation has acquired the right to the use of certain properties and is participating in the funding of certain site improvements.

The amount due to B.C. Place Ltd. at March 31, 1984 was $11,912,710. Amounts paid during the year to B.C. Place totalled $1,889,462.

b. During the year the Corporation also acquired the right to the use of certain other properties owned or leased by Crown Corporations for an amount of $2,582,627.

c. In the normal course of its operations, the Corporation acquired goods and services from the Province of British Columbia and certain Crown Corporations, predominantly under prevailing trade terms.

AUDITOR'S REPORT

To the Chairman and Members of the Board of the
Health Facilities Association of British Columbia, and

To the Minister of Health
Province of British Columbia:

I have examined the balance sheet of the Health Facilities Association of British Columbia as at 31 March 1984 and the statements of revenue, expenditure and surplus and changes in financial position for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Association as at 31 March 1984 and the results of its operations and the changes in its financial position for the year then ended in accordance with the stated accounting policies disclosed in note 2, on a basis consistent with that of the preceding year.

HEALTH FACILITIES ASSOCIATION OF BRITISH COLUMBIA

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 MARCH 1984

1. Nature of the Association

Health Facilities Association was incorporated under the Society Act on 15 October 1975. The Association raises capital through the issuance of debentures to the British Columbia Regional Hospital District Financing Authority to assist in financing the capital costs of hospital projects, medical and health facilities, and community human resources and health centres in the Province of British Columbia. Costs of servicing the debentures are paid through grants received from the Province of British Columbia.

2. Stated Accounting Policies

The Association follows generally accepted accounting principles except as noted below:

- Grants to hospitals financed by debenture proceeds are recorded as a non-current asset, amortized by an amount equivalent to contribution to the sinking funds, interest on sinking fund investments and reductions of debenture principal.
- Grants from the Province of British Columbia are recorded on a cash basis except that payments in transit at year end are accrued.

3. Debentures

Debentures issued to the British Columbia Regional Hospital District Financing Authority:

	$10,600,187	$5,041,582

5. Transfers to the Province of British Columbia

The Association has agreed with the Ministry of Finance that beginning 1 November 1983, the Association's interest earnings on short term deposits held with the Provincial Treasury, net of management and administrative expenses charged by the Ministry of Finance, be transferred to the Province of British Columbia.

HEALTH FACILITIES ASSOCIATION OF BRITISH COLUMBIA

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 MARCH 1984

5. Transfers to the Province of British Columbia - (continued)

The amount relating to the period 1 November 1983 to 31 March 1984 under the policy stated above was $466,056. In addition, certain debt servicing charges amounting to $1,255,110 for the 1983 fiscal year, which had been paid by the Association and subsequently reimbursed to it by the Province, were repaid to the Province during the 1984 fiscal year. These two amounts make up the transfer to the Province totalling $1,721,166 reported in these financial statements.

6. Trust Management Fees

During the year the Province of British Columbia, Ministry of Finance implemented a policy of charging a management fee for trust accounts administered on behalf of related government organizations

7. Commitments

Commitments outstanding as at 31 March 1984 aggregated approximately $7,000,000 (1983 - $22,000,000) for approved projects.

8. Comparative Figures

Certain 1983 figures have been restated in order to conform with the financial statement presentation adopted in 1984, with no resultant effect on surplus.

Coopers & Lybrand | chartered accountants | a member firm of Coopers & Lybrand (International)

AUDITORS' REPORT

THE LIEUTENANT-GOVERNOR IN COUNCIL
PROVINCE OF BRITISH COLUMBIA

We have examined the consolidated balance sheet of the Housing Corporation of British Columbia as at October 31, 1983 and the consolidated statements of earnings and retained earnings and source and use of cash for the year then ended. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as we considered necessary in the circumstances.

In our opinion, these consolidated financial statements present fairly the financial position of the Corporation as at October 31, 1983 and the results of its operations and the source and use of its cash for the year then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

HOUSING CORPORATION OF BRITISH COLUMBIA

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED OCTOBER 31, 1983

1. WINDING-UP OF THE OPERATIONS OF THE CORPORATION

Pursuant to a directive dated September 29, 1978, issued by the Ministry of Municipal Affairs and Housing, Province of British Columbia, the operations of the Corporation are being wound up. A total of $12 million of dividends has been declared to date, of which $3 million was paid in the fiscal year ended October 31, 1982, $5 million in the fiscal year ended October 31, 1981 and $4 million in the fiscal year ended October 31, 1980.

2. SIGNIFICANT ACCOUNTING POLICIES

Principles of Consolidation

The consolidated financial statements include the accounts of the Housing Corporation of British Columbia and the wholly-owned subsidiaries, Dunhill Development Corporation and HCBC Construction Ltd.

Land Held for Resale

These properties are reflected in the accounts at the lower of cost and net realizable value. The cost of land includes direct carrying costs (interest and property taxes) which are capitalized from the date of acquisition of the land.

Consideration for Sales

Where collectibility of the outstanding balance of a mortgage is in doubt and the appraised value of the security is less than the carrying value, the carrying value is written down to the appraised value.

3. INCOME TAXES

All of the issued shares of the Corporation are owned by the Province of British Columbia and therefore the Corporation is not subject to federal or provincial income taxes.

HOUSING CORPORATION OF BRITISH COLUMBIA

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED OCTOBER 31, 1983

4. SHARE CAPITAL

	1983	1982
	(thousand dollars)	
Authorized - 2,000,000 common shares of no par value		
Issued and fully paid - 1,355,084 shares	1,902	1,902

5. CONTINGENT LIABILITIES

(a) The Corporation is contingently liable for certain mortgages assumed by purchasers of housing units sold by the Corporation.

(b) The Corporation has been named as a defendant in a legal action which claims damages for alleged building deficiencies. In the opinion of counsel for the Corporation, the outcome and damages, if any, are not determinable.

Notes to Financial Statements

December 31, 1983

1. STATUS OF THE CORPORATION

The Insurance Corporation of British Columbia (the Corporation) is a Crown corporation incorporated under the Insurance Corporation Act, R.S.B.C. Chapter 201. The Corporation has the power and capacity to act as an insurer and reinsurer in all classes of insurance and to operate and administer the Insurance (Motor Vehicle) Act Fund.

The Insurance (Motor Vehicle) Act Fund is by legislation a separate entity for financial reporting purposes. A statement showing the results of the operation of the Fund is included with the financial statements of the Corporation and the balance of the Fund, which represents its accumulated unappropriated surplus, is reflected in the balance sheet of the Corporation. The Fund consists of the revenues and expenses attributable to the Insurance (Motor Vehicle) Act Fund operations. All assets and liabilities are held by the Corporation.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Reporting

As prescribed by Section 21(4) of the Insurance Corporation Act, the financial statements of the Corporation are presented in accordance with generally accepted accounting principles.

Investments and Investment Income

Investments are carried at amortized cost plus accrued interest. Premiums or discounts on bond purchases are amortized over the term to maturity of each bond.

Income on interest bearing securities is accrued on a daily basis. Capital gains and losses on sales of securities are recognized as they occur.

Deferred Premium Acquisition Costs

Commissions and General Insurance premium taxes are expensed over the terms of the insurance policies to which they relate.

Depreciation and Amortization

Depreciation is provided on a straight-line basis commencing in the month following that in which assets are placed in service at rates which will depreciate the original cost over the useful life of each asset. Leasehold improvements are amortized over the term of each lease plus the first renewal period where appropriate.

Leases

Leases are classified as capital or operating leases. A lease which transfers substantially all of the benefits and risks incident to the ownership of property is classified as a capital lease. All other leases are accounted for as operating leases whereby rental payments are expensed as incurred. The capitalized lease obligations reflect the present value of future rental payments discounted at the interest rate implicit in the lease. The corresponding amounts are capitalized and depreciated over the assets' estimated useful lives (Note 8).

Unearned Premiums

The liability for unearned premiums is the portion of premiums that relates to the unexpired term of each vehicle policy, General Insurance policy or driver's premium.

Unpaid Claims

Unpaid claims includes a provision for reported and unpaid claims, based on the claim settlement experience of the Corporation, current trends and a detailed review of claim files. Also included is an estimate for unreported claims.

Prior Year's Figures

Certain of the prior year's figures have been reclassified to conform with the current year's presentation.

3. REINSURANCE

The Corporation underwrites and reinsures policies of insurance which, in the main, limit the liability of the Corporation to the maximum amount on any one loss of $200,000 for General Insurance policies and $1,000,000 ($750,000 in 1982) for Autoplan policies. In addition the Corporation has obtained reinsurance having an upper amount of $60,000,000 which limits the Corporation's liability to $2,412,500 in the event of a series of claims arising out of a single occurrence. These reinsurance arrangements do not discharge the Corporation's obligation as primary insurer.

4. LOSS FROM OTHER OPERATIONS AND NON-RECURRING EXPENSE

The loss from other operations represents the net result of operating an automobile repair and bodyshop facility. These operations ceased as of May 31, 1983. Non-recurring expense represents the one-time cost of moving the Corporation's Head Office from leased premises in Vancouver into its owned Head Office building in North Vancouver.

5. RESERVES

General Insurance Operations

A Catastrophe Reserve has been established to absorb the possible impact of losses arising from catastrophic occurrences, in common with the industry practice. Catastrophes such as earthquakes, storms or conflagrations occur at random and the losses arising could be substantial.

The Corporation has appropriated from retained earnings an additional $500,000 to the Catastrophe Reserve. The appropriation increases this reserve to $6,500,000.

The Rate Stabilization Reserve has been established to lessen the potential impact on General Insurance premiums of significant variations in claims loss experience in future years. Amounts may be withdrawn from this reserve in loss years or may be added in years with an income.

---

6. INVESTMENTS

	Dec. 31, 1983		*Dec. 31, 1982*	
	(Thousands of dollars)			
	Cost	*Market*	*Cost*	*Market*
Short-term Deposit Receipts, Call Loans and Notes	$213,974	$213,974	$214,807	$214,807
Bonds	719,999	696,560	560,131	550,967
	$933,973	$910,534	$774,938	$765,774

---

7. PROPERTY AND EQUIPMENT

	Cost	*Accumulated Depreciation*	*Net Book Value Dec. 31,1983*	*Net Book Value Dec. 31, 1982*
		(Thousands of dollars)		
Land	$ 14,010	$ —	$ 14,010	$ 14,203
Buildings	71,715	12,781	58,934	50,365
Furniture & Equipment	19,597	7,283	12,314	7,820

Cash flow from operations	$ 12,104	$ 7,911
General Insurance and other operations		
Income for the year	$ 978	$ 24
Depreciation and amortization	39	75
Cash flow from operations	$ 1,017	$ 99

---

12. PENSION PLAN

Certain employees participate in a contributory pension plan and are entitled to vested interests prior to retirement.

Employees contribute a specified percentage of salaries. The Corporation contributes to the Plan all amounts as actuarially determined, over and above employee contributions, to fund the benefits earned by employees under the Plan.

The Plan is subject to an actuarial evaluation at least once in every three years. The most recent evaluation was effective as of December 31, 1982, at which time the Plan was determined to be actuarially sound. No major changes have affected the Plan since that date.

Contributions by the Corporation for the year ended December 31, 1983, were $3,292,000 (1982 — $2,902,000).

Auditors' Report

The Honourable James Hewitt
Minister of Consumer and Corporate Affairs
Province of British Columbia

We have examined the balance sheet of the Insurance Corporation of British Columbia as at December 31, 1983, the statements of general insurance and other operations and changes in financial position of the Corporation and the statement of operations of the Insurance (Motor Vehicle) Act Fund for the year then ended. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as we considered necessary in the circumstances.

In our opinion, these financial statements present fairly the financial position of the Corporation as at December 31, 1983, the results of its operations and the changes in its financial position and the results of the operations of the Insurance (Motor Vehicle) Act Fund for the year then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

The 1982 comparative figures are based upon financial statements which were reported on by another firm of Chartered Accountants.

AUDITOR'S REPORT

To the Chairman and Members of the Board of the
Knowledge Network of the West Communications Authority, and

To the Minister of Universities, Science and Communications
Province of British Columbia:

I have examined the consolidated balance sheet of Knowledge Network of the West Communications Authority as at 31 March 1984 and the consolidated statements of revenue, expenditure and accumulated balance, and changes in financial position for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these consolidated financial statements present fairly the financial position of the Authority as at 31 March 1984 and the results of its operations and the changes in its financial position for the year then ended in accordance with generally accepted accounting principles, applied on a basis consistent with that of the preceding year.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

31 March 1984

1. Significant accounting policies

a) Principles of consolidation

The financial statements of the Authority are consolidated with those of its wholly-owned subsidiary, Knowledge-West Communications Corporation.

b) Investment and advances

The investment by Knowledge-West Communications Corporation in a joint venture, Knowledge-West Partnership, has been accounted for on an equity basis.

c) Fixed assets and depreciation

The Authority records fixed assets at cost and depreciates them using the straight line method over their estimated useful life as follows:

Furniture and equipment	10% per annum
Earth stations	20% per annum
Leasehold improvements	20% per annum
Network equipment	20% per annum
Programs	20% per annum
Tapes	20% per annum
License agreements	Life of the respective agreement

AUDITOR'S REPORT

To the Chairman and Members of the
Legal Services Society, and

To the Attorney-General,
Province of British Columbia

I have examined the balance sheet of the Legal Services Society as at 31 March 1984 and the statement of income and expenditures and deficit for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Society as at 31 March 1984 and the results of its operations for the year then ended in accordance with generally accepted accounting principles, as modified by note 2 to the financial statements, applied on a basis consistent with that of the preceding year.

Erma Morrison, F.C.A.
Auditor General

LEGAL SERVICES SOCIETY
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED MARCH 31, 1984

1. Organizational objectives

Under the Legal Services Society Act the objects of the Society are to ensure that:

(a) services ordinarily provided by a lawyer are afforded to individuals who would not otherwise receive them because of financial or other reasons; and
(b) education, advice and information about law are provided for the people of British Columbia.

2. Significant accounting policies

These financial statements have been prepared in accordance with generally accepted accounting principles except that:

(a) property and equipment are recorded as operating expenditures at the time of acquisition,
(b) no accrual for employee vacation pay is provided, and
(c) no provision is made for legal work which has not been completed and billed.

3. Accounts payable - tariff

The accounts payable-tariff are shown net of advances of $357,200 (1983 - nil) paid to lawyers against their outstanding accounts.

4. Commitments

(a) The Society has commitments under long-term leases for the following:

	OFFICE PREMISES	COMPUTER EQUIPMENT	TOTAL
1985	$238,833	$ 47,295	$286,128
1986	132,720	47,295	180,015
1987	76,573	47,295	123,868
1988	15,740	43,568	59,308
1989	2,880	17,257	20,137
	$466,746	$202,710	$669,456

(b) The Society estimates that the total cost of authorized legal work which has not been completed and billed as at March 31, 1984 will amount to $2.5 million. This figure is not available for 1983.

5. Comparative figures

Certain of the 1983 figures have been restated in order to conform with the financial statement presentation adopted in 1984. These restatements have no effect on the deficit.

MEDICAL SERVICES COMMISSION OF BRITISH COLUMBIA

NOTES TO FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 MARCH 1984

1. Significant Accounting Policies

These financial statements have been prepared in accordance with generally accepted accounting principles except that:

(i) Premiums from individual subscribers are included as revenue only when cash is received and the revenue is earned. Premiums from other sources are recognized as revenue on an accrual basis.

(ii) The cost of furniture and equipment is charged to administration expenses in the year of acquisition.

(iii) Employees' holiday pay is not accrued.

2. Relationship with the Province of British Columbia

The Commission was appointed by the Province of British Columbia and is responsible for the administration of the Medical Service Act.

The Province absorbs certain costs that would be charged to the Commission were the Province and Commission not related; for example, occupancy costs were waived in 1984 and were absorbed instead by the Ministry of Health.

3. Additional Contribution from the Province of British Columbia

The Province of British Columbia has decided to absorb the Commission's working capital deficiency which amounted to $130,054,986 at the end of the year. Other sums amounting to $2,360,612 were also due from the Province at the end of the year.

4. Dental Care Plan

Effective 1 September 1982, the Dental Care Plan of British Columbia was suspended.

Touche Ross & Co.

METRO TRANSIT OPERATING COMPANY

NOTES TO FINANCIAL STATEMENTS
MARCH 31, 1984

1. Status of the Company

The Metro Transit Operating Company was created by the Province of British Columbia on July 31, 1979 under the Metro Transit Operating Company Act. The Act was brought into force by Proclamation on January 18, 1980.

2. Operating mandate

The Company's mandate is to manage, operate and maintain public passenger transportation systems in designated areas within the Province, in accordance with annual operating agreements. Under this mandate, the Company took over operations of the public passenger transportation systems from the British Columbia Hydro and Power Authority (B.C. Hydro) in the metropolitan areas of Vancouver and Victoria on April 1, 1980. Effective the same date, the Company entered into major annual operating agreements, governing the provision of transit services in these areas with the Urban Transit Authority of British Columbia, the Greater Vancouver Regional District and the Capital Regional District. The Urban Transit Authority of British Columbia was renamed British Columbia Transit (B.C. Transit) on September 1, 1982. The initial agreements, which expired on March 31, 1981, have been renewed to March 31, 1985.

Pursuant to the provisions of its annual operating agreements, the Company is provided with the use of all major fixed assets, such as passenger carrying vehicles, land and buildings and tools and equipment, by B.C. Transit subject to lease fees chargeable by B.C. Transit to the Regional Districts. In addition, the Company acquired from B.C. Hydro, for a nominal amount, certain assets, such as parts inventory, shop equipment, office furniture and equipment, service cars and trucks and computer software. At the time of acquisition, the parts inventories were valued at their average cost to B.C. Hydro and reflected accordingly as contributed surplus (Note 4).

The annual operating agreements also require that the Company collect all operating revenues and remit them directly to B.C. Transit and that the Company's gross operating expenditures are reimbursed by B.C. Transit with the deficit funding shared with the Regional Districts in accordance with their respective operating agreements.

3. Summary of significant accounting policies

a. Generally accepted accounting policies

The Company's accounts are prepared in accordance with generally accepted accounting principles including the use of the accrual method of accounting for operating expenditures.

b. Inventories

All inventories are valued at the lower of cost and replacement value. Cost is determined using the average cost method.

c. Property and equipment

As explained in Note 2, B.C. Transit finances and owns all major assets utilized by the Company with recovery chargeable to the Regional Districts. Purchases of individual items in excess of the amounts shown below are accounted for as capital expenditures by B.C. Transit and purchases less than these amounts are expensed by the Company in the year of acquisition.

Tools and shop equipment	$10,000
Passenger facilities	$ 5,000
Furniture and office equipment	$ 3,000

d. Pension plans

The Company and its employees are subject to the Public Service Superannuation Act and current and past service costs are accrued and funded on a current basis. In addition, the Company in accordance with the Metro Transit Operating Company Act, accrues and funds on a current basis the increased costs resulting from pension indexing for retired B.C. Hydro public transportation employees.

4. Contributed surplus

Parts inventories contributed to the Company by:

	1984	1983
	$'000	$'000
		(Restated - Note 5.c.)
B.C. Hydro (Notes 2 and 5.c.)	$ 3,283	$ 3,283
B.C. Transit	2,100	592
	$ 5,383	$ 3,875

5. Other information

a. Pension plans

Pensions costs for the current year amounted to $7,364,000 (1983 - $5,432,000) and, in addition, pension costs with respect to retired B.C. Hydro employees amounted to $1,004,000 (1983 - $813,000).

b. Trolley overhead system

Trolly overhead system maintenance costs for the current year amounted to $1,875,000 (1983 - $3,031,000).

c. Prior years' adjustment

The comparative 1983 financial statements have been restated to include parts inventories not previously recorded in the amount of $502,000. These inventories were originally granted to the Company by B.C. Hydro as described in Note 2 and accordingly have been reflected as additional contributed surplus.

d. Labour relations

The Company's previous labour contract with the Independent Canadian Transit Union (I.C.T.U.) expired on March 31, 1983 and a new agreement is currently being negotiated. While the terms and conditions of this new agreement have not as yet been finalized, it is management's opinion that there will be no wage or benefit increases for the year ended March 31, 1984.

In April 1984, the Company was successful in negotiating a two year agreement, retroactive to April 1, 1983, with the Office and Technical Employees Union (O.T.E.U.) which does not provide for an increase in salaries until October 1, 1984.

OCEAN FALLS CORPORATION

THORNE

Chartered Accountants

AUDITORS' REPORT

The Lieutenant-Governor in Council

Province of British Columbia

We have examined the balance sheet of Ocean Falls Corporation as at December 31, 1983 and the statements of income and deficit and changes in financial position for the year then ended. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as we considered necessary in the circumstances.

In our opinion, these financial statements present fairly the financial position of the Corporation as at December 31, 1983 and the results of its operations and the changes in its financial position for the year then ended in accordance with the basis of accounting as described in note 1 applied consistently with that of the preceding year.

OCEAN FALLS CORPORATION

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 1983

1. ACCOUNTING POLICY

In 1980, the Government of the Province of British Columbia shut down the Corporation's mill operations. Accordingly, these financial statements have been prepared on an estimated realizable basis. This basis of presentation reflects assets at estimated realizable values and provides for estimated costs of terminating operations, however further adjustment may be necessary upon the realization of assets and settlement of liabilities.

2. FUTURE OPERATIONS

During the year, the "Ocean Falls Corporation Repeal Act" was passed by the British Columbia Legislature. The purpose of this Act is to dissolve the Ocean Falls Corporation and to transfer its property and liabilities to the Crown. A date for this dissolution has not yet been set.

3. FIXED ASSETS

The fixed assets have been written down to their estimated net realizable value which at December 31, 1983 is $1,940,124.

4. BANK INDEBTEDNESS

Bank indebtedness is non-interest bearing and due on demand and is secured by shareholder's non-interest bearing deposits.

5. DEMAND LOANS

The demand loans from British Columbia Cellulose Company are partly secured by a debenture having a fixed charge on the real property of the corporation and a floating charge on all other assets of the corporation, subordinate in priority to long-term debt charges.

6. LONG-TERM DEBT

	1983	1982
Province of British Columbia		
Interest at chartered bank prime rate compounded quarterly with no fixed terms of repayment	$ 5,044,453	$ 5,044,453
Interest at 8-1/4% compounded semi-annually and maturing October 1984	2,000,000	2,000,000
Interest at 9-1/10% compounded semi-annually and maturing September 1, 1985	2,000,000	2,000,000
Interest at 9-1/4% compounded semi-annually and maturing November 1, 1985	2,000,000	2,000,000
	11,044,453	11,044,453
British Columbia Cellulose Company		
No interest payable since December 31, 1979 and maturing June 30, 1985	2,000,000	2,000,000
Mortgages payable, less current portion	14,914	25,763
	$13,059,367	$13,070,216

6. LONG-TERM DEBT (continued)

The loan from the Province of British Columbia in the amount of $5,044,453 is secured by a debenture having a first fixed charge on the real property of the corporation and a floating charge on all other assets of the corporation. Other loans from the Province of British Columbia are unsecured.

The loan from British Columbia Cellulose Company is secured by a debenture having a second fixed charge on the real property of the corporation and a floating charge on all other assets of the corporation.

7. SETTLEMENT OF CLAIM

During the year, the company was awarded $198,522 in settlement of litigation between a supplier and the corporation.

8. SUBSEQUENT EVENT

On March 30, 1984 the Province of British Columbia unconditionally granted $36,228,520 to the corporation to pay off its existing bank indebtedness.

AUDITORS' REPORT

To the Shareholder of
Pacific Coach Lines Limited:

We have examined the balance sheet of Pacific Coach Lines Limited as at March 31, 1984 and the statements of operations and deficit, changes in financial position and changes in capital replacement fund for the year then ended. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as we considered necessary in the circumstances.

In our opinion, these financial statements present fairly the financial position of the company as at March 31, 1984 and the results of its operations, the changes in its financial position and the changes in its capital replacement fund for the year then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

PACIFIC COACH LINES LIMITED

NOTES TO FINANCIAL STATEMENTS
MARCH 31, 1984

1. Cessation of operations:

In the July 7, 1983 Provincial Budget the Honourable Hugh Curtis, Minister of Finance, announced that the government intended to give the private sector the opportunity to take over functions and activities not appropriate to government. Effective with the close of business March 31, 1984 all operations of the company were discontinued and the personnel terminated.

The assets relating to three of the four major route sectors were sold March 31, 1984 to three independent operators and assets relating to the fourth route sector were sold in early April, 1984.

All costs relating to the discontinuance of operations have been included as an extraordinary item in the statement of operations and deficit.

2. Capital replacement fund:

The capital replacement fund was created to provide funds for fixed asset expenditures and the retirement of related long term debt. Additions to the fund were represented by proceeds from the sale of fixed assets, capital contributions from the Province of British Columbia, a portion of the operating contract revenue from the Province of British Columbia equal to the depreciation expense for the year and interest earned on the capital replacement fund assets.

Following the discontinuance of operations the balance of funds remaining in the capital replacement fund were transferred to current funds on hand to be used in discharging the pension plan, severance pay and other obligations of the company.

3. Fixed assets:

	March 31	
	1984	1983
Cost or appraised value:		
Land	$ 792,857	$ 792,857
Revenue equipment	1,200,609	5,979,367
Buildings	428,750	419,551
Furniture and equipment	297,621	418,586
Service equipment	9,000	22,142
	2,728,837	7,632,503
Less: Accumulated depreciation	855,984	3,079,527
	$1,872,853	$4,552,976

Revenue and service equipment acquired from British Columbia Hydro & Power Authority at nominal consideration on April 1, 1979 together with similar equipment owned at that date were appraised by Levett Inter-City Coach Sales Ltd. and are reflected in the accompanying financial statements at their fair market value as at April 1, 1979.

3. Fixed assets (continued):

The excess of appraised value of assets over depreciated cost or nominal value is included as a separate account under shareholder's equity (Note 5) and is being transferred to retained earnings on the basis of realization of appreciation through depreciation provisions and sales.

The costs of major replacements, additions and improvements are capitalized in the fixed asset accounts. The costs of maintenance, repairs, and minor renewals or replacements are charged against income. On retirement or disposal of fixed assets, the costs thereof and the related accumulated depreciation are eliminated from the accounts and any gains or losses are reflected in the statement of operations.

The fixed assets are depreciated on the straight-line method based on useful lives of 8 to 25 years.

Subsequent to the end of the fiscal year the remaining revenue and service equipment were sold at prices in excess of the recorded values while the estimated fair market values of the other remaining fixed assets exceeds the recorded values.

4. Operating contract - Province of British Columbia:

By agreement with the Minister of Human Resources the Province of British Columbia makes payments in an amount equal to net operating costs incurred during the year before interest on the capital replacement fund, gains an losses on fixed asset disposals and extraordinary items.

5. Excess of appraised value of assets over depreciated cost or nominal value, April 1, 1979:

	March 31 1984	1983
(a) Revenue and service equipment owned by the company at March 31, 1979	$ 760,910	$ 760,910
(b) Revenue and service equipment acquired from British Columbia Hydro & Power Authority on April 1, 1979	3,583,000	3,583,000
(c) Parts inventory acquired from British Columbia Hydro & Power Authority on April 1, 1979	322,928	322,928
	4,666,838	4,666,838
Less: Amount realized through depreciation provisions, use or sale and transferred to retained earnings	4,383,585	2,562,653
Balance, end of year	$ 283,253	$2,104,185

6. Pension plan:

Concurrent with the cessation of operations effective March 31, 1984 provision has been made to both fund the pension obligations of the company and to have the assets and obligations assumed by the Public Service Superannuation Fund.

The cost of fully funding the pension obligations has been included under extraordinary items.

7. Income taxes:

Since the Province of British Columbia is the sole shareholder the company is exempt from income taxes.

AUDITOR'S REPORT

To the Chairman and Members of the Board of Governors of the Pacific Vocational Institute, and

To the Minister of Education
Province of British Columbia:

I have examined the balance sheet of the Pacific Vocational Institute as at 31 March 1984 and the statements of revenue and expenditure, changes in fund balances and ancillary enterprise operations for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Institute as at 31 March 1984 and the results of its operations and the changes in its fund balances for the year then ended in accordance with generally accepted accounting principles, as modified by note 1(a) to the financial statements, applied on a basis consistent with that of the preceding year.

PACIFIC VOCATIONAL INSTITUTE
NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED MARCH 31, 1984

1. SIGNIFICANT ACCOUNTING POLICIES

a) General

These financial statements have been prepared in accordance with generally accepted accounting principles except for the following:

- No accrual is provided for vacation pay.
- No provision is made in the financial statements for depreciation of buildings and equipment.
- No accrual is provided for interest on long term debt.
- Library books and periodicals are charged to expense in the year of acquisition.
- Leases of a capital nature are expensed in the Operating Funds as payments are made.

b) Fund Accounting

Transactions of the Institute are accounted for by fund accounting procedures in order to recognize various restrictions imposed on the use of available resources. Under these procedures, revenue and related expenditures are accounted for in separate funds in accordance with objectives specified by donors, limitations and restrictions imposed by sources outside the Institute, and determinations made by the Board of Governors. The major fund divisions are described below:

- General Purposes Operating Funds consist of those revenues and expenditures used in the general operations of the Institute.
- Specific Purposes Operating Funds consist of those revenues and expenditures used for projects stipulated by the donors and grantors.
- Restricted Funds consist of those revenues and expenditures which are restricted in nature. They include the Student Scholarship Fund, Parking Trust Fund, Aircraft Maintenance Fund, Emergency Loan Fund, Student Activity Building Trust Fund, and Good Samaritan Fund.
- Debt Service Fund consists of those grants and expenditures used in the servicing of authorized borrowings.
- Capital Fund consists of grants received for the purpose of acquiring capital assets. This fund may also be used for major renovations and alterations and capital project administration costs.

c) Land, Buildings and Equipment

Expenditures for the construction of buildings and purchase of equipment are recorded in the statement of revenue and expenditure of the Capital Fund and are included as capital assets, at cost, on the balance sheet.

d) Inventories

Bookstore, bakery, retail meat and food training inventories, held for resale, are stated at the lower of cost and net realizable value.

e) Ancillary Enterprises

Ancillary enterprises include the bookstore, student housing services, retail meat and bakery operations and are expected to operate on a break-even basis. These departments are assessed only direct costs associated with their operations.

2. LAND, BUILDINGS AND EQUIPMENT

	Capital Projects	Renovations & Public Works	Equipment	Total 1984	Total 1983
Balance, beginning of year	$14,490,262	$1,278,747	$ 4,851,747	$20,620,756	$13,321,474
Additions during the year	4,833,787	137,525	898,192	5,869,504	7,299,282
Balance, end of year	$19,324,049	$1,416,272	$ 5,749,939	$26,490,260	$20,620,756

Buildings and equipment include only the improvements, buildings and equipment acquired by the Institute subsequent to April 1, 1978. All equipment acquired prior to April 1, 1978 was transferred, at no cost, from the Province of British Columbia and recorded at a nominal value of $1. All other land and buildings are the property of the following:

- Burnaby location - Province of British Columbia and are provided free of charge.
- Maple Ridge location - British Columbia Buildings Corporation and are provided free of charge.
- Sea Island location - Sub-leased from British Columbia Buildings Corporation at $21,744 per annum.

On April 4, 1983, the Institute acquired the Redford House Student Hotel from the Province of British Columbia at no cost. This property, consisting of land and premises, is recorded at a nominal value of $1.

3. BANK INDEBTEDNESS

Bank indebtedness consists of demand loans obtained under the provisions of the Educational Institution Capital Finance Act and the College and Institute Act. Interest is payable at the prime lending rate. The purpose of the loans is to provide interim and short term financing for construction, major renovations and special equipment purchases.

4. **LONG TERM DEBT**

The long term debt at March 31, 1984, consists of debentures issued to the British Columbia Educational Institutions Capital Financing Authority. Terms are as follows:

Certificate Number	Maturity	Rate	Principal	Sinking Fund Balance	Balance March 31, 1984	Annual Payment
AB	June 20, 1993	11.75%	$ 371,000	$ -	$ 371,000	$ 69,202
GG7	November 9, 199[illegible]	10.68%	1,200,000	151,510	1,048,490	157,509
GG11	June 10, 2000	12.01%	1,000,000	93,732	906,268	144,490
GG14	October 10, 2000	12.50%	2,000,000	175,863	1,824,137	298,825
GG26	March 10, 2002	16.10%	1,926,000	89,695	1,836,305	352,173
GG28	May 10, 2002	15.25%	1,948,000	47,132	1,900,868	339,637
GG40	July 4, 2003	11.37%	4,000,000	-	4,000,000	542,208
			$12,445,000	$ 557,932	$ 11,887,068	$ 1,904,044

Interest and sinking fund instalments are paid to the British Columbia Educational Institutions Capital Financing Authority from grants received from the Province of British Columbia. The sinking fund balance includes the cumulative sinking fund instalments and interest earned thereon. The debentures can be recalled by the British Columbia Educational Institutions Capital Financing Authority by giving not less than five (5) months' notice in writing.

5. **COMMITMENTS - CAPITAL FUND**

Commitments under capital contracts at March 31, 1984 amounted to $309,539 (1983 - $941,881), to be financed from the Capital Fund.

6. **LEASE COMMITMENTS**

Commitments under long-term leases at March 31, 1984 amounted to $244,050 (1983 - nil) plus interest at the prime rate on the monthly unpaid balance. The principal portion of future lease payments are:

1985	$ 83,977
1986	77,484
1987	82,589
	$244,050

Lease payments are expensed in the Operating Funds in accordance with the Institute's accounting policies as described in Note 1.

7. **CONTINGENT LIABILITY**

A contingent liability exists for banked sick pay accumulated under the previous contractual obligations. At March 31, 1984, the estimated liability amounted to $759,648 (1983 - $846,327). The liability represents 50% of accumulated time at current salary rates and may be taken on retirement in the form of cash or leave.

AUDITOR'S REPORT

To the Chairman and Members of the
Provincial Capital Commission, and

To the Minister of Finance
Province of British Columbia:

I have examined the balance sheet of the Provincial Capital Commission as at 31 March 1984 and the statement of revenue, expenditure and surplus for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Commission as at 31 March 1984 and the results of its operations for the year then ended in accordance with generally accepted accounting principles, as modified by note 2(c) to the financial statements, applied on a basis consistent with that of the preceding year.

Erma Morrison

Erma Morrison, F.C.A.
Auditor General

PROVINCIAL CAPITAL COMMISSION

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 MARCH 1984

1. THE COMMISSION

The Provincial Capital Commission operates under authority of the Capital Commission Act, RSBC 1979, Chapter 42.

The Commission is responsible for the following:

- advising on the planning and funding of improvement and beautification projects in the Capital Improvement District,
- controlling and managing specific approved projects not under the direct control of member municipalities,
- co-ordinating construction and development work of all construction proposals on land controlled or owned by the Province in the Capital Improvement District,
- serving Greater Victoria through co-operation with local municipalities and by assistance funding to approved improvement and beautification projects, and
- operating the Crystal Gardens and St. Ann's Academy.

2. SIGNIFICANT ACCOUNTING POLICIES

(a) Inventory

Inventory is valued at the lower of cost and net realizable value.

(b) Deferred charges

Expenditures associated with the negotiation of the Crystal Garden leases are amortized over five years.

PROVINCIAL CAPITAL COMMISSION

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 MARCH 1984

(c) **Fixed assets**

Land and buildings owned by the Commission are recorded at the nominal value of one dollar.

Furnishings and equipment are charged to operating expenses in the year of acquisition.

Additions, renovations and beautification projects of a capital nature to land and buildings owned by the Commission are charged to capital expenditures as incurred.

3. PROPERTY

Property recorded at a nominal value of one dollar represents forty-five properties transferred to the Commission from the Province of British Columbia as free Crown grants.

The aggregate assessed value of these properties, including improvements made by the Commission, was $31,492,164 at 31 December 1983 ($29,927,208 at 31 December 1982).

4. PROVINCE OF BRITISH COLUMBIA OPERATING GRANT

The operating grant represents certain administration expenses of the Commission paid directly by the Ministry of Finance.

5. APPROPRIATED SURPLUS

Appropriated surplus is comprised of balances of amounts approved by Order in Council for capital projects which are not yet completed.

AUDITOR'S REPORT

To the Shareholder of the Provincial Rental Housing Corporation, and

To the Minister of Lands, Parks and Housing
Province of British Columbia:

I have examined the statement of financial position of the Provincial Rental Housing Corporation as at 31 December 1983 and the statements of accumulated return of investment and changes in financial position for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Corporation as at 31 December 1983 and the accumulated return of its investment and the changes in its financial position for the year then ended in accordance with generally accepted accounting principles, as modified by note 2 (b) to the financial statements, applied on a basis consistent with that of the preceding year.

WORKING CAPITAL DEFICIENCY AT END OF YEAR	$4,787,845	$1,850,770

PROVINCIAL RENTAL HOUSING CORPORATION

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 1983

1. THE CORPORATION

The Provincial Rental Housing Corporation is incorporated under the Company Act of the Province of British Columbia and is a Housing Corporation and an agent of the Crown. It is wholly owned by the Province of British Columbia.

2. SIGNIFICANT ACCOUNTING POLICIES

a) Amortization Revenue

Amortization revenue represents amounts charged by the Corporation to the British Columbia Housing Management Commission, which manages the rental housing units of the Corporation.

The amount charged to the Commission is determined by agreement between the Federal/Provincial Authorities which subsidize the operating deficits of these housing units.

b) Investment in Rental Housing

Investment in rental housing is stated at cost less accumulated return of investment. The accumulated return of investment, representing the excess of amortization and other revenue over interest and other expenses, is treated as a reduction, in lieu of depreciation, in the carrying value of investment in rental housing. The reduction is expected to write off the capital costs of the project over a period of fifty years.

3. INVESTMENT IN RENTAL HOUSING

The investment of the Corporation in subsidized rental housing at December 31, 1983 was comprised of 98 projects and consisted of the following:

	1983	1982
Properties eligible for Federal loans	$64,033,927	$64,033,927
Provincial share of joint Federal/ Provincial properties	24,916,155	24,916,155
	88,950,082	88,950,082
Less - accumulated return of investments	12,586,350	11,567,179
	$76,363,732	$77,382,903

PROVINCIAL RENTAL HOUSING CORPORATION

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 1983

4. LONG TERM DEBT

	1983	1982
Province of British Columbia 9.75% Debenture	$24,361,996	$28,236,399
Canada Mortgage and Housing Corporation Debenture mortgage loans	46,593,211	46,711,784
	70,955,207	74,948,183
Less - current portion	81,842	118,572
	$70,873,365	$74,829,611

a) The provincial debenture is repayable on demand and is secured by a first floating charge on all the property, assets and undertakings of the Corporation.

b) The debenture mortgage loans are repayable to the Canada Mortgage and Housing Corporation over terms up to fifty years. These loans bear interest at rates from 8% to 10.75% and are secured by unregistered first mortgages on properties with a carrying value of $56,792,983.

The aggregate repayments of principal required to meet debt obligations in each of the next five years are as follows:

1984	$ 81,842
1985	$ 89,966
1986	$ 98,900
1987	$108,728
1988	$119,539

5. ADMINISTRATION COSTS

The Ministry of Lands, Parks and Housing provides administration services to the Corporation at no cost.

Coopers & Lybrand | chartered accountants | a member firm of Coopers & Lybrand (international)

AUDITORS' REPORT

TO THE MINISTER OF UNIVERSITIES,

SCIENCE AND COMMUNICATIONS

We have examined the balance sheet of The Science Council of British Columbia and Secretariat on Science, Research and Development as at March 31, 1984 and the statements of research appropriations, expenditures and unexpended appropriations and operations appropriations, expenditures and unexpended appropriations for the year then ended. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as we considered necessary in the circumstances.

In our opinion, these financial statements present fairly the financial position of the Council and Secretariat as at March 31, 1984 and the results of their operations for the year then ended in accordance with generally accepted accounting principles, as modified by note 1 to the financial statements, applied on a basis consistent with that of the preceding year.

THE SCIENCE COUNCIL OF BRITISH COLUMBIA

AND SECRETARIAT ON SCIENCE, RESEARCH AND DEVELOPMENT

NOTES TO FINANCIAL STATEMENTS

FOR THE YEAR ENDED MARCH 31, 1984

1. ACCOUNTING POLICIES

Fixed Assets

Fixed assets are not capitalized and depreciated as assets of the Council and Secretariat, but are written off in the period in which they are purchased.

Research Grants

Outstanding research grant commitments are conditional on receipt of satisfactory progress reports and are not recorded until actually disbursed.

2. RESEARCH GRANT COMMITMENTS (see Schedule)

During the year, the Council approved funding for research projects, awards, special requests and special projects totalling $4,034,454. At March 31, 1984, known outstanding commitments totalled $3,583,372 which, together with additional estimated renewed commitments for the year ending March 31, 1985 of $2,209,223, amount to $5,792,595 in known and estimated outstanding commitments.

During the year the Council continued with an agreement whereby it shares certain costs associated with The B.C. Innovation Office with The Discovery Foundation.

3. PUBLIC EVENTS

During the year, the Council was involved in public events for the promotion of awareness of science and research in British Columbia. The major events during the year ended March 31, 1984 were an exhibit at the Arts, Sciences and Technology Centre and the video production, "Many Faces in Science".

AUDITOR'S REPORT

To the Chairman and Members of the Board of Governors of
Simon Fraser University, and

To the Minister of Universities, Science and Communications
Province of British Columbia:

I have examined the balance sheet of Simon Fraser University as at 31 March 1984 and the statements of revenue and expenditure and changes in fund balances, expenditures by fund, changes in appropriated fund balances, ancillary enterprise operations and changes in net investment in land, buildings and equipment for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the University as at 31 March 1984 and the results of its operations and the changes in its fund balances for the year then ended in accordance with accounting principles generally accepted for universities, applied on a basis consistent with that of the preceding year.

SIMON FRASER UNIVERSITY

NOTES TO FINANCIAL STATEMENTS

MARCH 31, 1984

1. SIGNIFICANT ACCOUNTING POLICIES

These financial statements have been prepared in accordance with accounting principles generally accepted for universities. The significant accounting policies followed by Simon Fraser University include:

(a) Fund Accounting

The University accounts are maintained in conformity with fund accounting procedures in order to recognize restrictions imposed on the use of resources. Under these procedures, resources are classified into funds in accordance with objectives authorized by the Board of Governors or otherwise specified. Funds have been combined into the following major groups:

- General purpose operating funds comprise revenues used in the general operations of the University.
- Specific purpose operating funds consist of grants and donations for designated purposes and the income earned on endowment funds.
- Endowment funds are received or appropriated with the stipulation that the principal will be invested and the related earned income will be expended for specific purposes.
- Capital funds comprise amounts received for the purchase of capital assets as described in note 1 (b).

(b) Land, Buildings and Equipment

Construction costs for buildings and other facilities, including original equipment and furniture, major renovation costs, and new equipment funded under the Educational Institution Capital Finance Act are capitalized in the Capital Fund. Replacement equipment and furniture, new equipment not specified above, and minor renovations are expensed as the costs are incurred in the various funds.

No provision is made for depreciation of buildings and equipment.

(c) Inventories

Inventories of supplies are stated at cost. Inventories of merchandise held for resale are stated at the lower of cost and net realizable value.

(d) Ancillary Enterprise Operations

Ancillary enterprises provide goods and services supplementary to the primary functions of teaching and research on a charge-for-service basis. They include residences and bookstore. Contracted food services are no longer included. Expenses include direct operating costs and payments of interest and principal on debentures relating to the residences. No administrative overhead has been applied except for imputed interest on bookstore inventory balances.

(e) Other

Library books and periodicals are expensed in the year of acquisition.

Leases of a capital nature are expensed in the Operating Fund as payments are made.

Employee vacation pay entitlements are not accrued.

2. SHORT TERM FINANCING - CAPITAL FUND

The interim financing of capital construction projects is authorized under the provisions of the Educational Institution Capital Finance Act. Bank loans are retired from the proceeds of long term debt issued under the authority of the Act. Accounts and holdbacks payable and commitments under building and other contracts will be financed similarly in the next fiscal year.

Accounts payable and receivable include accrued interest in the amount of $955,000 (1983 - $1,330,000) on short and long term borrowings. The funding will be received from the Province of British Columbia in the next fiscal year.

3. LONG TERM DEBT

A. Canada Mortgage and Housing Corporation

Maturity Date	Interest Rate	Balance Outstanding Mar 31/84	Mar 31/83	Annual Payment inc. interest
		(thousands of dollars)		
Jan 1, 2017	5.375%	$ 191	$ 193	$ 12
Jan 2, 2018	5.875	951	960	65
Jul 1, 2019	6.875	2,258	2,272	171
		$ 3,400	$ 3,425	$ 248

The debentures are secured by a floating charge on the student residences.

Dec 10,2002	12.01	1,000	23	977	1,000	142
Apr 5,2003	11.59	2,000		2,000		276
May 2,2003	11.53	2,545		2,545		349
Aug 2,2003	11.51	1,000		1,000		137
Dec 1,2003	11.79	1,000		1,000		140
Mar 1,2004	12.13	2,099		2,099		300
Total (Exhibit A)		$43,849	$3,129	$40,720	$33,152	$6,550

Annual payments consist of interest and sinking fund payments. Payments made in 1983/84 totalled $5,668,000 (1982/83 - $4,192,000). The payments to the sinking fund are based on the discounted present values required to fund fully the repayment of the debt by respective maturity dates. The sinking fund balance consists of total sinking fund installments to March 31, 1984 plus interest earned thereon. Sinking fund payments, which are financed by the Province of British Columbia, made during 1983/4 amounted to $825,000 (1982/83 $628,000). Earned interest thereon recorded for 1983/84 is $251,000 (1982/83 $205,000).

The long term debt includes $219,000 repayable in U.S. funds. This amount was recorded at the Canadian equivalent as at the date of receipt and is currently shown at $249,000 Canadian. If this amount were based on the exchange rate prevailing on March 31, 1984, the Canadian equivalent would be $280,000.

4. COMMITMENTS - CAPITAL FUND

Total commitments under contracts for capital projects amount to $85,000 as at March 31, 1984 (March 31/83 $2,600,000) which will be financed under the Educational Institution Capital Finance Act.

5. RESTATEMENT OF COMPARATIVE FIGURES

Certain 1983 figures in the financial statements have been restated in order to conform with the financial statement presentation adopted in 1984. There was no effect on the fund balances.

6. ACADEMIC PENSION PLAN

Under the terms of the Academic Pension Plan, the University contributes 10% of faculty salaries to provide for academic pensions. Because of an amendment to the plan effective March 20, 1973, 2% has been directed toward a formula benefit option available to members of the plan as at that date (closed group). All plan members, including those joining subsequently (open group), were affected by this provision until January 1, 1981 when the University agreed to direct the open group's 2% to the money-purchase accounts of the members. The actuarial liability resulting from this decision was estimated to be $1,780,000 as at January 1, 1981. This amount has accumulated to $2,358,000 as at March 31, 1984 by application of the valuation rate of interest (9%) assumed by the fund actuary.

Appropriations of $500,000 in 1981-82 and $570,000 in 1982-1983 were made to provide partial funding. The $1,070,000 appropriation as at March 31, 1983 has been augmented to the full indicated requirement of $2,358,000 as at March 31, 1984 by an appropriation of $1,288,000 in 1983-84. These amounts are shown separately on the financial statements.

Schedule 1

AUDITORS' REPORT

The Members
Universities Council

We have examined the statement of financial position of the Universities Council as at March 31, 1984 and the statement of revenue and expenditure and fund balance for the year then ended. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as we considered necessary in the circumstances.

In our opinion, these financial statements present fairly the financial position of the Council as at March 31, 1984 and the results of its operations for the year then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

UNIVERSITIES COUNCIL
NOTES TO FINANCIAL STATEMENTS
MARCH 31, 1984

1. ACCOUNTING POLICY

Office furniture and equipment purchases are charged to expenditures when purchased. The cumulative cost of office furniture and equipment charged to expenditures amounts to $49,265 (1983 - $49,265).

2. EXCESS OF REVENUE OVER EXPENDITURE

The Universities Council is an agent of the Crown in right of the Province of British Columbia. As such no income taxes are payable on any excess of revenue over expenditure.

3. FUNDS HELD FOR EXTERNAL ORGANIZATIONS AND OTHERS

The Universities Council acts as recipient and disbursing agent of grant funding provided by the Ministry of Universities, Science and Communications for certain external organizations and for designated projects or activities.

4. COMMITMENT

The Universities Council has leased realty at an annual cost of approximately $67,000 to September 30, 1984.

5. STATEMENT OF CHANGES IN FINANCIAL POSITION

A Statement of Changes in Financial Position has not been prepared as its inclusion with these financial statements would not be meaningful.

UNIVERSITY OF BRITISH COLUMBIA

Province of British Columbia

Office of the
Auditor General
Province of British Columbia

8 Bastion Square
Victoria
British Columbia
V8V 1X4

AUDITOR'S REPORT

To the Chairman and Members of the Board of Governors of
The University of British Columbia, and

To the Minister of Universities, Science and Communications
Province of British Columbia:

I have examined the balance sheet of the University of British Columbia as at 31 March 1984 and the following statements for the year then ended:

Statement 2 - Statement of changes in appropriated fund balances
Statement 3 - Statement of changes in unappropriated fund balances
Statement 4 - Statement of changes in specific purposes fund balance
Statement 5 - Statement of changes in sponsored research funds balance
Statement 6 - Statement of changes in ancillary enterprises fund balance
Statement 7 - Statement of changes in capital fund balance
Statement 8 - Statement of changes in student loan and endowment principal fund balances
Statement 9 - Statement of equity in plant assets

My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion these financial statements present fairly the financial position of the University as at 31 March 1984 and the results of its operations and changes in fund balances for the year then ended in accordance with accounting principles described in note 1 to the financial statements, applied, after giving retroactive effect to the change regarding amortization of investment in teaching facilities at associated hospitals described in note 2 to the financial statements, on a basis consistent with that of the preceding year.

Erma Morrison, F.C.A.
Auditor General

Victoria, British Columbia
11 July 1984

THE UNIVERSITY OF BRITISH COLUMBIA

BALANCE SHEET

AS AT MARCH 31, 1984

STATEMENT 1

(thousands of dollars)

ASSETS

		1984	1983
Cash and bank deposit notes		$ 29,796	$ 26,402
Investments at cost - (Note 1(b)) (market value $86,088 - 1983 $90,393)		86,550	87,780
Accounts receivable		17,137	13,382
Student loans receivable		440	403
Inventories		4,991	3,734
Investment in teaching facilities at associated hospitals	$11,058		
Less amortization - (Note 2)	1,139	9,919	9,703
Land, buildings and equipment at cost (Statement 9)		375,037	362,494
		$523,870	$503,898

THE UNIVERSITY OF BRITISH COLUMBIA

NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED MARCH 31, 1984

NOTE 1 SIGNIFICANT ACCOUNTING POLICIES

(a) General

These financial statements have been prepared in accordance with accounting principles generally accepted for Universities as outlined in the "Guide to Accounting Principles, Practices and Standards of Disclosure for Universities and Colleges of Canada" published in 1984 by the Canadian Association of University Business Officers (CAUBO). Exceptions to these principles are:

- only certain equipment acquisitions are capitalized - Note 1(g)
- long-term investment income is recorded on a cash basis
- library books and periodicals are expensed in the year of acquisition

The guide provides for a transition period of several years to fully comply with the guidelines.

(b) Fund Accounting

Transactions of the University are accounted for by fund accounting procedures in order to recognize various restrictions imposed on the use of available resources. Under these procedures, revenues and their related expenses are accounted for in separate funds in accordance with objectives specified by donors, limitations and restrictions imposed by sources outside the University, and determinations made by the Board of Governors.

For financial statement reporting purposes the Balance Sheet combines the assets and liabilities of all funds. These funds are either expendable or non-expendable. An expendable fund is one that may be used in its entirety within the restrictions established by the donor or agency providing the funds. A non-expendable fund is one in which at least the original fund balance cannot be expended.

The statements of changes in fund balances show the total income and expenses of the University, after elimination of inter-fund transactions. The University has classified accounts with similar characteristics into major funds as follows:

- the General Purpose Operating Fund consists of those revenues and expenses used in the general operations of the University.

- the Specific Purposes Fund consists of those revenues and expenses used for projects stipulated by the donors and includes income earned on the Endowment Principal Fund.

- the Sponsored Research Fund consists of funds specifically identified for research or related activities as approved by government granting agencies, research institutes and other public and private organizations.

- Ancillary Enterprises provide goods and services to the University community and are expected to operate on a break-even basis. Any deficits must be recovered from future operations and unexpended balances are carried forward for replacement and upgrading of facilities in these ancillary operations. These enterprises are assessed most overhead costs associated with their operations including payments of principal and interest on all long-term debt. Capital additions for these operations are recorded in the statement of changes in capital fund balances in the year in which they are incurred and are included as capital assets, at cost, on the balance sheet.

- the Capital Fund consists of gifts, grants, interest and authorized capital borrowings received for the purpose of acquiring capital assets including those pertaining to ancillary enterprises. These funds may also be used for major renovations, alterations and capital project administrative costs.

- the Student Loan Fund consists of gifts and bequests received for the purpose of making loans to students, plus interest earned thereon.

- the Endowment Principal Fund consists of gifts and bequests received with the stipulation that these funds be invested and the income earned be expended for designated purposes.

(c) Accrual Accounting

The University follows the accrual basis of accounting as recommended by CAUBO by recording income when earned and expenses when materials or services are received, except for interest income earned on long-term investments, which is recorded on a cash basis. Encumbrances, including commitments for goods and services not yet received, are not included in expenses.

(d) Appropriations

The University maintains a general operating budget programme which, subject to annual approval of the Board of Governors, allows faculties to carry forward unexpended funds into the subsequent fiscal year up to a maximum of 1% of the budget allocation for the current year. In addition the University provides appropriations at the fiscal year end for acquisition of plant assets, replacement of equipment and furnishings, and for renovations and maintenance.

(e) Inventories

Inventories of merchandise held for resale are stated at the lower of cost and net realizable value. Supplies inventories are recorded at cost. Livestock and experimental animals are stated at net realizable value.

(f) Amortization

The investment in teaching facilities at associated hospitals is being amortized by an amount equal to the contribution to the sinking fund to retire the related long-term debt outstanding. The investment represents the funds advanced for capital teaching facilities at associated hospitals, for which the University has no legal ownership.

(g) Land, Buildings and Equipment

Expenditures for the acquisition of land and buildings or for the initial equipping of buildings are recorded in the Statement of Changes in Capital Fund Balance in the year in which they are incurred and are included as capital assets, at cost, on the Balance Sheet. When similar assets are donated for use in operations, they are recorded directly on the balance sheet at market value at date of acquisition.. Expenditure for the development and expansion of the University site services is included in land, buildings and equipment if paid out of capital funds and expensed if paid out of operating funds. In accordance with approved university accounting principles, depreciation of buildings and equipment is not recorded.

(h) Investments

This balance relates to the investment of non-expendable endowment principal, student loan, and specific purpose funds. It is not available for general operating purposes.

Investments are recorded at cost. Gains or losses on sales of investments are recognized in the year of disposal and are included in the non-expendable Endowment Principal Fund balance.

(i) Campus Organizations and Agencies

The financial statements of The University of British Columbia do not include the income or expense of the Health Sciences Centre Hospital, Aquatic Centre, Thunderbird Winter Sports Centre, Faculty Club, Graduate Student Centre or Triumf, but buildings and contents are included in the balance sheet.

NOTE 2 CHANGE IN ACCOUNTING POLICY

In previous years the University did not amortize the investment in teaching facilities at associated hospitals. This policy has been retroactively changed to amortizing the balance on a systematic basis as described in note 1(f). As a result of this change investment in teaching facilities at associated hospitals and equity in plant assets for 1983 have decreased by $786,085. Had the University not changed its policy investment in teaching facilities at associated hospitals and equity in plant assets for 1984 would be $1,138,902 greater.

NOTE 3 INTERFUND TRANSFERS

Interfund transfers comprise the following:

- The Endowment Principal Fund has increased $13,546,816 by the transfer from the Specific Purposes Fund of $12,988,097 unexpended income earned on endowment funds and $558,719 unexpended donations.
- The Capital Fund has increased $343,281, representing funds transferred from the Ancillary Enterprises Fund to assist with the financing of the Gage Low Rise and Acadia Park Housing Projects.

NOTE 4 BANK LOANS AND LONG-TERM DEBT

		Principal	
		1984	1983
Bank Loans			
Authority			
University Act		$ 6,971,066	$ 5,589,705
Educational Institution Capital Finance Act		7,426,845	10,140,828
(Statement 1)		$ 14,397,911	$ 15,730,533
	Annual Payments Including Interest		
Long-term Debt			
Canada Mortgage and Housing Corporation 5.125% to 7.875% due 2012 to 2023 inclusive	$ 1,517,555	$ 20,695,380	$ 20,857,505
British Columbia Educational Institutions Capital Financing Authority 9.410% to 17.510% due 1986 to 2004 inclusive	$15,547,754	99,782,000	87,303,000
(Statement 1)		$120,477,380	$108,160,505

Under the authority of the Educational Institution Capital Finance Act, the University has financed certain capital facilities of the University and teaching facilities at associated hospitals with bank demand loans. These loans are then refinanced through debentures issued by the University to the British Columbia Educational Institutions Capital Financing Authority (B.C.E.I.C.F.A.). Funds are received from the Province of British Columbia to fully meet the interest and sinking fund payments. The actual payments to the sinking fund, held by the B.C.E.I.C.F.A. are based on the discounted present values required to fully fund the repayment of the debentures by their respective maturity dates. These debentures can be recalled by the B.C.E.I.C.F.A. by giving not less than five months notice in writing.

NOTE 5 COMMITMENTS

Commitments under capital contracts at March 31, 1984 amounted to $9,804,195 (1983 - $6,154,451). Research facilities at the Shaughnessy Hospital site accounted for $8,607,460 of this amount. The financing of these commitments has been arranged and approved.

Due to a reduction in the operating grant from the Province of British Columbia in 1984-85, the University of British Columbia is required to reduce its operating budget base by approximately $8,500,000. To assist in this exercise, a number of early termination arrangements have been made with faculty and staff which will require $4,500,000 in additional funds to complete. The University has applied to the Province of British Columbia to fund this cost, and at March 31, 1984 these arrangements have not yet been confirmed.

NOTE 6 PENSION PLANS

The University has two pension plans which are administered by separate trustees/directors. The faculty pension plan provides benefits on a money purchase basis, with a minimum retirement benefit included therein. The staff pension plan benefits are based on 2% of the average best five years basic salary multiplied by the number of years of contributory service, less an adjustment for Canada Pension Plan contributions.

The University charges the annual funding installments to expense in each year. Combined with member contributions, both pension plans are operated on an actuarially sound financial basis.

NOTE 7 GROUP LIFE AND DISABILITY INSURANCE POLICIES

Since 1971, the University of British Columbia, Simon Fraser University, and the University of Victoria have participated in a joint committee (FRIBCO) to administer the reserve funds relating to the Universities' group life and disability insurance policies.

The three universities have agreed to terminate FRIBCO effective April 30, 1984. Each university will receive its share of the reserves after Confederation Life Insurance Company reports the final balances.

The group life and disability insurance programs are unaffected and the University of British Columbia's portion of the reserves on hand are adequate to meet existing commitments.

NOTE 8 FINANCIAL STATEMENT PRESENTATION AND COMPARATIVE FIGURES

The 1984 Financial Statements have been substantially revised to reflect a presentation recommended for universities by CAUBO.

The 1983 figures have been restated in order to conform with the new presentation with no resultant effect on the fund balances, except as indicated in Note 2.

UNIVERSITY OF VICTORIA

Province of British Columbia

Office of the
Auditor General

AUDITOR'S REPORT

To the Chairman and Members of the Board of Governors of
The University of Victoria, and

To the Minister of Universities, Science and Communications
Province of British Columbia:

I have examined the balance sheet of the University of Victoria as at 31 March 1984 and the following statements for the year then ended:

Statement 2 - Statement of changes in appropriated expendable funds
Statement 3 - Statement of changes in unappropriated expendable funds
Statement 4 - Statement of changes in general operating fund
Statement 5 - Statement of changes in specific purposes fund
Statement 6 - Statement of changes in sponsored research fund
Statement 7 - Statement of changes in ancillary enterprises fund
Statement 8 - Statement of changes in capital fund
Statement 9 - Statement of changes in non-expendable student loan and endowment principal funds
Statement 10 - Statement of changes in equity in plant assets

My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion these financial statements present fairly the financial position of the University as at 31 March 1984 and the results of its operations and changes in fund balances for the year then ended in accordance with accounting principles described in note 1 to the financial statements applied on a basis consistent with that of the preceding year.

Erma Morrison, F.C.A.
Auditor General

Victoria, British Columbia
6 July 1984

UNIVERSITY OF VICTORIA

BALANCE SHEET

As at March 31, 1984

(thousands of dollars)

Statement 1

Equity at end of year	55,083	53,185

NOTES TO FINANCIAL STATEMENTS

March 31, 1984

NOTE 1 SIGNIFICANT ACCOUNTING POLICIES

(A) General

These financial statements have been prepared in accordance with accounting principles generally accepted for universities as described in the 'Guide to Accounting Principles, Practices and Standards of Disclosure for Universities and Colleges of Canada' published in 1984 by the Canadian Association of University Business Officers (CAUBO).

The Guide provides a transition period of several years for full compliance. Where full compliance has not yet been achieved, the fact is disclosed in these notes.

(B) Fund Accounting

The University employs fund accounting in order to recognize restrictions placed on the use of resources by donors and granting agencies or by the Board of Governors. Separate accounts are maintained for each fund to ensure observance of these restrictions.

For financial reporting purposes the balance sheet combines the assets and liabilities of all funds. The statements of changes in funds show the revenues and expenditures of each fund.

Funds are classified as expendable or non-expendable. Expendable funds are those which may be expended in their entirety within the restrictions referred to above. Non-expendable funds comprise gifts and other receipts that are to be held as investment principal or used for making loans to students.

Funds with similar characteristics are grouped together for reporting purposes as follows:

General Operating
Revenues which the Board of Governors administers at its discretion.

Specific Purposes
Donations, grants and investment income from endowment principal, to be used for designated projects and purposes.

Sponsored Research
Gifts, grants and contract revenue in support of research.

Ancillary Enterprises
Revenue from service operations which are expected to function on a self-supporting basis. These enterprises are charged with most costs associated with their operations, including debt service and provisions for repair and replacement of facilities.

Capital
Amounts received for acquisition of plant assets, major renovations and repayment of long term debt.

Student Loan
Amounts held for making loans to students.

Endowment Principal
Amounts held as invested principal, the income from which is placed in the Specific Purposes Fund.

(C) Accrual Accounting

The University follows the accrual basis of accounting recommended by CAUBO. Revenue is recorded when received or receivable. Expenditures are recorded when the goods or services are received. No accrual is made for salaried employees' vacation pay or study leave support.

(D) Appropriations

Appropriations are set aside from General Operating and Ancillary Enterprises Funds for future major or specific project expenditures and in respect of certain unexpended budget allocations. These appropriations are released when the expenditures to which they relate are made.

(E) Investments

Temporary investments consist of short term deposits, treasury bills and corporate notes. Other investments are held as endowment principal. All are recorded at cost, which approximates their market value.

(F) Inventories

Inventories of supplies are recorded at cost. Inventories of merchandise held for resale are stated at the lower of cost and net realizable value.

(G) Plant Assets

In accordance with the CAUBO Guide, all expenditures for plant asset additions are charged to the fund which provided the resources, and no depreciation is recorded.
The CAUBO Guide recommends that all plant asset additions be recorded at cost on the balance sheet, regardless of the source of funds.
The University's current practice, which does not yet comply with the CAUBO Guide, is to record at cost on the balance sheet only those plant asset additions which have been financed from the Capital Fund.

(H) Capital Borrowings

Certain capital fund expenditures are financed under borrowing authority granted by the Province of B.C. These authorized borrowings are therefore recorded as revenue in the Capital Fund in the same year as the expenditures are recorded. Grants subsequently received from the Province of B.C. to repay the principal of these borrowings are not recorded as revenue in order to avoid duplication.

NOTE 2 DEFERRED CHARGES

These represent the prepayment of long term equipment rental costs. The costs are being amortized on a straight line basis over 10 years from the date of installation. The amortization charge in 1983-84 was $90,717.

NOTE 3 CAPITAL FUNDS HELD IN TRUST

In March 1984, pursuant to the University of Victoria Special Appropriation Act 1984, the Province of B.C. set aside $16,000,000 in a trust account held by the Minister of Finance for the purpose of financing, constructing and equipping a Science and Engineering facility at the University. This amount is recorded as an asset on the balance sheet.

As at March 31, 1984 expenditures of $706,451 had been charged to the Capital Fund for this project, and an equal amount is therefore recorded as provincial grant revenue in the Capital Fund.

The remaining $15,293,549 is shown as deferred capital funds revenue on the balance sheet. This deferred amount will be recorded as revenue in the Capital Fund as further project expenditures are incurred and charged to the Capital Fund.

NOTE 4 BANK LOANS

Demand loans totalling $1,263,742 are payable to the Bank of Montreal at prime interest rate, under the authority of the Educational Institution Capital Finance Act. These loans will be repaid with funds received from the Province of B.C. for that purpose or refinanced through debentures issued by the University to the B.C. Educational Institutions Capital Financing Authority.

NOTE 5 LONG TERM DEBT

(A) Debentures issued under the Educational Institution Capital Finance Act. Payments to the sinking fund held by the B.C. Educational Institutions Capital Financing Authority are based on the discounted present values required to fund repayment of the debentures at maturity. These debentures can be recalled by the Authority giving not less than 5 months' notice. Sinking fund and interest payments are made from funds received from the Province of B.C. for that purpose or from the Ancillary Enterprises Fund.

		Long term debt	Annual payments
9.41% to 17% due 1986 to 2002	Principal	$28,815,946	$4,432,086
	Sinking fund	2,692,646	
	Net	26,123,300	

(B) Debentures issued under Orders-in-Council to the Canada Mortgage and Housing Corporation secured by a mortgage on the student residences and Commons Building. Principal and interest payments are made from the Ancillary Enterprises Fund.

		Long term debt	Annual payments
5.125% to 9.5% due 2015 to 2030		4,156,595	353,829
	Total	$30,279,895	$4,785,915

NOTE 6 GROUP LIFE AND DISABILITY INSURANCE RESERVES

Until April 30, 1984 the University of Victoria, The University of British Columbia and Simon Fraser University jointly administered the reserve funds relating to the universities' group life insurance and long term disability insurance plans. This arrangement has now been terminated and each university will receive its share of the reserve funds. The University of Victoria's share of the reserve funds is considered adequate to meet its existing commitments under these insurance plans.

NOTE 7 COMMITMENTS

In June 1984 the University let a contract for construction of the Science and Engineering Complex at a cost of $11,638,500. This commitment will be financed from monies held in trust for that purpose by the Province of B.C. (see Note 3).

NOTE 8 UNIVERSITY OF VICTORIA FOUNDATION

These statements do not include endowment funds held for the University's benefit by the University of Victoria Foundation, a separately incorporated body. Combined statements are also published for the two organizations.

NOTE 9 FINANCIAL STATEMENT PRESENTATION AND COMPARATIVE FIGURES

These statements are substantially changed from the 1983 format in order to adopt the presentation recommended for universities by CAUBO. 1983 figures have been restated where necessary for comparison, but with no resulting effect on fund balances.

AUDITORS' REPORT

To the Shareholder of
W.L.C. Developments Ltd.:

We have examined the consolidated balance sheet of W.L.C. Developments Ltd. as at December 31, 1983 and the consolidated statements of operations and deficit and changes in financial position for the year then ended. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as we considered necessary in the circumstances.

In our opinion, these consolidated financial statements present fairly the financial position of the Company as at December 31, 1983 and the results of its operations and the changes in its financial position for the year then ended in accordance with generally accepted accounting principles.

W.L.C. DEVELOPMENTS LTD.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
DECEMBER 31, 1983

1. Incorporation:

W.L.C. Developments Ltd. is a government corporation, incorporated January 5, 1983 under the Company Act of B.C. All outstanding shares are owned by the Province of British Columbia.

The Company is engaged in the development of the Whistler Village lands and the Blackcomb Mountain Benchlands as a destination resort.

2. Significant accounting policies:

(a) Principles of consolidation-

The consolidated financial statements include the accounts of the Company and its wholly-owned subsidiary, Whistler Village Land Co. Ltd.

(b) Valuation-

The Company records its assets at historical cost.

(c) Capitalization-

The Company capitalizes, as part of land costs, the costs incurred relating to the construction of the infrastructure, roads and bridges. All other costs relating to land are expensed in the year incurred.

(d) Goodwill-

During the year W.L.C. Developments Ltd. acquired all outstanding shares of Whistler Village Land Co. Ltd. from the Resort Municipality of Whistler. At the date of acquisition the excess cost of investment over value of net assets acquired was $11,573,686. This amount has been written off to operations as an extraordinary item in the current year as, in the opinion of management, its value is permanently impaired.

3. Accounts and agreement receivable:

Accounts receivable	$ 51,952
Agreement receivable	554,526
	$606,478

3. Accounts and agreement receivable continued:

The agreement receivable is the amount due under the Golf Course Agreement. Under this agreement dated May 2, 1983 the developer of the golf course agreed to pay the Company $1,100,000. As at December 31, 1983 approximately $545,000 had been received. The balance is to be paid as the developer sells lands conveyed to it in exchange for the golf course.

4. Inventory of land for resale:

	Whistler Village	Blackcomb Mountain Benchlands	Total
Balance, beginning of year	$ -	$ -	$ -
Add:			
Acquired on purchase of Whistler Village Land Co. Ltd.	5,269,961	3,593,774	8,863,735
Costs capitalized during the year	298,034	-	298,034
Balance, end of year	$5,567,995	$3,593,774	$9,161,769

5. Conference Centre:

During the year the Resort Municipality of Whistler transferred the Conference Centre to the Company for $1. In management's opinion the value to the Company of the Conference Centre is approximately $3,189,000 (Note 9(b)).

6. Loan payable:

The following amounts are due to the Victoria & Grey Trust Company (Victoria & Grey)-

Line of credit	$ 275,000
Promissory note	7,750,000
	$8,025,000

6. Loan payable continued:

The line of credit bears interest at 3/4 of 1% less than the average prime rate of the Canadian Imperial Bank of Commerce (the CIBC). Interest is payable monthly but may be capitalized at the Company's option.

The promissory note bears interest at 3/4 of 1% less than the average prime rate of the CIBC and matures September 7, 1990. Interest is payable quarterly. The note is redeemable by the Company on or after September 7, 1985.

In consideration of the guarantee of the Province of British Columbia (the Province) to Victoria & Grey as to the repayment of the loan, the Company has agreed to indemnify and to provide security to the Province for any losses occasioned by it.

7. Due to Resort Municipality of Whistler:

This debt is interest-free and repayable only after all the liabilities of the Company have been paid and the Company has been wound up.

8. Due to Province of British Columbia:

On March 7, 1979, the wholly-owned subsidiary agreed to undertake certain capital projects in relation to the development of the Whistler area as a destination resort to be jointly financed by the Government of Canada and the Province of British Columbia (the Province) through the Travel Industry Development Subsidiary Agreement (T.I.D.S.A.), up to $10,450,000. The funding is in the form of a loan subject to certain conditions. One-half of the loan is forgivable five years after the completion date of the projects and the balance is forgivable after an additional five years (Note 10).

As at December 31, 1983, the full amount of $10,450,000 has been received from the Province and applied to the capital projects in accordance with the T.I.D.S.A. agreement. An additional $200,000 has been received from the Province, through the Ministry of the Provincial Secretary and Government Services, as an advance against a grant of $400,000 toward the capital cost of the Conference Centre at Whistler. The balance of the grant is payable to the Company upon the completion of the Centre. During the year the Province forgave the liability to repay the advance of $200,000.

9. Commitments:

(a) Under an agreement dated January 11, 1979, Fortress Mountain Resorts Ltd. (Fortress) has an option to purchase the Blackcomb Mountain Benchlands. The option price is equal to approximately $25,000 per net developable hectare, which approximates cost. The option price is subject to escalation factors which depend upon the date on which the option is exercised. The option expires in February 2014, but may expire early, in 2004, in which event Fortress has a right of first refusal to 2014.

Under another agreement dated May 1, 1979, the wholly-owned subsidiary has agreed to make all reasonable efforts to obtain title to approximately 17 hectares of land contiguous to the land subject to the January 11, 1979 option and to extend to Fortress the option to these lands at an option price of approximately $37,500 per net developable hectare. The option price is subject to the same escalation factors as are contained in the January 11, 1979 option. This option expires in January 1990.

Under an unregistered agreement dated May 1, 1979 with Fortress, the wholly-owned subsidiary has agreed to construct, or cause to be constructed, ten tennis courts by July 31, 1983 and to fund a highway crossing for golfers at no less than $75,000 and no more than $125,000. The wholly-owned subsidiary is presently negotiating its release from the agreement.

(b) The Company is currently considering the completion of the Conference Centre. In management's opinion the estimated cost to complete is approximately $7,650,000.

10. Subsequent event:

Subsequent to the year-end the Company received and accepted a proposal to modify the T.I.D.S.A. agreement such that $6,650,000 would be forgiven in 1984 with the balance of $3,800,000 to be forgiven upon the completion of the Conference Centre. Finalization of the revised agreement requires approval by the Province of British Columbia.

11. Related parties:

All related party transactions between the Company and the Province of British Columbia are reflected in these financial statements.

WORKERS' COMPENSATION BOARD OF BRITISH COLUMBIA

AUDITOR'S REPORT

To the Chairman and Members of the
Workers' Compensation Board, and

To the Minister of Labour
Province of British Columbia:

I have examined the balance sheet of the Workers' Compensation Board as at 31 December 1983 and the statements of income and expense and unfunded liability, changes in fund liabilities, changes in special reserve balances and changes in financial position for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Board as at 31 December 1983 and the results of its operations and the changes in its fund and special reserve balances and financial position for the year then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

WORKERS' COMPENSATION BOARD
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 1983

Note 1 - Significant Accounting Policies

(a) Fund Accounting

Although the liabilities and reserves of the Board are allocated to the Accident and Silicosis Funds and various sub-divisions thereof, the assets are accounted for on a pool basis with no allocation of individual assets to specific funds.

(b) Fixed Assets

Fixed assets are recorded at cost, except for land acquired before 1970 which is recorded at appraised value. They are depreciated on a straight-line basis over their estimated useful lives as follows:

Buildings	20 or 40 years
Equipment	4 to 10 years
Furniture	10 years
Vehicles	5 years

(c) Investments

Investments are valued at amortized cost. The straight-line method of amortization is used. Capital losses or gains on the sale of bonds are charged against or taken into income in the year of the transaction.

(d) Fund Liabilities

The liabilities for unfinalled claims and pensions are calculated by the Board in accordance with assumptions and methods approved by the consulting actuary appointed by the Board. The report of the consulting actuary is appended to these financial statements.

(e) Unfinalled Claims

Provisions for future claims costs relating to injuries occurring prior to 31 December 1983 for which the final settlement has not been determined are credited to the unfinalled claims liabilities which are part of the Accident and Silicosis Funds established under Sections 39 (1) (c) and 41 (2) (b) of the Workers' Compensation Act. Wage loss

WORKERS' COMPENSATION BOARD
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 1983

compensation and medical aid payments, and the capitalized value of pensions awarded after the year of injury (or after the year in which the claim is allowed, in the case of Silicosis), are charged to the respective unfinalled claims liabilities.

(f) Pensions

Capitalized values of pensions awarded are credited to the pension liability provisions, which are then charged with pensions paid. When a pension is awarded for an injury which occurred in the current year its capitalized value is treated as a current period expense. In the case of a pension awarded after the year of the injury (or after the year in which the claim is allowed, in the case of Silicosis), the pension is charged to the appropriate unfinalled claims liability.

(g) Special Reserves

The special reserves established pursuant to Section 39 of the Workers' Compensation Act are:

(i) Contingent Reserve [Section 39 (1)(b)] which provides a reserve in aid of industries or classes which may become depleted or extinguished.

(ii) Disaster Reserve [Section 39 (1)(d)] which provides a reserve to be used to meet the loss arising from a disaster or other circumstance which the Board considers would unfairly burden the employers in a particular class.

(iii) Enhancement Reserve [Section 39 (1)(e)] which provides a reserve for payment of that portion of a disability enhanced by reason of a pre-existing disease, condition or disability.

A determination is made by the Board of the amounts required to maintain these reserves at an adequate level. This "levy" is prorated to the various employer classes.

WORKERS' COMPENSATION BOARD
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 1983

(h) Prior Years' Claims

All amounts recorded as "Provision for unfinalled claims" and as "Pensions awarded, capitalized values" are the actuarial estimates of the net present values of these liabilities. The calculation of net present value assumes that the annual rate of return on the Board's investments will exceed the annual increase in the Consumer Price Index (CPI) by 2 3/8%.

Each year, benefits paid by the Board are increased in line with the CPI and the actuarial assumptions are modified to include more recent experience. This results in a revaluation of the actuarial estimates made in prior years.

Investment income received or receivable during the year is allocated to the fund liabilities to offset the revaluation.

The amount by which the revaluation exceeds investment income allocated is described in the statements as "adjustment to prior years' actuarial estimates" and is treated as a current period expense.

(i) Assessment Income and Assessments Receivable

As a significant portion of assessment income for the year is not received until after year end, the amount shown is an estimate based on statistical data. Adjustments to this estimate are made in the following year.

Note 2 - Fund Liabilities

Under the provisions of the Workers' Compensation Act, the Board is required to provide capitalized reserves sufficient to meet the payments of compensation occurring in future years in respect of all injuries occurring during the year under the Accident Fund and all claims allowed during the year under the Silicosis Fund.

The Board's estimates of the required reserves (unfinalled claims and pensions) together with the special reserves exceed the funded reserves by $433,559,000 (1982 - $504,350,000).

WORKERS' COMPENSATION BOARD
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 1983

Note 3 - Deposit Accounts

Certain employers have been placed by the Board in self-insuring or deposit classes and are required to deposit with the Board a sum of money determined by the Board.

They are billed on a monthly basis for compensation payments and pension awards made on their behalf, together with their proportionate share of administrative costs. The Board recognizes in its accounts both the current value of the estimated future payments for unfinalled claims and the amounts relative to these unfinalled claims to be received in the future from the deposit class employers.

The Board also acts as the agent of the Government of Canada for the payment of compensation to federal employees in British Columbia. Amounts disbursed are recovered from the Government of Canada on a monthly basis.

Note 4 - Fixed Assets ($000's)

Fixed assets are comprised of the following items:

	1983				1982
	Cost or Appraised Value	Depreciation	Accumulated Depreciation	Net Book Value	Net Book Value
Land*	1,350	-	-	1,350	1,350
Buildings	48,263	1,259	4,550	43,713	44,395
Furniture and Equipment	11,778	1,396	6,689	5,089	5,538
Totals	61,391	2,655	11,239	50,152	51,283

* Land - at cost	$ 994
- at 1975 appraised value	356
	$1,350

WORKERS' COMPENSATION BOARD
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 1983

Note 5 - Superannuation Fund

The cost to the Board of its contributions to the Workers' Compensation Board Superannuation Fund for 1983 was $4,000,184 (1982 - $3,036,603).

An actuarial valuation of the Fund's liabilities was carried out in 1982 at the request of the Trustees of the Superannuation Fund. Based on the Plan as amended and ignoring liabilities and financing for indexed supplementary pensions, the Superannuation Fund's unfunded liability as at 30 September 1982 was approximately $24,000,000. This unfunded liability is not included in these financial statements.

Effective 1 January 1984, contributions by the Board have been increased so as to fund the unfunded liability over a 25 year period.

Note 6 - Comparative Figures

Certain 1982 comparative figures have been reclassified to conform with the financial statement presentation adopted for 1983.

ECKLER PARTNERS LTD.

ACTUARY'S REPORT

The Pension Liabilities for the Accident and Silicosis Funds are for pensions in effect as at December 31, 1983, but excluding pensions arising from injuries to Federal Government workers (Class 19). The present value of increases in pensions effective January 1, 1984 has been included in the Liabilities. The Pension Liabilities have been computed using the same mortality, net interest rate and other assumptions used for the valuation as at December 31, 1982. The net interest rate of 2-3/8% makes implicit provision for the future indexing of pensions on the assumption that interest earnings on Board assets in excess of 2-3/8% will correspond to future increases in the Consumer Price Index.

The Unfinalled Claims Liabilities for the Accident and Silicosis Funds are shown separately for rateable Classes and for deposit Classes (excluding Class 19), and are based on projections of future claims payments and awards using ratios developed from the Board's claims experience, average benefit rates, the net interest rate assumption of 2-3/8% and, where applicable, mortality, remarriage and other assumptions used for computing Pension Liabilities. The methods used in calculating these liabilities were substantially the same as those employed in the previous valuation as at December 31, 1982.

The liabilities included in this report have been computed by the Board in accordance with methods and assumptions approved by us. We have made such tests of the calculations as were deemed necessary. We have also examined the data upon which the calculations were based and found it to be sufficient for our purposes and consistent with the Board's financial statements.

In our opinion, the amounts set out below, which have been determined by the methods and assumptions described above, make reasonable provision for the future liabilities of the Board as at December 31, 1983 subject to the Board levying assessments in future years sufficient to provide for any Consumer Price Index related increases in benefits that are greater than those which can be provided from interest earned on Board assets in excess of the valuation net interest rate of 2-3/8%.

Accident Fund	
Pension Liabilities	$1,116,843,000
Unfinalled Claims Liabilities	
- Rateable Classes	925,087,000
- Deposit Classes	63,333,000
	$2,105,263,000
Silicosis Fund	
Pension Liabilities	$ 23,572,000
Unfinalled Claims Liabilities	14,993,000
	$ 38,565,000

AUDITOR'S REPORT

To the Superannuation Commissioner,

To the Provincial Secretary and Minister of Government Services
Province of British Columbia, and

To the Minister of Finance:

I have examined the statement of financial position of the Public Service Superannuation Fund, a fund in the Ministry of Finance, as at 31 March 1984 and the statement of changes in fund balance for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Fund as at 31 March 1984 and the changes in its fund balance for the year then ended in accordance with the stated accounting policies as set out in note 2 to the financial statements applied on a basis consistent with that of the preceding year.

PUBLIC SERVICE SUPERANNUATION FUND

NOTES TO FINANCIAL STATEMENTS

MARCH 31, 1984

1. DESCRIPTION OF THE PUBLIC SERVICE SUPERANNUATION PLAN

a) General

Under the Pension (Public Service) Act, the Public Service Superannuation Fund is a fund in the Ministry of Finance.

The Superannuation Commissioner appointed under the act is responsible to the Provincial Secretary and Minister of Government Services for administration of the Act. All contributions to the Fund are deposited in the Provincial Treasury and administered by the Minister of Finance, who has invested available moneys in various short-term and long-term investments.

The plan is a defined benefit pension plan, whereby benefits are not directly linked to contributions. The plan is open to eligible employees of the public service and of certain crown corporations, agencies, institutions and other designated employers.

b) Retirement Benefits

Members are eligible for unreduced benefits if they retire at age 55 with a minimum of 35 years contributory service and at age 60 with a minimum of 10 years contributory service. Reduced pensions are available at age 55 with a minimum of 10 years contributory service, and at age 60 with less than 10 years contributory service.

Certain groups of employees are eligible for retirement benefits at an earlier age.

The plan provides a pension of 2% per year of service up to a maximum of 70% prior to age 65 of the average salary earned in the five highest earning years before retirement. At age 65, date of death or disability, there is a reduction in the formula as a result of the integration with the Canada Pension Plan (the CPP offset). Reference should be made to the plan text for a more detailed description of the benefits.

c) Termination Benefits

A terminating employee may choose between leaving accumulated contributions on deposit or obtaining a refund. The refund includes interest credited. Employees leaving contributions on deposit having contributed for a minimum of 10 years are entitled to a deferred pension benefit.

d) Other Benefits

Disability and Survivor benefits are available under the plan.

2. SIGNIFICANT ACCOUNTING POLICIES

a) General Information

These financial statements have been prepared on the accrual basis of accounting. They show only the position of the Fund as at March 31, 1984 and the changes in Fund balance for the year then ended and do not purport to show the adequacy of the Fund to meet the obligations of the pension plan. The results of the latest actuarial valuation of the plan are described in Note 7 below.

PUBLIC SERVICE SUPERANNUATION FUND

NOTES TO FINANCIAL STATEMENTS

MARCH 31, 1984

2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

b) Investment Valuation

Long-term investments have terms in excess of one year and include bonds issued or guaranteed by Canada or a Province, World Bank notes and shares in Canadian companies. They are carried at cost of acquisition adjusted as follows:

- (i) Discounts and premiums on single maturity bonds are amortized on a straight line basis over the terms of the bonds.
- (ii) Discounts on serial bonds are recognized as income when redemptions occur.
- (iii) Shares are carried at cost adjusted by 7% of the difference between cost or adjusted cost and market value.

Gains and losses on disposal of long-term bonds are deferred and amortized on a straight line basis over the lesser of the remaining terms of the bonds or twenty years. The amortization is included in income from investments.

Short-term investments consist of deposits with chartered banks and other approved financial institutions. They are carried at cost of acquisition.

3. LONG-TERM INVESTMENTS

Long-term investments held at the end of the year are as follows:

	1984 $	1983 $
Book Value	935,324,869	853,487,472
Par Value	978,124,624	861,452,453
Market Value	816,247,738	768,453,062

The par value of the long-term investments does not include shares in Canadian companies having a book value of $16,440,706 ($15,766,010 in 1983) and a market value of $25,178,048 ($25,432,456 in 1983).

The difference between the book value and the market value of the investments is not considered to be a permanent reduction of the Fund balance available for payment of pension benefits and therefore has not been provided for as at March 31, 1984, since it is generally expected that Fund investments will be held to maturity.

4. DEFERRED LOSSES LESS GAINS ON SALE OF INVESTMENTS

	1984 $	1983 $
Balance at beginning of year	2,468,856	-
Losses (gains) on sale of investments:		
Current year	8,365,416	(121,312)
Prior year	-	2,515,329
	10,834,272	2,394,017
Amortization for the year	454,546	74,839
Balance at end of year	11,288,818	2,468,856

PUBLIC SERVICE SUPERANNUATION FUND

NOTES TO FINANCIAL STATEMENTS

MARCH 31, 1984

5. FUND BALANCE

The fund balance is made up of a Basic Account and an Inflation Adjustment Account. The Inflation Adjustment Account was created in 1980 to finance the payment of cost of living supplementary allowances. These allowances are adjusted each January 1st and are related to the annual increase in the Consumer Price Index as at each previous September 30th, but may be limited by the availability of funds in the Inflation Adjustment Account to provide the capitalized value of the increases.

The Inflation Adjustment Account includes contributions by employees and employers each at the rate of 1.25% of salary, the interest income therefrom, and the interest income on Basic Account funds attributed to the payment of pensions in excess of the rate assumed by the actuary. The Inflation Adjustment Account is decreased by refunds to former contributors and transfers to the Basic Account of the capitalized value of supplementary allowances granted. The Basic Account consists of all other assets of the Fund.

For the year ended March 31, 1984 excess interest earnings of $24,152,090 ($36,187,191 in 1983) were transferred from the Basic Account to the Inflation Adjustment Account. Effective January 1, 1984, supplementary allowances at the rate of 5% (10.355% in 1983) of the basic life time portion of pensions in payment were granted. The capitalized value of these supplementary allowances was $20,104,623 ($29,010,656 in 1983), which amount was transferred from the Inflation Adjustment Account to the Basic Account.

6. TRANSFER FROM THE MEMBERS OF THE LEGISLATIVE ASSEMBLY SUPERANNUATION ACCOUNT

Former Members of the Legislative Assembly who have been granted superannuation allowances are paid contributory allowances and inflation adjustment supplements from the Public Service Superannuation Fund.

A contributory allowance is financed at the time the allowance is first granted by the transfer to the Fund from the Members of the Legislative Assembly Superannuation Account (the Account) of the estimated cost of the future contributory benefits.

No assets have been transferred from the Account in connection with the inflation adjustment supplements, which commenced on January 1, 1982. An amount of $95,503 ($62,734 in 1983) due from the Account is included in contributions receivable in these financial statements. This represents the portion of the regular contributions of the Members of the Legislative Assembly allocated to inflation adjustment supplements.

7. ACTUARIAL VALUATION

According to the Pension (Public Service) Act, an actuarial valuation of the assets and liabilities of the Fund is required to be made by an Actuary at least once in each consecutive period of not more than five years. The most recent valuation was carried out as at March 31, 1980.

The valuation indicates an increase in the unfunded liability in respect of basic pension benefits from about $197,563,000 as of March 31, 1977 to about $631,172,000 as of March 31, 1980. The 1977 amount of $197,563,000

PUBLIC SERVICE SUPERANNUATION FUND

NOTES TO FINANCIAL STATEMENTS

MARCH 31, 1984

7. ACTUARIAL VALUATION (Continued)

would have been stated as $234,295,000 on the current basis since the actuary has changed his assumptions to include cost-of-living increases in the basic pensions as a result of the legislative changes which occurred in 1980. These increases were not included in the liability in previous valuations.

Effective April 1, 1983, revisions were made to the Pension (Public Service) Act in respective of employer funding. These changes are designed to maintain the unfunded liability as a constant percentage of total payrolls.

The key actuarial assumptions made in the valuation may be tabulated as follows -

Salary growth	-	8.0% for 1980/81 8.0% for 1981/82 13.0% for 1982/83 10.5% for 1983/84 8.0% for 1984/85 6.5% for 1985/86 5.5% thereafter
Interest rate on fund assets	-	6.5% per annum
Mortality - active employees	-	85% and 100% of the 1971 Group Annuity table for males and females respectively.
- other retired	-	Progressive Annuity Table without rating for males and rated down two years for females.
Withdrawal	-	Males, 105% and 90% of the graduated select and ultimate rates, respectively, used for the previous valuation
	-	Females, 90% and 85% of the graduated select and ultimate rates, respectively, used for the previous valuation
Retirement	-	Select and ultimate experience based on 1975-80 experience.
Retirement age	-	50 - 65

PUBLIC SERVICE SUPERANNUATION FUND

NOTES TO FINANCIAL STATEMENTS

MARCH 31, 1984

8. FUND EXPENSES

a) Administration Expenses

Fees for administration expenses have been charged to the Fund for the first time, in 1984, in accordance with section 27 of the Pension (Public Service) Act.

b) Investment Management Services

Fees for investment management services have been charged to the Fund for the first time, in 1984, in accordance with section 39 of the Financial Administration Act and section 27 of the Pension (Public Service) Act.

9. COMPARATIVE FIGURES

The Fund balance at 1 April 1982, reported on the statement of changes in Fund balance as $1,266,647,143, includes an adjustment for realized net investment losses, reported as $2,665,522 in the financial statements for the year ended 31 March 1983.

AUDITOR'S REPORT

To the Superannuation Commissioner,

To the Provincial Secretary and Minister of Government Services
Province of British Columbia, and

To the Minister of Finance:

I have examined the statement of financial position of the Members of the Legislative Assembly Superannuation Account, an account in the Ministry of Finance, as at 31 March 1984 and the statement of changes in account balance for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Account as at 31 March 1984 and the changes in the account balance for the year then ended in accordance with the stated accounting policies as set out in note 3 to the financial statements applied on a basis consistent with that of the preceding year.

MEMBERS OF THE LEGISLATIVE ASSEMBLY SUPERANNUATION ACCOUNT

NOTES TO FINANCIAL STATEMENTS

MARCH 31, 1984

1. DESCRIPTION OF THE MEMBERS OF THE LEGISLATIVE ASSEMBLY SUPERANNUATION ACCOUNT

Under Part 2 of the Legislative Assembly Allowances and Pension Act, the Members of the Legislative Assembly Superannuation Account is an account in the Ministry of Finance of the Province of British Columbia.

The Account receives contributions from the Crown in right of the Province as the employer and from participating members who are elected Members of the Legislative Assembly. All contributions to the Account are deposited in the Provincial Treasury and administered by the Minister of Finance, who has invested available monies in various short-term and long-term investments. Interest earned on fund assets is also paid to the Account.

When a contributor is granted an allowance, the amount of money calculated as that required to finance his or her future contributory pension benefits is transferred to the Public Service Superannuation Fund and monthly allowances are paid from that Fund. Any deficiency in the present value of allowances granted over the amounts available in the Account is provided for by the Province.

2. BENEFITS AVAILABLE UNDER THE PLAN

a) General

The plan is a defined benefit pension plan, whereby benefits are not linked directly to contributions. The plan is open to all members of the legislative assembly.

b) Retirement Benefits

A member is entitled to a pension allowance upon ceasing to be a member after serving for more than two parliaments and having attained an age of 55 years or having attained an age plus years of service as a member totalling 60.

The plan provides a pension allowance of 4% per year of service up to a maximum of 72% of the average legislative allowance, and special allowance and/or ministerial salary earned in the highest four years of service as a member and as a minister or specified office holder. Reference should be made to the plan text for a more detailed description of the benefits.

c) Termination Benefits

A member who ceases to be a member may choose between leaving accumulated contributions on deposit or obtaining a refund. The refund includes interest credited. Former members leaving contributions on deposit are entitled, if otherwise eligible, to a deferred pension allowance benefit.

d) Other Benefits

Survivor benefits are available under the plan.

3. SIGNIFICANT ACCOUNTING POLICIES

a) General Information

These financial statements have been prepared on the accrual basis of accounting. They show only the position of the Account as at March 31, 1984 and the changes in Account balance for the year then ended and do not purport to show the adequacy of the Account to meet the obligations of the superannuation plan.

MEMBERS OF THE LEGISLATIVE ASSEMBLY SUPERANNUATION ACCOUNT

NOTES TO FINANCIAL STATEMENTS

MARCH 31, 1984

3. SIGNIFICANT ACCOUNTING POLICIES (Continued)

b) Investment Valuation

Long-term investments include bonds issued or guaranteed by Canada or a Province purchased with terms in excess of one year. Long-term investments are carried at cost of acquisition adjusted as follows:

(i) Discounts and premiums on single maturity bonds are amortized on a straight line basis over the terms of the bonds.
(ii) Discounts on serial bonds are recognized as income when redemptions occur.

Gains and losses on disposal of long-term investments are deferred and amortized on a straight line basis over the lesser of the remaining terms of the bonds or twenty years. The amortization is included in income from investments.

Short-term investments consist of deposits with chartered banks and other approved financial institutions. They are carried at cost of acquisition.

4. LONG-TERM INVESTMENTS

Long-term investments held at the end of the year are as follows:

	1984 $	1983 $
Book Value	1,100,528	1,100,045
Par Value	1,106,000	1,106,000
Market Value	812,670	846,664

The difference between the book value and market value of the investments is not considered to be a permanent reduction of the Account balance available for payment of plan benefits and therefore has not been provided for as at March 31, 1984, since it is generally expected that Account investments will be held to maturity.

5. PAYMENT OF SUPERANNUATION ALLOWANCES

Former Members of the Legislative Assembly who have been granted superannuation allowances are paid contributory allowances and inflation adjustment supplements from the Public Service Superannuation Fund.

During the year ended March 31, 1984, 8 members (1983 - 1) were granted superannuation allowances. The present value of these allowances was $2,257,798 ($134,378 in 1983) which was transferred to the Public Service Superannuation Fund. This amount included a contribution from the Province of British Columbia of $1,022,661 (1983 - Nil) representing the excess of the present value of allowances granted over the amounts available in the account.

No assets have been transferred to the Public Service Superannuation Fund with respect to the inflation adjustment supplements which commenced on January 1, 1982. An amount of $95,503 ($62,734 in 1983) has been recorded as payable to the Public Service Superannuation Fund. This represents the portion of the regular contributions of the Members of the Legislative Assembly allocated to inflation adjustment supplements.

6. ACTUARIAL VALUATION

No actuarial valuation of the Account is required by the Legislative Assembly Allowances and Pension Act and no such valuation has been performed to date.

AUDITOR'S REPORT

To the Commissioner of Municipal Superannuation Fund, and

To the Provincial Secretary and Minister of Government Services
Province of British Columbia:

I have examined the statement of financial position of the Municipal Superannuation Fund as at 31 December 1983 and the statement of changes in fund balance for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Fund as at 31 December 1983 and the changes in the fund balance for the year then ended in accordance with the stated accounting policies as set out in note 2 to the financial statements applied, after giving retroactive effect to the changes in the method of accounting for investments as explained in note 3 to the financial statements, on a basis consistent with that of the preceding year.

MUNICIPAL SUPERANNUATION FUND

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 1983

1. DESCRIPTION OF THE MUNICIPAL SUPERANNUATION PLAN

a) General

The plan is a defined benefit pension plan, whereby benefits are not linked directly to contributions. The plan is open to eligible employees of a municipality, hospital, school district, regional college or other employer to which the Pension (Municipal) Act applies.

b) Retirement Benefits

Members are eligible for unreduced benefits if they retire at age 55 with a minimum of 35 years contributory service, at age 60 with a minimum of 10 years contributory service and at age 65 with less than 10 years contributory service. Reduced pensions are available at age 55 with a minimum of 10 years contributory service, and at age 60 with less than 10 years contributory service.

Certain groups of employees are eligible for retirement benefits at an earlier age. Hospital employees must have a minimum of 10 years contributory service to be eligible for a pension benefit.

The plan provides a pension of 2% per year of service prior to age 65 up to a maximum of 70% of the average salary earned in the five highest earning years before retirement. At age 65, date of death, or disability there is a reduction in the formula as a result of the integration with the Canada Pension Plan. Reference should be made to the plan text for a more detailed description of the benefits.

c) Termination Benefits

A terminating employee may choose between leaving accumulated contributions on deposit or obtaining a refund. The refund includes interest credited. Employees leaving contributions on deposit for a minimum of 10 years are entitled to a deferred pension benefit if they have completed a minimum of 10 years contributory service.

d) Other Benefits

Disability and Survivor benefits are available under the plan.

2. SIGNIFICANT ACCOUNTING POLICIES

a) General Information

These financial statements show only the position of the Fund as at December 31, 1983 and the changes in Fund balance for the year then ended and do not purport to show the adequacy of the Fund to meet the obligations of the superannuation plan. The results of the latest actuarial valuation of the plan are described in Note 7 below.

MUNICIPAL SUPERANNUATION FUND

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 1983

2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

b) Investment Valuation and Investment Income

Long-term investments include bonds issued or guaranteed by Canada a Province or municipal authorities and deposits with chartered banks and other approved financial institutions purchased with terms in excess of one year. They are carried at cost of acquisition adjusted as follows:

(i) Discounts and premiums on single maturity bonds are amortized over the remaining terms of the bonds.
(ii) Discounts on serial bonds are recognized as income when redemptions occur.

Gains and losses on disposition of long-term bonds are deferred and amortized on a straight line basis over the lesser of the remaining terms of the bonds or twenty years. The amortization is charged against income from investments.

Short-term investments consist of deposits in chartered banks and other approved financial institutions. They are carried at cost of acquisition.

3. CHANGE IN ACCOUNTING POLICIES

In the year ended December 31, 1982 and prior years, premiums on purchase and gains and losses on disposition of long-term bonds were written off at the date of the transaction. Premiums and deferred gains and losses are now amortized on the bases described in Note 2(b). This change in accounting policy has been applied retroactive to October 1, 1980, when the Inflation Adjustment Account was established for the financing of pension increases.

The December 31, 1982 comparative figures have been restated to reflect the change in policy. Accordingly, the Fund balance at January 1, 1982 and the net increase in Fund balance for the year ended December 31, 1982 have been increased by $571,326 and $436,674 respectively. As a result, the Fund balance at December 31, 1982 and the basic portion thereof, previously reported as $1,442,440,512 and $1,306,444,199 respectively have been increased to $1,443,448,512 and $1,307,452,199 respectively.

The effect of this change on the results for the year ended December 31, 1983 has been to increase the net increase in Fund balance by $2,395,998.

MUNICIPAL SUPERANNUATION FUND

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 1983

4. LONG-TERM INVESTMENTS

Long-term investments held at the end of the year are as follows:

	1983 $	1982 $
Book Value	1,091,906,066	936,618,293
Par Value	1,153,969,453	941,201,953
Market Value	940,891,268	792,871,039

The difference between the book value and market value of the investments is not considered to be a permanent reduction of the Fund balance available for payment of plan benefits and therefore has not been provided for as at December 31, 1983, since it is generally expected that Fund investments will be held to maturity.

5. DEFERRED LOSSES LESS GAINS ON SALE OF INVESTMENTS

	1983 $	1982 $
Balance at beginning of year	835,385	571,327
Net losses on sale of investments during the year	2,281,288	347,460
	3,116,673	918,787
Amortization for the year	(44,162)	83,402
Balance at end of year	3,160,835	835,385

6. FUND BALANCE

The Fund balance is made up of a Basic Account, a Retirement Annuity Account and an Inflation Adjustment Account. The Inflation Adjustment Account was created in 1980 to finance the payment of cost of living supplementary allowances. These allowances are adjusted each January 1st and are related to the annual increase in the Consumer Price Index as at each previous September 30th, but may be limited by the availability of funds in the Inflation Adjustment Account to provide the capitalized value of the increases.

The Inflation Adjustment Account includes contributions by employees and employers each at the rate of 1% of salary, the interest income therefrom and the interest income on funds attributed to the payment of pensions in excess of the rate assumed by the actuary.

MUNICIPAL SUPERANNUATION FUND

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 1983

6. FUND BALANCE (Continued)

The Inflation Adjustment Account is decreased by refunds to former contributors and transfers to the Basic Account of the capitalized value of supplementary allowances granted.

During 1983 excess interest earnings of $27,837,520 ($28,364,863 in 1982) were transferred from the Basic Account to the Inflation Adjustment Account. Effective January 1, 1984, supplementary allowances at the rate of 5.0% (10.355% in 1983) of the basic lifetime portion of pensions in payment were granted. The capitalized value of these supplementary allowances was $21,428,474 ($28,498,667 in 1983), which amount was transferred from the Inflation Adjustment Account to the Basic Account.

7. ACTUARIAL VALUATION

According to the Pension (Municipal) Act, an actuarial valuation of the assets and liabilities of the Fund is required to be made by an Actuary from time to time at intervals of not more than five years. The most recent valuation was carried out as at December 31, 1982. The Actuary advised that the unfunded liability would be $700,454,000 for basic pension benefits. This represents an increase of $293,182,000 since December 31, 1979. The Actuary also stated that he did not see the increase in the unfunded liability as a threat to the continued payment of pensions to current and prospective pensioners or to the financial health of the plan.

The liabilities of the Fund are calculated under the "entry age normal" actuarial method. The future contributions required have been determined under the "level contribution funding" method. This method expresses employer contributions as the constant percentage of future payrolls that, together with future employee contributions and investment earnings, will finance the benefits for all new entrants to the plan to the extent that the unfunded liability is maintained as a constant percentage of future payrolls.

The key actuarial assumptions made in the valuation are as follows -

Salary growth	-	5-1/2% per annum.
Interest on fund assets	-	6-1/2% per annum.
Mortality - active employees	-	70% of the 1971 Group Annuity table for males and females respectively.
- other retired	-	Progressive Annuity Table rated up one year for males and down one year for females.
Withdrawal	-	Groups 1 and 2 - 100% of the select and ultimate experience using a three year select period. Group 3 - 80% of the ultimate rates used for the previous valuation. Group 4 - 95% of select and 90% of ultimate rates used for the previous valuation.
Retirement	-	Select and ultimate experience using a modified three-year select period.
Retirement age	-	50 - 65

TEACHERS' PENSIONS FUND

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 1983

1. DESCRIPTION OF THE TEACHERS' PENSIONS PLAN

a) General

The plan is a defined benefit pension plan, whereby benefits are not linked directly to contributions. The plan is open to all certificated teachers and to superintendents or assistant superintendents appointed by a board of school trustees in the British Columbia public school system.

b) Retirement Benefits

Members are eligible for unreduced benefits if they retire at age 55 with a minimum of 35 years contributory service and at age 60 with a minimum of 10 years contributory service. Reduced pensions are available at age 55 with a minimum of 10 years contributory service.

The plan provides a pension of 2% per year of service prior to age 65 up to a maximum of 70% of the average salary earned in the five highest earning years before retirement. At age 65, date of death, or disability there is a reduction in the formula as a result of the integration with the Canada Pension Plan. Reference should be made to the plan text for a more detailed description of the benefits.

c) Termination Benefits

A terminating employee may choose between leaving accumulated contributions on deposit or obtaining a refund. The refund includes interest credited. Employees leaving contributions on deposit are entitled to a deferred pension benefit if they have completed a minimum of 10 years contributory service.

d) Other Benefits

Disability and Survivor benefits are available under the plan.

2. SIGNIFICANT ACCOUNTING POLICIES

a) General Information

These financial statements show only the position of the Fund as at December 31, 1983 and the changes in Fund balance for the year then ended and do not purport to show the adequacy of the Fund to meet the obligations of the pension plan. The results of the latest actuarial valuation of the plan are described in Note 7 below.

b) Investment Valuation

Long-term investments include bonds issued or guaranteed by Canada, a Province or municipal authorities, deposits with chartered banks and other approved financial institutions purchased with terms in excess of one year, and a mortgage of approximately $1,800,000 insured by Canada Mortgage and Housing Corporation. They are carried at cost of acquisition adjusted as follows:

TEACHERS' PENSIONS FUND

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 1983

2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

(i) Discounts and premiums on single maturity bonds are amortized over the remaining terms of the bonds.
(ii) Discounts on serial bonds are recognized as income when redemptions occur.

Gains and losses on disposition of long-term bonds are deferred and amortized on a straight line basis over the lesser of the remaining terms of the bonds or twenty years. The amortization is charged against income from investments.

Short-term investments consist of deposits with chartered banks and other approved financial institutions. They are carried at cost of acquisition.

3. CHANGE IN ACCOUNTING POLICIES

In the year ended December 31, 1982 and prior years, premiums on purchase and gains and losses on disposition of long-term bonds were written off at the date of the transaction. Premiums and deferred gains and losses are now amortized on the bases described in Note 2(b). This change in accounting policy has been applied retroactive to October 1, 1980, when the Inflation Adjustment Account was established for the financing of pension increases.

The December 31, 1982 comparative figures have been restated to reflect the change in policy. Accordingly, the Fund balance at January 1, 1982 and the net increase in Fund balance for the year ended December 31, 1982 have been increased by $410,959 and $1,134,508 respectively. As a result, the Fund balance at December 31, 1982 and the basic portion thereof, previously reported as $1,097,965,339 and $1,034,718,709 respectively have been increased to $1,099,510,806 and $1,036,264,176 respectively.

The effect of this change on the results for the year ended December 31, 1983 has been to increase the net increase in Fund balance by $2,438,973.

4. LONG-TERM INVESTMENTS

Long-term investments held at the end of the year are as follows:

	1983 $	1982 $
Book Value	823,993,337	711,974,977
Par Value	860,809,280	726,066,755
Market Value	711,656,351	606,671,907

TEACHERS' PENSIONS FUND

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 1983

4. LONG-TERM INVESTMENTS (Continued)

The difference between the book value and market value of the investments is not considered to be a permanent reduction of the Fund balance available for payment of plan benefits and therefore has not been provided for as at December 31, 1983, since it is generally expected that Fund investments will be held to maturity.

5. DEFERRED LOSSES LESS GAINS ON SALE OF INVESTMENTS

	1983 $	1982 $
Balance at beginning of year	1,350,449	410,959
Net losses on sale of investments during the year	1,317,748	1,017,079
	2,668,197	1,428,038
Amortization for the year	7,355	77,589
Balance at end of year	2,660,842	1,350,449

6. FUND BALANCE

The Fund balance is made up of a Basic Account and an Inflation Adjustment Account. The Inflation Adjustment Account was created in 1980 to finance the payment of cost of living supplementary allowances. These allowances are adjusted each January 1st and are related to the annual increase in the Consumer Price Index as at each previous September 30th, but may be limited by the availability of funds in the Inflation Adjustment Account to provide the capitalized value of the increases.

The Inflation Adjustment Account includes contributions by employees and employers each at the rate of 1% of salary, the interest income therefrom and the interest income on funds attributed to the payment of pensions in excess of the rate assumed by the actuary. The Inflation Adjustment Account is decreased by refunds to former contributors and transfers to the Basic Account of the capitalized value of supplementary allowances granted. The Basic Account consists of all other assets of the Fund.

During 1983 excess interest earnings of $30,471,688 ($32,421,338 in 1982) were transferred from the Basic Account to the Inflation Adjustment Account. Effective January 1, 1984, supplementary allowances at the rate of 5.0% (10.355% in 1983) of the basic life time portion of superannuation allowances in force were granted. The capitalized value of these supplementary allowances was $21,054,195 ($31,188,789 in 1983), which amount was transferred from the Inflation Adjustment Account to the Basic Account.

TEACHERS' PENSIONS FUND

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 1983

7. ACTUARIAL VALUATION

According to the Pension (Teachers) Act, an actuarial valuation of the assets and liabilities of the Fund is required to be made by an Actuary from time to time at intervals of not more than five years. The most recent valuation was carried out as at December 31, 1980. The actuary advised that the unfunded liability would be $1,019,270,000 for basic pension benefits. This liability includes the capitalized value of pension indexing costs granted up to and including January 1, 1981 which were not previously included in the valuations. This represents an increase of $471,670,000 since December 31, 1977. The actuary stated that the plan "funded ratio" had decreased, but explained that this was due mainly to the inclusion of indexing costs for the first time and a change in the method of valuing assets. The actuary also stated that he did not see the increase in the unfunded liability as a threat to the continued payment of pensions to current and prospective pensioners nor to the financial health of the pension fund.

The liabilities of the Fund are calculated under the "entry age normal" actuarial method. The future contributions required have been determined under the "level contribution funding" method. This method expresses employer contributions as the constant percentage of future payrolls that, together with future employee contributions and investment earnings, will finance the benefits for all new entrants to the plan to the extent that the unfunded liability is maintained as a constant percentage of future payrolls.

The key actuarial assumptions made in the valuation are as follows -

Salary growth	-	12.8% for 1982 and 5-1/2% per annum		
Interest on fund assets	-	6-1/2% per annum		
Mortality - active employees	-	1971 Group Annuity Mortality table-	Males	55%
			Females	70%
- other retired	-	Progressive Annuity table rated down for -	Males	1 year
			Females	2 years
Withdrawal	-	Graduated select experience, using a three year select period -	Males	110% of select rates 100% of ultimate rates
			Females	95% of select rates 85% of ultimate rates
		Ultimate experience rates reduced to that used for inactive employees		
Retirement	-	Select and ultimate experience using a modified three-year select period		
Retirement age	-	55 - 65

AUDITOR'S REPORT

To the Superannuation Commissioner, Trustee and

To the Provincial Secretary and Minister of Government Services
Province of British Columbia

I have examined the statement of financial position of the College Pension Fund as at 31 August 1983 and the statement of changes in the fund balance for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Fund as at 31 August 1983 and the changes in the fund balance for the year then ended in accordance with the stated accounting policies as set out in note 2 to the financial statements applied, after giving retroactive effect to the changes in the method of accounting for investments as explained in note 3 to the financial statements, on a basis consistent with that of the preceding year.

COLLEGE PENSION FUND

NOTES TO FINANCIAL STATEMENTS

AUGUST 31, 1983

1. DESCRIPTION OF THE COLLEGE PENSION PLAN

a) General

The plan is a defined benefit pension plan, whereby benefits are not directly linked to contributions. The plan is open to full-time faculty members of a college or college council in British Columbia, other faculty members whose application has been approved by the employer, and full-time senior administrative employees who are required by the employer to become a contributor. Full-time faculty members may apply within one month of date of appointment to be exempted from contributing to the plan.

b) Retirement Benefits

Members are eligible for unreduced benefits if they retire at age 55 with a minimum of 35 years contributory service, at age 60 with a minimum of 10 years contributory service and at age 65 with less than 10 years contributory service. Reduced pensions are available at age 55 with a minimum of 10 years contributory service, and at age 60 with less than 10 years contributory service.

The plan provides a pension of 2% per year of service up to a maximum of 70% prior to age 65 of the average salary earned in the five highest earning years before retirement. At age 65, date of death or disability, there is a reduction in the formula as a result of the integration with the Canada Pension Plan (the CPP offset). Reference should be made to the plan text for a more detailed description of the benefits.

c) Termination Benefits

A terminating employee may choose between leaving accumulated contributions on deposit or obtaining a refund. The refund includes interest credited. Employees leaving contributions on deposit are entitled to a deferred pension benefit.

d) Other Benefits

Disability and Survivor benefits are available under the plan.

2. SIGNIFICANT ACCOUNTING POLICIES

a) General Information

These financial statements show only the position of the Fund as at August 31, 1983 and the changes in Fund balance for the year then ended and do not purport to show the adequacy of the Fund to meet the obligations of the pension plan. While the statements have been prepared on a full accrual basis, no provision has been made for future pension benefits accrued to date under the terms of the plan. The results of the latest actuarial valuation of the plan are described in Note 6 below.

b) Investment Valuation

Long-term investments include bonds issued or guaranteed by Canada or a Province. They are carried at cost of acquisition adjusted for amortization of discounts and premiums over the term of the bonds.

COLLEGE PENSION FUND

NOTES TO FINANCIAL STATEMENTS

AUGUST 31, 1983

2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Gains and losses on disposition of long-term bonds are deferred and amortized on a straight line basis over the lesser of the term of the bonds or twenty years.

Short-term investments are carried at cost.

3. CHANGE IN ACCOUNTING POLICIES

In the year ended August 31, 1982 and prior years, premiums on purchase and gains and losses on disposition of long-term bonds were written off at the date of the transaction. Premiums and deferred gains and losses are now amortized on the bases described in Note 2.

This change in accounting policy has been applied retroactive to October 1, 1980, when the Inflation Adjustment Account was established for the financing of pension increases. The August 31, 1982 comparative figures have been restated to reflect the change in policy. Accordingly, income from investments, previously reported as $8,679,157 is now reported as $8,661,403 and realized losses deferred for future amortization are shown as $408,354. The Fund balance and the basic account portion thereof, previously reported as $78,033,312 and $74,138,672 respectively, have been restated to $78,441,666 and $74,547,026 respectively. The effect of this change on the results for the year ended August 31, 1983, has been to increase the net increase in fund balance by $35,022.

4. LONG-TERM INVESTMENTS

Long-term investments held at the end of the year are as follows:

	1983 $	1982 $
Book Value	42,406,632	37,357,263
Par Value	42,879,548	37,919,000
Market Value	35,068,466	26,295,466

The difference between the book value and the market value of the investments is not considered to be a permanent reduction of the Fund balance available for payment of pension benefits and therefore has not been provided for as at August 31, 1983, since it is generally expected that Fund investments will be held to maturity. No gains or losses were realized on sale of long-term investments during the year (1982 - $426,108 losses).

5. FUND BALANCE

The fund balance is made up of a Basic Account and an Inflation Adjustment Account. The Inflation Adjustment Account was created in 1980 to finance the payment of cost of living supplementary allowances. These allowances are adjusted each January 1st and are related to the annual increase in the Consumer Price Index as at each previous September 30th, but may be limited by the availability of funds in the Inflation Adjustment Account to provide the capitalized value of the increases. The Inflation Adjustment Account includes contributions by employees and employers each at the rate of 1% of salary, less refunds to former contributors, the interest income therefrom, and the interest income on Basic Account funds attributed to the payment of pensions in excess of the rate assumed by the

COLLEGE PENSION FUND

NOTES TO FINANCIAL STATEMENTS

AUGUST 31, 1983

5. FUND BALANCE (Continued)

actuary. During the year, excess interest earnings of $834,733, ($420,836 in 1982), were transferred from the Basic Account to the Inflation Adjustment Account. Effective January 1, 1983, supplementary allowances at the rate of 10.355% of the basic life time portion of pensions in payment were granted. The capitalized value of these increases was $532,599, ($573,410 in 1982), which amount was transferred from the Inflation Adjustment Account to the Basic Account.

6. ACTUARIAL VALUATION

According to the Pension (College) Act, an actuarial valuation of the assets and liabilities of the Fund is required to be made by an Actuary upon request by the Superannuation Commissioner.

The most recent valuation was carried out as at August 31, 1981. The valuation indicated an unfunded liability in respect of basic pension benefits of approximately $45,422,000 as of August 31, 1981, compared to $12,290,000 as of August 31, 1976, the date of the previous valuation. The increase in the unfunded liability was caused mainly by inadequacies in the statutory contribution rates, combined with growth in the covered membership and actual salary increases greater than those assumed by the Actuary in the previous valuation. Liabilities of the fund are calculated under the "entry age normal" actuarial method, applied on an aggregate basis.

The actuary did not see the increase of $33,132,000 in the unfunded liability as a threat to the continued payment of benefits to current or prospective pensioners nor to the financial health of the pension fund provided his recommendations to raise statutory contribution rates by adopting the level contribution funding method were adopted. Level contribution funding expresses employer contributions as the constant percentage of future payrolls that, together with future employee contributions and investment earnings, will finance the benefits for all new entrants to the plan to the extent that the unfunded liability is maintained as a constant percentage of future payrolls.

The actuary's recommendations are being considered by the government. Any change in the plan requires statutory amendment.

The key actuarial assumptions made in the valuation may be tabulated as follows -

Salary growth	-	5-1/2% per annum
Interest on fund assets	-	6-1/2% per annum
Mortality - active employees	-	1971 Group Annuity Mortality table - Males 55% Females 70%
- other retired	-	Progressive Annuity table rated down for - Males 1 year Females 2 years
Withdrawal	-	Graduated select experience, using a three year select period - Males 100% Females 90% Ultimate experience rates reduced to that used for inactive employees - Males 125% Females 100%
Retirement	-	Graduated observed experience based on 1976-81 experience
Retirement age	-	55 - 65

BRITISH COLUMBIA RAILWAY COMPANY PENSION FUND

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 1983

1. DESCRIPTION OF THE BRITISH COLUMBIA RAILWAY COMPANY PENSION PLAN

a) General

The plan is a defined benefit pension plan, whereby benefits are not directly linked to contributions. All eligible employees are required to enrol.

b) Retirement Benefits

Members are eligible for unreduced benefits if they retire at age 60 or later with a minimum of 25 years contributory service or at age 65. Reduced pensions are available between age 55 and 65 with a minimum of 10 years of contributory service.

The plan provides a pension of 2% per year of service prior to age 65 up to a maximum of 70% of the average salary earned in the five highest earning years of any period of 10 consecutive years. At age 65 there is a reduction in the formula as a result of the integration with the Canada Pension Plan. Reference should be made to the plan text for a more detailed description of the benefits.

c) Termination Benefits

A terminating employee may choose between leaving accumulated contributions on deposit and obtaining a refund. The refund includes interest credited. Employees leaving contributions on deposit having contributed to the fund for a minimum of 10 years are entitled to a deferred pension benefit.

d) Other Benefits

Disability and Survivor benefits are available under the plan.

2. SIGNIFICANT ACCOUNTING POLICIES

a) General Information

These financial statements show only the position of the Fund as at December 31, 1983 and the changes in Fund balance for the year then ended and do not purport to show the adequacy of the Fund to meet the obligations of the pension plan. The results of the latest actuarial valuation of the plan are described in Note 6 below.

b) Investment Valuation

Long-term investments include bank deposits and bonds, issued or guaranteed by Canada or a Province, purchased with a term in excess of one year. They are carried at cost of acquisition adjusted as follows:

(i) Discounts and premiums on single maturity bonds are amortized on a straight line basis over the terms of the bonds.
(ii) Discounts on serial bonds are recognized as income when redemptions occur.

Gains and losses on disposition of long term bonds are deferred and amortized on a straight line basis over the lesser of the remaining term of the bonds or twenty years. The amortization is charged against income from investments.

BRITISH COLUMBIA RAILWAY COMPANY PENSION FUND

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 1983

2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Short-term investments include deposits with chartered banks and other approved financial institutions. They are carried at cost of acquisition.

3. CHANGE IN ACCOUNTING POLICIES

In the year ended December 31, 1982 and prior years, premiums on purchase and gains and losses on disposition of long-term bonds were written off at the date of the transaction. Premiums and deferred gains and losses are now amortized on the bases described in Note 2(b). This change in accounting policy has been applied retroactive to January 1, 1981, when provisions for annual cost of living pension increases dependent upon funds available from excess interest earnings became effective.

The December 31, 1982 comparative figures have been restated to reflect the change in policy. Accordingly, the Fund balance at January 1, 1982, previously reported as $66,813,152 has been increased by $430,167 which represents the deferral of realized investment losses, less amortization thereon, for 1981. The net increase in the Fund balance for 1982, previously reported as $15,600,240 has been increased by $17,066 to $15,617,306. This is the result of deferring 1982 investment losses of $46,024 previously written off and deducting from income from investments $28,958 for the amortization of investment losses incurred to December 1982. The effect of these adjustments has been to increase the Fund balance at December 31, 1982 and the basic portion thereof, previously reported as $82,413,392 and $82,114,813 respectively, to $82,860,625 and $82,562,046 respectively.

The effect of this change on the results for the year ended December 31, 1983 has been to decrease the net increase in Fund balance by $37,633.

4. LONG-TERM INVESTMENTS

Long-term investments held at the end of the year are as follows:

	1983 $	1982 $
Book value	57,302,389	45,694,673
Par value	58,887,000	46,277,000
Market value	50,037,770	39,276,353

The difference between the book value and market value of the investments is not considered to be a permanent reduction of the Fund balance available for payment of pension benefits and therefore has not been provided for as at December 31, 1983, since it is generally expected that Fund investments will be held to maturity.

5. DEFERRED LOSSES LESS GAINS ON SALE OF INVESTMENTS

	1983 $	1982 $
Balance at beginning of year	447,233	430,167
Losses (gains) on sale of investments during the year	(46,268)	46,024
	400,965	476,191
Amortization for the year	19,789	28,958
Balance at end of year	381,176	447,233

BRITISH COLUMBIA RAILWAY COMPANY PENSION FUND

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 1983

6. ACTUARIAL VALUATION

According to the articles of the British Columbia Railway Company Pension Plan, an actuarial valuation of the assets and liabilities of the Fund is required to be made by an Actuary every three years. A valuation was carried out as at December 31, 1981. The valuation disclosed that the Fund had unfunded liabilities of $8,557,000 ($6,756,000-1978 valuation).

Liabilities of the Fund are calculated under the "attained age" actuarial cost method.

The Actuary recommended and the British Columbia Railway Company is making payments of $972,000 per annum to amortize the unfunded liabilities over a period of 21 years commencing January 1, 1982. Current employer contributions are 8.6% of salary.

The key actuarial assumptions made in the valuation are as follows -

Salary growth - 11 1/2% per annum 1982-86
8 1/2% per annum 1987-91
5 3/4% per annum 1992 and later
Interest rate on fund assets - 12 1/2% per annum 1982-86
- 9 1/2% per annum 1987-91
6 1/4% per annum 1992 and later

Mortality
All members - 1971 Male and Female Group Annuity Mortality Table

Withdrawal - Graduated observed ultimate experience of B. C. Railway.

Retirement - Graduated observed experience of B. C. Railway.

AUDITORS' REPORT

Superannuation Commissioner,
Province of British Columbia:

We have examined the balance sheet of the British Columbia Hydro and Power Authority Pension Fund as at December 31, 1983 and the statement of changes in fund balance for the year then ended. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as we considered necessary in the circumstances. The Minister of Finance of the Province of British Columbia has confirmed to us that the securities representing the Fund's investments were held for safekeeping by him as at December 31, 1983.

In our opinion, these financial statements present fairly the financial position of the Fund as at December 31, 1983 and the changes in fund balance for the year then ended in accordance with the provisions of the Plan and generally accepted accounting principles and, after giving effect to the changes in accounting for long-term investments as explained in Note 2 to the financial statements, have been applied on a basis consistent with that of the preceding year.

BRITISH COLUMBIA HYDRO AND POWER AUTHORITY PENSION FUND

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 1983

1. Financial statements:

   The accompanying financial statements show only the position of the Fund as at December 31, 1983 and the changes in fund balance for the year then ended. They do not purport to show the adequacy of the fund to meet the obligations of the Plan.

2. Changes in accounting policy:

   (a) Commencing January 1, 1983, the Fund changed its method of accounting for realized gains and losses on sale of long-term investments. Such gains and losses are now deferred and amortized to income on a straight-line basis over the lesser of the remaining term of the investments disposed of or twenty years. Previously such realized gains and losses were taken directly into income.

   As a result of this change which has been applied prospectively the income for 1983 has been decreased by $853,230.

   (b) Also effective January 1, 1983, the Fund commenced amortizing premiums on the purchase of long-term investments on a straight-line basis over the remaining term of the investments. Prior to this date, only discounts on purchases were amortized. This change which has been applied prospectively does not have a material effect on the financial statements of the Fund.

3. Short-term investments:

   Short-term investments are recorded at cost, and comprise deposits with and notes of banks and other financial institutions which mature within twelve months from December 31, 1983. Interest accrued on these investments is included in the caption accrued interest on the balance sheet at December 31, 1983.

4. Long-term investments:

	1983	1982
At cost, after amortization	$285,013,517	$264,156,947
Par value	$293,461,000	$266,204,500
Market value	$251,826,382	$235,273,397
Excess of cost over market value	$ 33,187,135	$ 28,883,550

   As there is no permanent impairment in the value of the investments, and the intention is to hold the investments until maturity when they will be redeemed at par, the reduction in market value of $33,187,135 is not provided for as at December 31, 1983.

5. Actuarial valuation:

   A summary actuarial report, dated June 22, 1984, indicated an accrued actuarial deficit in the plan as at December 31, 1983 of approximately $44,000,000 as compared to $75,000,000 as at December 31, 1982. B.C. Hydro is funding this deficit by annual payments of $4,255,000 to March 31, 1997 and $3,061,000 per annum thereafter to March 31, 2000.

BRITISH COLUMBIA HYDRO AND POWER AUTHORITY PENSION FUND

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 1983

6. Indexed pension:

Indexing payments to pensioners are funded by specific compulsory employer and employee contributions each at the rate of 1.6% of plan earnings and a certain portion of interest earned in excess of actuarial expectations. Supplements are added annually at each January 1. Each supplement is equal to the increase in the consumer price index, but will be limited to a lesser amount if the funds available are insufficient to provide the full amount. As at January 1, 1984 funds were available to provide the full amount of the consumer price index increase of 4.96% over the period October 1, 1982 to September 30, 1983.

B.C. Hydro has assumed responsibility for the liabilities resulting from the previous indexing formula, which amounted to approximately $15,500,000. This amount is being funded by a payment of $4,710,000 made in March 1982 and, as referred to in Note 5, subsequent payments of $1,194,000 annually until 1997.

7. Separation of passenger transportation employees:

Urban passenger transportation services were transferred from British Columbia Hydro and Power Authority to Metro Transit Operating Company as of April 1, 1980. Previously, interurban passenger transportation services were transferred to Pacific Coach Lines Limited.

Transfer of assets in the amount of $24,672,189 in respect of Metro Transit Operating Company employees was completed in May 1982.

In respect of Pacific Coach Lines Limited employees, $2,118,396 book value of investments ($2,127,000 par value) were transferred in partial settlement of the $3,455,515 transfer amount as at March 31, 1984. The balance in cash including interest is still to be transferred. Immediately prior to this partial settlement, Pacific Coach Lines Limited transferred $1,645,659 cash to the Fund in respect of past and future indexing payments made by the Fund in respect of certain pensioners.

AUDITOR'S REPORT

To the Directors, British Columbia Hydro and Power Authority, and

To the Provincial Secretary and Minister of Government Services
Province of British Columbia:

I have examined the statement of financial position of the British Columbia Power Commission Superannuation Fund as at 31 December 1983 and the statement of changes in fund balance for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Fund as at 31 December 1983 and the changes in the fund balance for the year then ended in accordance with the stated accounting policies as set out in note 2 to the financial statements applied, except for the changes in the method of accounting for investments as explained in note 3 to the financial statements, on a basis consistent with that of the preceding year.

BRITISH COLUMBIA POWER COMMISSION SUPERANNUATION FUND

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 1983

1. DESCRIPTION OF THE BRITISH COLUMBIA POWER COMMISSION SUPERANNUATION PLAN

a) General

The plan is a defined benefit plan, whereby benefits are not directly linked to contributions, except that certain benefit options are calculated by reference to the "money purchase" tables. All members of the plan are former employees of the British Columbia Power Commission, which became a part of British Columbia Hydro and Power Authority at its inception in 1963. Most members have deferred pension rights, as they now contribute to the British Columbia Hydro and Power Authority Pension Fund.

b) Retirement Benefits

Members are eligible for unreduced benefits if they retire at age 50 and the sum of the member's age and years of service is not less than 65.

The "half to the widow" plan benefit option is calculated on the 2% formula, while guarantee and joint life options are calculated on the money purchase formula.

The 2% formula is based on 2% per year of service up to a maximum of 70% of the average salary earned in any consecutive period of 10 years during which the salary was highest. There is a reduction in the formula pension at age 65 as a result of the integration with the Canada Pension Plan.

The money purchase plan is based on the total amount of the member's contributions, the matching employer contributions, plus the accumulated interest on these contributions.

Reference should be made to the plan text for a more detailed description of the benefits.

c) Termination Benefits

A terminating employee may choose between leaving accumulated contributions on deposit or obtaining a refund. The refund includes interest credited. Employees leaving contributions on deposit having contributed to the fund for a minimum of ten years are entitled to a deferred pension benefit.

d) Other Benefits

Disability and Survivor benefits are available under the plan.

2. SIGNIFICANT ACCOUNTING POLICIES

a) General Information

These financial statements show only the position of the Fund as at December 31, 1983 and the changes in Fund balance for the year then ended and do not purport to show the adequacy of the Fund to meet the obligations of the pension plan. The results of the latest actuarial valuation of the plan are described in Note 5 below.

BRITISH COLUMBIA POWER COMMISSION SUPERANNUATION FUND

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 1983

2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

b) Investment Valuation

Long-term investments include bonds issued or guaranteed by Canada or a Province. Long-term investments are carried at cost of acquisition adjusted as follows:

(i) Discounts and premiums on single maturity bonds are amortized on a straight line basis over the term of the bonds
(ii) Discounts on serial bonds are recognized as income when redemptions occur.

Gains and losses on disposition of long term bonds are deferred and amortized on a straight line basis over the lesser of the remaining term of the bonds or twenty years. The amortization is charged against income from investments.

Short-term investments include deposits in chartered banks and other approved financial institutions. They are carried at cost of acquisition.

3. CHANGE IN ACCOUNTING POLICIES

In the year ended December 31, 1982 and prior years, premiums on purchase and gains and losses on disposition of long-term bonds were written off at the date of the transaction. Premiums and deferred gains and losses are now amortized on the bases described in Note 2(b). This change in accounting policy has been applied with effect from January 1, 1983.

If the financial statements had been prepared on the previous basis, income from investments would have been reduced by $24,572 to $2,365,854 and no balance of "Deferred losses on sale of investments" would have been shown on the Statement of Financial Position.

4. LONG-TERM INVESTMENTS

Long-term investments held at the end of the year are as follows:

	1983 $	1982 $
Book Value	21,873,497	21,858,379
Par Value	22,111,000	22,171,900
Market Value	17,045,996	17,023,216

The difference between the book value and market value of the investments is not considered to be a permanent reduction of the Fund balance available for payment of pension benefits and therefore has not been provided for as at December 31, 1983, since it is generally expected that Fund investments will be held to maturity.

Losses on sale of investments during the year amounted to $24,887 of which $2,620 has been amortized in the current year.

BRITISH COLUMBIA POWER COMMISSION SUPERANNUATION FUND

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 1983

5. ACTUARIAL VALUATION

According to the regulations applicable to the Fund, an actuarial valuation of the sufficiency of the Special Reserve Account of the Fund is to be made by an Actuary every three years. The most recent valuation was carried out as at December 31, 1981. According to this valuation the consulting actuaries concluded that there were then no employees who were expected to benefit from the Special Reserve. They recommended that the Special Reserve Account, then amounting to $151,479 be reduced to nil. During 1983 an amount of $21,508 was charged to the Special Reserve. No action has been taken upon the consulting actuaries' recommendation.

At December 31, 1981, the Contributory Pensions Account had an actuarial deficiency of $481,000. As recommended by the consulting actuaries, this deficiency has been eliminated by a transfer made in the current year from the Undistributed Interest Account.

The key actuarial assumptions made in the valuation may be tabulated as follows -

Salary growth - 5 1/2% per annum
Interest on fund assets - 7 1/2% per annum
Mortality - all members - 1949 Annuity Table (Projected 10 years)
Retirement age - 63

6. ESTIMATED PRESENT VALUE OF PENSIONS IN FORCE

Pursuant to Regulation No. 6 of the British Columbia Hydro and Power Authority Act, the Commission has estimated the present value of the 403 pensions in force as of December 31, 1983 at $12,300,000, comprising $8,800,000 with regard to the basic component and $3,500,000 relating to supplementary allowances which are charged when paid to the Undistributed Interest Account.

Using the same basis of calculation as that used in 1983, the estimated present value at December 31, 1982 of the 365 pensions then in force, previously reported as $9,933,605, would have been $10,500,000. This amount comprises $8,000,000 as to basic and $2,500,000 as to supplementary allowances.

WORKERS' COMPENSATION BOARD SUPERANNUATION FUND

NOTES TO FINANCIAL STATEMENTS

MARCH 31, 1984

1. DESCRIPTION OF THE WORKERS' COMPENSATION BOARD SUPERANNUATION PLAN

a) General

The plan is a defined benefit plan, whereby benefits are not directly linked to contributions. The plan is open to all eligible employees and Board members of the Workers' Compensation Board.

b) Retirement Benefits

Members are eligible for unreduced benefits if they retire at age 55 with a minimum of 35 years contributory service and at age 60 with a minimum of 10 years contributory service. Reduced pensions are available at age 55 with a minimum of 10 years contributory service.

The plan provides a pension of 2% per year of service prior to age 65 up to a maximum of 70% of the average salary earned in the five highest earning years before retirement. At age 65, date of death or disability there is a reduction in the formula as a result of the integration with the Canada Pension Plan. Reference should be made to the plan text for a more detailed description of the benefits.

c) Termination Benefits

A terminating employee may choose between leaving accumulated contributions on deposit and obtaining a refund. The refund includes interest credited. Employees leaving contributions on deposit are entitled to a deferred pension benefit if they have completed a minimum of 10 years contributory service.

d) Other Benefits

Disability and Survivor benefits are available under the plan.

2. SIGNIFICANT ACCOUNTING POLICIES

a) General Information

These financial statements show only the position of the Fund as at March 31, 1984 and the changes in Fund balance for the year then ended and do not purport to show the adequacy of the Fund to meet the obligations of the superannuation plan. The results of the latest actuarial valuation of the plan are described in Note 5 below.

b) Investment Valuation

Long-term investments include bonds issued or guaranteed by Canada, a Province or municipal authorities and deposits with chartered banks and other approved financial institutions purchased with terms in excess of one year. These investments are carried at cost of acquisition, adjusted by amortization of premiums and discounts on bonds on a straight line basis over the remaining terms of the bonds.

Short-term investments consist of deposits with chartered banks and other approved financial institutions. They are carried at cost of acquisition.

	1984 $	1983 $
Book Value	52,384,526	35,777,925
Par Value	53,898,200	37,317,200
Market Value	48,014,872	33,875,898

The difference between the book value and market value of the investments is not considered to be a permanent reduction of the Fund balance available for payment of plan benefits and therefore has not been provided for as at March 31, 1984, since it is generally expected that Fund investments will be held to maturity.

4. FUND BALANCE

The Fund Balance is made up of a Basic Account and an Inflation Adjustment Account. Payment of supplementary allowances, adjusted quarterly in relation to the cost of living index, commenced July 1, 1975. The last quarterly increase was granted January 1, 1983. Effective January 1, 1984, these cost-of-living supplementary allowances were consolidated with contributory pensions and were replaced by Inflation Adjustment supplements to be paid from the Inflation Adjustment Account. These supplements are adjusted each January 1st in relation to the annual increase in the Consumer Price Index as at each previous September 30th, but may be limited by the availability of funds in the Inflation Adjustment Account to provide the capitalized value of the increases.

The Inflation Adjustment Account was created October 1, 1982 and includes contributions by employees and the employer each at the rate of 1% of salary, the interest income earned therefrom, and interest income on Basic Account funds attributed to the payment of pensions in excess of the rate assumed by the actuary. The Inflation Adjustment Account is decreased by refunds to former contributors and transfers to the Basic Account of the capitalized value of supplementary allowances granted. The Basic Account consists of all other assets of the Fund.

During the year, excess interest earnings of $905,211 were transferred from the Basic Account to the Inflation Adjustment Account. Effective January 1, 1984, Inflation Adjustment supplements at the rate of 5.0% of the basic lifetime portion of superannuation allowances in force were granted. The capitalized value of these supplementary allowances was $667,060, which amount was transferred from the Inflation Adjustment Account to the Basic Account.

5. ACTUARIAL VALUATION

According to the Workers' Compensation Board Superannuation Plan Regulations, an actuarial valuation of the assets and liabilities of the Plan is required to be made by an Actuary from time to time at intervals of not more than three years. The most recent valuation was carried out as at September 30, 1982. This valuation indicated an unfunded liability of approximately $24,361,000 with respect to the present value of pension benefits earned to the valuation date. This represents a

5. ACTUARIAL VALUATION (Continued)

decrease of $11,987,000 since the previous valuation as at March 31 1981. Among the factors contributing to this net decrease in the unfunded liability were amendments to the pension plan that discontinued automatic future pension indexing and a change in the method of valuing assets - reducing the unfunded liability by $22,657,000 and $6,436,000 respectively - and a change in the method of valuing future pension liabilities by use of the "entry age normal" actuarial method instead of the "unit credit" method - increasing the liability by $4,823,000.

The Workers' Compensation Board is making additional contributions so as to fund the unfunded liability over a twenty-five year period.

The key actuarial assumptions made in the valuation are as follows -

Salary growth	-	5-1/2% per annum
Interest on fund assets	-	6-1/2% per annum
Mortality - active employees	-	1971 Group Annuity Mortality table reduced to 85% for males
- other retired	-	Progressive Annuity table without rating for males and rated down two years for females
Withdrawal	-	Graduated select, and ultimate experience using a three year select period
Retirement	-	Graduated observed experience
Retirement age	-	55 - 65

6. COMPARATIVE FIGURES

Certain 1983 comparative figures on the statement of changes in fund balance have been reclassified to conform with the financial statement presentation adopted in 1984. These changes have had no effect on net increase in fund balance for 1983.
